The meeting scheduled between Kerry and Iraqi Prime Minister Nouri al-Maliki was not expected to be friendly, given that officials in Washington have floated suggestions that the Iraqi premier should resign as a necessary first step toward quelling the vicious uprising. Nor will it likely bring any immediate, tangible results, as al-Maliki has shown no sign of leaving and Iraqi officials have long listened to — but ultimately ignored — U.S. advice to avoid appearing controlled by the decade-old specter of an American occupation in Baghdad."

BETWEEN TWO AGES Is The Only Transformative Process: "Human life is reduced to real suffering, to hell, only when two ages, two cultures and religions overlap. . . . There are times when a whole generation is caught in this way between two ages, two modes of life, with the consequence that it loses all power to understand itself and has no standard, no security, no simple acquiescence." Zbigniew Brzezinski so quoted Hermann Hesse from Steppenwolf in the opening pages of his 1970 book, *Between Two Ages*.

That's what we humankind find ourselves in today, merely caught between two ages — the transition epoch to the new age. It isn't rocket science, only political science. An engineered state-craft perversely seeded in the atheistic "Noble Lies" of the Straussian 'Übermensch' who feel compelled to guide mankind as its self-proclaimed enlightened shepherds. "Hegemony is as old as mankind" is their primacy bible; one-world government, their categorical imperative.

Their calculus of global primacy principally entails Machiavellianly seeding "revolutionary times" all across the "global zone of percolating violence" — the 'war on terror' — while simultaneously precipitating the global financial collapse, global pandemics, and other global catastrophes, positing only global solutions able to solve these global problems to diabolically create "an end run around national sovereignty, eroding it piece by piece".

By their own admission of the inevitable practice of scholarly deceit in statecraft in *The Secret Team*: "Certainly, history teaches us that one truth will add to and enhance another; but let us not forget that one lie added to another lie will demolish everything. This is the important point. Consider the past half century. How many major events -- really major events -- have there been that simply do not ring true? How many times has the entire world been shaken by alarms of major significance, only to find that the events either did not happen at all, or if they did, that they had happened in a manner quite unlike the original story?"

And by their own admission of their divine right to exceptionalism as vouchsafed by Justice Vinson, U.S. Supreme Court, in 1951: "Nothing is more certain in modern society than the principle that there are no absolutes, that a name, a phrases, a standard has meaning only

The Big Lie

FAQ: Prove to me that the 9/11 Narrative is a Big Lie

By Zahir Ebrahim | [Project Humanbeingsfirst.org](http://ProjectHumanbeingsfirst.org)

April 17, 2014 | Last Updated Saturday, June 21, 2014

Abstract

There are mainly two global schools of thought today on what transpired on September 11, 2001. The first says evil Muslims under the leadership of Osama Bin Laden and an organization called Al-Qaeda, principally carried out that catastrophic terror act on American soil. Minor variations salt that narrative spanning the gamut of plausible sounding arguments from anticipated blowback of iniquitous global policies of the superpower to conspiratorial covert blessings and/or active collusion of the Western intelligence apparatuses, including that of the United States, Israel, Pakistan and others. The majority of the world's officialdoms, and the public mind, have accepted the unsalted version. Today that narrative advanced by the superpower and its surrogates underwrites history books, law books, policy prescriptions, fine literature, and even melodrama as an accepted historical fact. The salted variations mainly sell books. The second school of thought says that the entire first narrative can be nothing but a Big Lie and all its salted versions deliberate red herrings which principally serve to sanctify the Big Lie. This article underwrites the latter argument by advancing the logic method known as *reductio ad absurdum* on empirical evidence. It is a rational method used in court systems worldwide which any ordinary man and woman of sound mind capable of serving for jury duty can employ on their own to separate fact from fiction. No judge dare reject this forensic technique unless he is running a kangaroo

when associated with the considerations which give birth to nomenclature. To those who would paralyze our Government in the face of impending threat by encasing it in a semantic strait-jacket, we must reply that all concepts are relative."

And by the repeated admission of their own hubris, as was for instance so boldly proclaimed by Carroll Quigley in *Tragedy and Hope*, in 1966: "The destructive impact of Western Civilization upon so many other societies rests on its ability to demoralize their ideological and spiritual culture as much as its ability to destroy them in a material sense with firearms."

The motivation and purpose of that destruction in today's modernity was most perceptively spelled out by Edwin C. Knuth in *The Empire of 'The City'*, in 1944: "Geopolitics, the study of the struggle for space and power, forms a well-developed science with an extensive bibliography, which conclusively impeaches the superficial fabrication, with which the American people in particular have been implanted with consummate cunning, that the great World Wars are caused by brutal attacks upon world law and order, instead of being the fully anticipated consequences of the most diabolical double dealing and planning by the secret 'One World' order of 'The City.' ... 'It is the destiny of the pure Aryan Anglo-Saxon race to dominate the world and kill off or else reduce to a servile status all other inferior races.'"

In order to instrument that self-proclaimed divine destiny, the ultimate in the *white man's burden* shall we say, the devil's apprentices have cleverly perceived of a gullible irrational public mind, so kept preoccupied with 'bread and circuses', that it will accept under times of 'catastrophic terrorism', uncertainty, chaos, crises, world wars, and apocalyptic stress, what no sensible mind would willingly accept under normal times: "What is inconceivable in normal times is possible in revolutionary times; and if at this time the opportunity is missed and what is possible at such great hours is not carried out – a whole world is lost."

Ergo, the best way to transform a people, a nation, a society, a civilization, or the entire world, is to plague them with a lifetime of manufactured "revolutionary times". Under the pretext of dealing with it, the transformative processes are unleashed upon the unsuspecting public which systematically enact one fait accompli after another, in baby-steps, to reach the end goal of the irreversible hard reality of legally enacted *Global Governance*. This herding of mankind is expertly performed through full perception management of the public mind, by the finest Jewish and Anglo-Saxon *Superman* minds.

Edward Bernays openly bragged of this mind manipulation in his confessional memoir *Propaganda*, in 1928: "The conscious and intelligent manipulation of the organized habits and opinions of the masses is an important element in democratic society. Those who manipulate this unseen mechanism of society constitute an invisible government which is the true ruling power of our country. We are governed, our minds are molded, our tastes formed, our ideas suggested, largely by men we have never heard of."

The visionary essayist Aldous Huxley examined the reach of its diabolical pinnacle while commemorating the 30th anniversary of his famous fable towards which, from the dizzying heights of the tiniest ant hill, that is, rising even slightly above the flatlands, humankind can be seen hurtling today at breakneck speed faster than a breakaway train going downhill: "If you are going to control any population for any length of time you must have some measure of consent. It's exceedingly difficult to see how pure terrorism can function indefinitely. It can function for a fairly long time, but I think sooner or later you have to bring in an element of persuasion. An element of getting people to consent to what is happening to them. Well, it

difficult it is to in fact make up your own damn mind!

See Plato's 2500 years old *Myth of the Cave* for the enormous challenges that beset hoi polloi in every era because the oligarchy decides *All the news that's fit to print*.

Who Created Project Humanbeingsfirst?

Zahir Ebrahim, a Pakistani techie engineer in Silicon Valley busy pursuing his 'American Dream', transformed into a justice activist in the immediate aftermath of 9/11. Zahir started Project Humanbeingsfirst during America's barbaric and unthinkable military invasion of Iraq in 2003 with his first analytical book, *Prisoners of the Cave*. It deconstructed America's 'Imperial Mobilization' disguised as 'War on Terror'. Written for the 'United We Stand' American public who had principally enabled America's aggression upon Muslim nations, the book was silently rejected by over two dozen publishers. With war drums beating incessantly on Iran, America descending rapidly into police-state, Pakistan becoming snared between imperial drone attacks and pirate terror attacks, Israeli aggression upon Palestinians reaching genocidal proportions with the world silently spectating, and the world itself becoming increasingly strangled in a web of manufactured crises and chaos with a mind-fck all encompassing, this website was launched in February 2007 to interdict all these war crimes against humanity as the plebeian antidote to Hectoring Hegemons!

The newly liberated pious Jews of the twentieth century piggy-backed upon the pious Christian *White Man's Burden* to

court --- which is perhaps why no legal mind has to date dared to bring this most straightforward argument before the International Criminal Court System in the Hague despite all their vocal dissent as the brilliant consciences of the world. It is the one sure-fire proof of the Big Lie that can immediately lead to sleeping with the fishes for anyone presenting it with any effective measure of legal visibility. That crucial omission is the veritable indicator of the self-serving moral corruption of the finest intellectual minds today, or when innocent of that charge, perhaps their complete indoctrination. The global impact of this co-option is that the Big Lie of the twenty-first century is rapidly getting sanctified as "whole truth" with no moral giants (or even midgets) effectively standing in its way.

The world has been reduced to a fully controlled chaos solely based on that one principal axiomatic Big Lie of 9/11 – that Muslim terrorists wielding Militant Islam attacked America.

The craft of propaganda based on the Big Lie perfected by Adolph Hitler, but not invented by him, has the public mind today accepting absurdities upon absurdities, and consequently easily acquiescing to atrocities inflicted upon others as well as upon themselves by the global superstate in the making, in the name of protecting the world's public from terrorists. Just witnessing what is transpiring at [American Airports](#) must make the nation's founders weep profusely in their grave.

seems to me that the nature of the Ultimate Revolution with which we are now faced is precisely this: that we are in process of developing a whole series of techniques which will enable the controlling oligarchy who have always existed and presumably always will exist, to get people actually to love their servitude! This is the, it seems to me the ultimate in malevolent revolution shall we say."

It is only our transitional generations, caught Between Two Ages, that are experiencing the manufactured birth-pangs of the New Age of Global Governance. The ultimate in malevolent revolution is today, as should be self-evident, most successful in getting the majority of the world's public to accept these birth-pangs without a murmur of discontent. Indeed, In the New World Order of one-World Government, all the world's civilizations might finally have overcome their respective discontents under the iron clad regimentation of a uniform global police state administered under centralized global authorities by the ruling oligarchy.

As was convincingly argued by Bertrand Russell in Impact of Science on Society, in 1951, and as is also empirically visible today as the actual dystopic direction of global governance, world government can only be kept in being by force (physical force as per George Orwell's fable; mental persuasion, as well as biological and chemical tampering with the human being itself, as per Aldous Huxley's fable): "There is, it must be confessed, a psychological difficulty about a single world government. The chief source of social cohesion in the past, I repeat, has been war: the passions that inspire feeling of unity are hate and fear. These depend upon the existence of an enemy, actual or potential. It seems to follow that a world government could only be kept in being by force, not by the spontaneous loyalty that now inspires a nation at war."

The grotesque reality of engineering society was openly admitted by Zbigniew Brzezinski in Between Two Ages, in 1970, obliterating any difference between dystopic fables and reality. As the soon to become National Security Advisor of the United States of America under President Carter, and the first executive director of the Trilateral Commission which was soon to be founded by David Rockefeller, the grandmaster of the grand chessboard wrote for those who bother to read: "Life seems to lack cohesion as environment rapidly alters and human beings become increasingly manipulable and malleable. Everything seems more transitory and temporary: external reality more fluid than solid, the human being more synthetic than authentic. Even our senses perceive an entirely novel "reality"—one of our own making but nevertheless, in terms of our sensations, quite "real." More important, there is already widespread concern about the possibility of biological and chemical tampering with what has until now been considered the immutable essence of man. Human conduct, some argue, can be predetermined and subjected to deliberate control. Man is increasingly acquiring the capacity to determine the sex of his children, to affect through drugs the extent of their intelligence, and to modify and control their personalities. Speaking of a future at most only decades away, an experimenter in intelligence control asserted, 'I foresee the time when we shall have the means and therefore, inevitably, the temptation to manipulate the behaviour and intellectual functioning of all the people through environmental and biochemical manipulation of the brain.'"

The Machiavellian dynamics of latter day social engineering which relies almost exclusively on methods of the Hegelian Dialectic, is such that it naturally leads to fait accompli, after which nothing can be done about the new reality that gets constructed except to study it ex post facto as history. This omnipotent power to engineer reality unfettered is bragged about with

fashion their own very Jewish New American Century in their [Project for New American Century](#). Its principal document titled [Rebuilding America's Defenses](#) boastfully listed its authors as "Hectoring Hegemons".

[That document was signed by the many notable harbingers of aggression upon Muslim nations, all working assiduously as the political and intellectual frontmen of the bosses behind the scenes, to orchestrate the next stages of the long planned oligarchic world order on the backs of their new concoction of "militant Islam". [The purpose of Project Humanbeingsfirst.org may be stated in one sentence: To bring forensic analysis and deeper understanding to hoi polloi on wide ranging matters of human servitude. Accurate awareness of the interplay of forces which principally govern our beliefs and behavior can surely lead to the withholding of our voluntary consent for our own mental indenture from which all else follows. Ending voluntary servitude however is a lot harder in practice than in theory. Its first stage is to be able to do arithmetic correctly. If one can add two plus two on one's own, without reading any website or following some "expert", all else will naturally follow. Welcome to Project Humanbeingsfirst.org](#)

[Here is a warmup exercise on basic arithmetic: adding two plus equal four](#)

**Down Memory Lane
Ten Years Later 2003
to 2013**

Dismantle that one Big Lie and it all comes crashing down. Which is why the American president asserts don't challenge it! And Americans, scholars and laity alike, comply. Do these handful of *ubermensch* liars trying to orchestrate global governance with global war-mongering, full spectrum propaganda systems, and in full control of key levers of power of Western states which puts Western militaries and Western budgets at their free disposal, think that Muslims have none among them today who can stand up to their Big Lie? Would they rather that we all lie down and submit quietly like the self-serving *house niggers* they are used to from the era of the East India Company?

[This analysis is submitted to MIT Technology Review and MIT Spectrum magazines](#) as an alum submission, of how scientists and scholars today subvert both science and religion in the service of empire no differently than they did in the Third Reich. Perhaps that does not happen at MIT? Then surely *MIT Technology Review* would print this article to demonstrate how we live in a free society where this does not and cannot happen among MIT scientists and professors of engineering training its next generation of

open chutzpah. As was brazenly done by the Bush White House aide to the New York Times in 2004, after the civilization of Iraq had been decimated under the false pretense of WMD with American bombs: *"We're an empire now, and when we act, we create our own reality. And while you're studying that reality -- judiciously, as you will -- we'll act again, creating other new realities, which you can study too, and that's how things will sort out. We're history's actors . . . and you, all of you, will be left to just study what we do."*

That is precisely how world order is being engineered by history's actors --- one fait accompli at a time. While the desire for full spectrum dominance of the planet isn't all that new -- it has been the ultimate political prize for hectoring hegemony from time immemorial -- the pace of global governance by behind the scenes secretive cabals who enact public policies favorable to their own private objectives through their control of state actors, has visibly accelerated in our generation. This specific momentum for Global Governance, a marketing euphemism advanced by the Council on Foreign Relations for their oligarchic World Order, has been in continuous mobilization for several generations of history's actors. But it always comes wrapped in layers of deceit and camouflage where the lips say something entirely different from what the hands actually do. This is openly admitted.

Here is historian Arnold Toynbee in 1931: *"We are at present working discreetly with all our might to wrest this mysterious force called sovereignty out of the clutches of the local nation states of the world. All the time we are denying with our lips what we are doing with our hands, because to impugn the sovereignty of the local nation states of the world is still a heresy for which a statesman or publicist can perhaps not quite be burned at the stake but certainly be ostracized or discredited."*

Here is a Council on Foreign Relations member in 1974: *"In short, the 'house of world order' will have to be built from the bottom up, rather than from the top down. It will look like a great 'booming, buzzing confusion' to use William James' famous description of reality, but an end run around national sovereignty, eroding it piece by piece will accomplish much more than the old-fashioned frontal assault."*

Here is David Rockefeller in 2002: *"Some even believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as 'internationalists' and of conspiring with others around the world to build a more integrated global political and economic structure -- one world, if you will. If that's the charge, I stand guilty, and I am proud of it."*

"I don't believe that the majority of the American public, which the outside world perceives as self-serving for their self-indulgent pursuits of the "American Dream", are quite like that. I don't believe that they are out to get the world, nor do I believe that they "knowingly" turn a blind eye to the machinations of their government, unlike how most of the world's populations might perceive them.

I believe that the American public is **genuinely deceived, incredibly indoctrinated**, and purposely and systematically **kept ignorant**. And that their condition of "ignorance" is the outcome of their institutional ruling elite finding this to be the most efficient way to conduct the "imperial" business of the state, because otherwise, *"democracy is inimical to imperial mobilization"*.

These are the main assumptions in my book. I guess if you don't agree with them, then you are only left with the first alternative, that the American public is indeed incredibly self-serving, and consequently morally guilty of war crimes against humanity for their role in knowingly aiding and abetting their government in this fictitious "war on terrorism". Take your pick." --- [America's Shame - 2003!](#)

"Wake up sleeping and complacent America!

It may have started with the Muslims, but it will not end there. You might be next. Fascism usually starts against a minority group, because it is easier to tolerate since it is only happening to those "damn Arabs" -- not to us -- *how did our oil get under their sand anyway?* But the laws that are getting on the books in the persecution of the minority, tend to stay there for a long time.

If not you, then your children will surely pay the price. Are the Bill of Rights so trivial that you can stay silent? If not for reasons of compassion for another, then

In an extempore letter to friends, activists, scientists and engineers, I wrote of my consternation:

FYI -

Last but not least, here is the European Union president in 2009, reconfirming the use of latter day crises as pretexts to finally begin to realize the fruits of the long years of craftily hoeing the hard road to world order: *"We are living through exceptionally difficult times. Financial crisis and its dramatic impact on employment and budgets, the climate crisis which threatens our very survival --- a period of anxiety, uncertainty, and lack of confidence. Yet these problems can be overcome, by a joint effort, in and between our countries. 2009 is also the first year of Global Governance with the establishment of the G-20 in the middle of financial crisis. The climate conference in Copenhagen is another step towards the Global Management of our Planet. Our mission, our presidency is one of hope, supported by acts, and by deeds."*

Knowing how to do arithmetic is the sine qua non of instilling the desire to break all unseen strings of manipulation. As George Orwell observed in his fable 1984, even in the age of universal deceit and at the sharp point of the bayonet, all will naturally follow so long as man can courageously retain his natural ability to add two plus two correctly. But as Aldous Huxley observed in his own fable Brave New World, and which both Bertrand Russell and Zbigniew Brzezinski underscored as the natural propensity of the modern scientific era when *ubermensch* rulers behind the scenes have acquired full social control, that natural ability for discontentment can itself be eliminated from the human species. The global societies are scientifically arranged in some kind of caste system in which man happily slaves away for his unseen masters with as much thought to discontentment as the sheep exhibit against the habit of mutton eating.

We increasingly observe this sheepish behavior pattern across the board not just in the United States of America – the one and only truly global superpower in all of recorded history of civilizations whose public is the most dumbed down – but all across the globe. Just witnessing the “United We Stand” with absurd narratives worldwide, or the indignities sheepishly accepted by both the American as well as the world public traveling through US airports, is priceless empirical data for social scientists studying behavior control on a mass scale to gauge the success of their soft persuasion schemes. Hard schemes, biochemical tampering, may well be in field trials if not already in staged covert deployment across the globe. Vaccines as delivery agents of targeted biological warfare on specific populations, have been determined to be a most potent modality for such covert tampering of human beings – and it also leaves no provable causal trail behind with the passage of time. Any adverse visible effects of human tampering, such as induced sterility in high population regions of the Global South, or induced obedience training through “kool-aid” chemicals in the more preferred populations of the Global North, is blamed upon nature, happenstance, and in the worst case, on accident. The Mighty Wurlitzer’s well-oiled machinery ensures just enough desensitization to such covert eugenicist agenda of World Order through fictionalization in Hollywood movies that even the most grotesque reality loses its shock effect. Any premature exposure of premeditation becomes easy to dismiss as mere conspiracy theory under the well-worn doctrine of “Plausible Deniability” which officially sanctions pursuing covert agendas without any public repercussions to the political and military henchman who carry it out.

Ex post facto “oops”, mea culpa, and declassified narratives of history have as much potency in reversing the fait accompli as the ubiquitously teaching today to sixth graders in elementary schools of the United States of America, how the indigenous populations of the Americas were diabolically and mercilessly killed off by the superior Anglo-Saxon white man to resettle their lands. Not a single American child is ever known to shed any tears of innocence at the crimes against humanity purveyed by his or her own ancestors. This author has volunteered in public school in America when his own children were attending elementary grades, and he observed

at least for the logic of self preservation, do not let this injustice prevail." --- [They dared to knock on my door - 2003](#)

It is the work of William Cooper, author of that incredible book: Behold_a_Pale_Horse, which I had read a while back, but now, based on all that I have learnt over the years, I might read again. The PDF of the book can be downloaded from that website as well. Behold a Pale Horse had confirmed to me many things which earlier authors whom I quote from often had written about, including Carroll Quigley, Bill Clinton's professor at Georgetown whom the incoming President after winning the elections in 1992, or was it after winning the Primaries at the Democratic Convention I forget, had credited as having influenced him greatly in his political development, etc. Carroll Quigley, part of the establishment and most respected teacher of generations of American diplomats groomed at Georgetown University's famous School of Foreign Service (<http://sfs.georgetown.edu/careers/prominent/>), had blown the lid of the drive towards world government in his 1966 twelve hundred page book Tragedy and Hope, which I have read.

The article covers a very vast canvass. If anything is known to be false in it, please let me know. Note that it is always harder to prove things true, but far easier to falsify. Basic fact-checks can often reveal falsehoods easily, for instance. But truth is often difficult to "prove". This philosophical fact of the matter even forms the basis of the famous Occam's razor principle in science to construct what is called the scientific process. It is used to

This is how and why the most prominent moral detractor of his own American nation today, Professor Noam Chomsky of MIT, for instance, gets anointed "*arguably the most important intellectual alive*" by the empire's own mouthpiece, the New York Times. This intellectual who boldly teaches others the responsibilities of intellectual, rehearses at great length in his prolific writings past crimes and past lies of the American empire for which nothing much can be done today. But for matters current affairs not fully driven to their intended fait accompli, such as the imperial mobilization to world government under the catastrophic terror event of September 11, 2001 as pretext, and which can effectively be derailed in a public chain reaction if the most prominent intellectuals of America boldly stood up and called the *Big Lie* for what it is, Dr. Noam Chomsky assiduously totes the establishment's own absurd line on who dunnit. The fine moral intellectual shows no inclination to challenge the imperial core lie whatsoever. Instead, strangely for someone billed as the most important dissenting intellectual, finds specious arguments to support the empire's core lie. His stock following of dissenting rebels, as well as other nations who look up to him for guidance, lap it up convinced that when the most strident detractor of empire also agrees with the empire's blaming of 9/11 exclusively on Islamofascist terrorist, then it must be so.

This highly venerated scholar of America known throughout the world as America's left-liberal conscience, whose many books sell worldwide just with his brand name affixed to them, and even get waived from the high podium of the United Nations by presidential figurine condemning the excesses of American hegemony, also behaved in an analogously unforgivable manner when president John F. Kennedy was assassinated. The brilliant moralist of America, employed for lifetime in America's most prominent high technology educational institution which gets virtually all of its research funding and operating budget from America's vast military-industrial complex as the natural extension of the American national security state, had, at the very inception of his scholarly career, dutifully parroted the establishment's absurd narrative of the "lone gun-man" dunnit.

At that time in the 1960s and 1970s, just as in this generation in the aftermath of 9/11, the American public was in great moral angst to learn who really was responsible for that catastrophic terrorism on their beloved soil. The public behavior was fully controlled by the state's full spectrum control of the narrative then, just as it is today. It was accomplished then, just as it is today, with copious help from the full gamut of manufactured respectability from left to right. All intellectuals echoed the core narrative of empire then, just as they do today when it is of utmost urgency to immediately analyze, question, and publicly challenge the dubiousness of state narratives before the hidden motivations behind the crime get fully actualized into fait accompli by the public's acceptance of the core narrative.

Bird's Eye View

A photograph showing a baby, a fishbowl, and a cat. The baby is on the right, looking at the camera with a surprised expression. In the center is a round fishbowl containing a single red fish, green artificial plants, and blue gravel. On the left is an orange tabby cat looking towards the camera. All three subjects are positioned on a highly reflective surface, creating clear reflections of each. The background is a bright, out-of-focus window with white curtains.

formulate the bare minimum and simplest possible axioms necessary for theorizing empiricism; assumptions or statements which cannot be proved to be true, but are presumed to be true with the possibility of falsification. The scientific axioms in the scientific process are held to be true until shown to be false. Precisely because proving the "truth" on fundamental fronts is always harder and often borders on beliefs.

The difference between that and religion is singular – religion permits no falsification of its axioms, but scientific axioms are in fact contingent on their being falsifiable. And once deemed false, the axioms are abandoned, or circumscribed to their applicable limits as warranted. So far, everything I have punched into Google, or wikipedia from this article bears out that very point out --- that the "truth" of the matter cannot easily be proved on the topic at hand: the scientific evidence of America's landing of man on the moon in 1969 has not been preserved for any third party to adjudicate the claims of the United States Government as underwritten by its organization NASA (see below). Therefore, in its absence, the claims can only be falsified, unless that claim borders on religious faith! Is the belief in America's manned mission to moon in Apollo 11 a religion? And conversely, is disbelief in that narrative another religion? For a scientist passionate about his search for truth and inquiry, neither of these can be true.

Thus we, as passionate scientists, both as hard scientists of physical sciences, and as social scientists fully cognizant of all modalities of social engineering, proceed in examining the available empirical evidence with the fewest possible axioms none of which must hinge upon faith and belief in officialdom, or in its detractors' atheism. And therein the real difficulty commences:

The public's easy acceptance of any tortuous past without any great pangs of guilt, as well as any abhorrent present without any great murmur of protest, with the *Superman* intellectuals of empire engineering both consent and dissent to govern the public mind, is the brilliant success of *Mephistopheles* in mass behavior control. Today, that control is global.

It is not mere sanguinity to assert that globalization's only truly global success is indeed this planetary level rapid deployment of sophisticated technological methods for the elimination of discontents by the new *Superman* gods of earth.

But I pray that my progeny will always be counted among the discontented, the mal adjusted. Echoing Martin Luther King Jr.'s words of moral courage for breaking all bonds of servitude, both physical and mental, which he uttered at the time of his resistance to his nation's most cruel and inhuman war in Vietnam: *"There are some things in our society and some things in our world, which I am proud to be mal adjusted. And I call upon all men of goodwill to be mal adjusted to these things until the good society is realized."*

In these web pages, you are invited on such a journey of *mal adjustment*. Become part of this extraordinary voyage – on the path least taken, and it may yet make all the difference.

The five-minute [Introduction](#) to The Poor-Man's Guide to Modernity explains it all in a nutshell. The rest is mere detail --- as are the million plus words of Project Humanbeingsfirst analyses listed in this Index which dissect some of the major behavior control mind-fcks, ahem, rape of the public mind, to construct world order. The [Barometer of Reality-Check](#) towards the end of the extensive guided tour in Machiavelli and Modernity, accurately assess where mankind has been coercively brought to today – at the cusp of fait accompli of world order.

You may rightly ask that how you can know that what you will get here is not disinformation, misinformation, or sophisticated mind-fck composed of core lies sandwiched between half truths and three quarter truths, delicately wrapped in layers of plausible sounding beliefs thought to be true but not known to be true for certain?

You Don't!

I do not claim to bring "All the News that's fit to print" unlike the New York Times. Instead, I claim to bring all that which you cannot read in the NYT because it has been deemed by its owners NOT FIT TO PRINT.

Make up your own damn mind whether or not you wish to be convinced of it.

The Public Mind

Edward Bernays On The Public Mind:

"We are governed, our minds are molded, our tastes formed, our ideas suggested, largely by men we have never heard of."

Aldous Huxley On The Public Mind:

"we are in process of developing a whole series of techniques which will enable the controlling oligarchy who have always existed and presumably always will exist, to get people actually to love their servitude!"

Bertrand Russell On The Public Mind:

"What a man believes upon grossly insufficient evidence is an index to his desires – desires of which he himself is often unconscious. If a man is offered a fact which goes against his instincts [or worldview], he will scrutinize it closely, and unless [and at times even when] the

- What is empirical data on which we make observations – how do we define data?
- Is it data that is born from official narratives?
- Is it data that is recovered from declassified documents?
- Is it the data that is easily accessible to scientists so that the scientific method can be applied to it?

At some point in that process of defining what is data, and specifically when data is not directly generated by the observing scientist, nor directly accessible to him, nor directly reproducible by him, axioms must come into play. Axioms that are reasonable assumptions and falsifiable. When this data impinges on social engineering however, a fuzzy "trust" factor gets coupled to the construction of the axiom, such as trust in government, trust in its institutions, trust in its authority figures that they don't lie, all of which have the tendency to induce group-think which is more akin to religious beliefs than to falsifiable scientific axioms.

For instance, on the CIA memo reproduced by Cooper which speaks of using UFO/aliens mantra for psychological warfare, a topic which I have analyzed and written about and reached exactly the same conclusions as independently reached by the article and confirmed by that CIA memo, I wondered who this Walter B. Smith, Director of CIA was. And O boy, wikipedia has a very intriguing bio such that the memo signed by him is entirely believable. But did General Walter Bedell Smith of the United States Army, as the Director of CIA between 1950 and 1953, indeed write such a memo which bears his name for secret communication or for later public consumption as a limited hangout? If the former, why on earth was it ever declassified and released to the public? This memo directly substantiates, for instance, all that I analyzed and concluded here a few years ago:

before I die. And now let us proceed."

As Socrates might have presented his case in his own defence at his trial for "corrupting the public mind" with myth busting truth-telling in that Golden Age of Hellenic Civilization (*in the words of the late classicist Edith Hamilton via the late Eustace Mullins' reproduction of the quote in The World Order*).

thought and conduct are ruled by sentiment rather than by sober reasoning.

This sentiment, however, is not complex, but simple and consistent. It is not highly differentiated, but has only the negative and positive notions of love and hatred, right and wrong, truth and falsehood. Its notions are never partly this and partly that.

English propaganda [during World War I] especially understood this in a marvellous way and put what they understood into practice.

They allowed no half-measures which might have given rise to some doubt.

Proof of how brilliantly they understood that the feeling of the masses is something primitive was shown in their policy of publishing tales of horror and outrages which fitted in with the real horrors of the time, thereby cleverly and ruthlessly preparing the ground for moral solidarity at the front, even in times of great defeats.

Further, the way in which they pilloried the German enemy as solely responsible for the war--which was a brutal and absolute falsehood--and the way in which they proclaimed his guilt was excellently calculated to reach the masses, realizing that these are always extremist in their feelings.

And thus it was that this atrocious lie was positively believed.”

NASA to look like UFOs and bearing US Air Force insignia from my aforementioned report.

Indeed, the long departed Director of CIA confirmed my analysis by writing this memo and the United States government again confirmed it by releasing it, as does this article by Cooper. But Cooper confirming it is one thing. Why would that intelligence agency want to lend confirmation to the world of what the skeptics have argued time and again that a mind-fck is in progress and also identified exactly its purpose, to cement world government? The fact that they are so full of hubris, that even smart people putting 2+2=4 together cannot really bother their cause, just like Carroll Quigley stated, that nothing can derail the drive to world government because a lot of it is already in place long before it was unveiled, but, even when it can matter, they can easily put anyone to sleep with the fishes --- William Cooper was shot to death by the cops in an "encounter"!

Who is to formally define for a society who is a bigger patriot: those who challenge the abuse of power or those who assist in that abuse? It is as convenient today to dehumanize, marginalize, and idiotize the inconvenient patriot in order to get rid of him as yesterday. And to ensure that his memory also remains soiled among the masses, as a friend responding to this letter observed: "Interesting to note that the Wikipedia page on Cooper is grossly misleading in that it majors on his alleged belief in UFO's and extra-terrestrials as a reality, with no mention of the fact - as evidenced in this article - that he regards the phenomena are major tools in a vast hidden reality perception/mind control program. The page is protected and it is not possible to edit it without obtaining permission from its gatekeepers - why was I not surprised?"

Wikispooks, an alternative to Wikipedia for topics where the latter lends more sympathetic treatment to establishment's narratives and marginalizes the detractors, has a page dedicated to this topic with enough study links to keep insomniacs busy for quite a while (and it has sure taken up many hours of my leisure time on this most patriotic of weekends, the Memorial Day holiday in the United

they read and form their judgments accordingly.

Numerically, the first group is by far the strongest, being composed of the broad masses of the people. Intellectually, it forms the simplest portion of the nation. It cannot be classified according to occupation but only into grades of intelligence.

Under this category come all those who have not been born to think for themselves or who have not learnt to do so and who, partly through incompetence and partly through ignorance, believe everything that is set before them in print.

To these we must add that type of lazy individual who, although capable of thinking for himself out of sheer laziness gratefully absorbs everything that others had thought over, modestly believing this to have been thoroughly done.

The influence which the Press has on all these people is therefore enormous; for after all they constitute the broad masses of a nation. But, somehow they are not in a position or are not willing personally to sift what is being served up to them; so that their whole attitude towards daily problems is almost solely the result of extraneous influence.

The second group is numerically smaller, being partly composed of those who were formerly in the first group and after a series of bitter disappointments are now prepared to believe nothing of what they see in print. They hate all newspapers. Either they do not read them at all or they become exceptionally annoyed at their contents, which they hold to be nothing but a congeries of lies and misstatements.

These people are difficult to handle; for they will always be sceptical of the truth. Consequently, they are useless for any form of positive work.

States of America):

Similarly, the discussion of moon-landing in Cooper's article is interesting in that same context, of principally enabling and legitimizing the story of Aliens can land on earth It had not ever occurred to me to think that way that moon landing could be faked, and I used to dismiss all these flat-earth society skeptics of "small step for man, giant leap for mankind" bit as fringe lunatics --- but based on my meagre understanding of physics, which isn't beyond college level taught in electrical engineering at MIT in course 8 and course 6, even if I could remember any of it, I cannot immediately see the flaw in the presentation by William Cooper. Can you?

But what is more disturbing is that such a Big Lie, if it is so, like 9/11, can stand among the world's physicists!

So I am sure this explanation must be wrong --- please show me where it is wrong... my mind stopped practicing physics beyond 9th-10th grade level after 9/11 when "bad Muslims" broke all the laws of physics with their terrorism of taking out the WTC towers.

The third group is easily the smallest, being composed of real intellectuals whom natural aptitude and education have taught to think for themselves and who in all things try to form their own judgments, while at the same time carefully sifting what they read.

They will not read any newspaper without using their own intelligence to collaborate with that of the writer and naturally this does not set writers an easy task.

Journalists appreciate this type of reader only with a certain amount of reservation.

Hence the trash that newspapers are capable of serving up is of little danger-- much less of importance--to the members of the third group of readers. In the majority of cases these readers have learnt to regard every journalist as fundamentally a rogue who sometimes speaks the truth.

Most unfortunately, the value of these readers lies in their intelligence and not in their numerical strength, an unhappy state of affairs in a period where wisdom counts for nothing and majorities for everything.

Nowadays when the voting papers of the masses are the deciding factor; the decision lies in the hands of the numerically strongest group; that is to say the first group, the crowd of simpletons and the credulous."

"Particular attention should be paid to the Press; for its influence on these people is by far the strongest and most penetrating of all; since its effect is not transitory but continual. Its immense significance lies in the uniform and persistent repetition of its teaching.

Dear Professor Noam Chomsky,

Hello. I am writing this open letter to you both as your former student at MIT who got at least some of his inspiration to stand up to the narratives of power from your considerable teachings, and on account of your being a public intellectual influencing public opinion worldwide and therefore also accountable to the public for your opinions.

I have made the following unpleasant observations in [my article](#) and which I continue in this letter. I would like to ask for your response. Unless you claim intellectual unaccountability and no personal responsibility for influencing public opinion, and such a gross charge surely will never be justly laid upon you as a responsible teacher and moral guide of the American peoples, I would like to request a public rebuttal.

'... This is how and why the most prominent moral detractor of his own American nation today, Professor Noam Chomsky of MIT, for instance, gets anointed "*arguably the most important intellectual alive*" by the empire's own mouthpiece, the New York Times. This intellectual who boldly teaches others the responsibilities of intellectual, rehearses at great length in his prolific writings past crimes and past lies of the American empire for which nothing much can be done today. But for matters current affairs not fully driven to their intended fait accompli, such as the imperial mobilization to world government under the catastrophic terror event of September 11, 2001 as pretext, and which can effectively be derailed in a public chain reaction if the most prominent intellectuals of America boldly stood up and called the *Big Lie* for what it is, Dr. Noam Chomsky assiduously totes the establishment's own absurd line on who dunnit. The fine moral intellectual shows no inclination to challenge the imperial core lie whatsoever. Instead, strangely for someone billed as the most important dissenting intellectual, finds specious arguments to support the empire's core lie. His stock following of dissenting rebels, as well as other nations who look up to him for guidance, lap it

wisp of so-called 'freedom of the Press', or be talked into neglecting its duty, and withholding from the nation that which is good and which does good.

With ruthless determination the State must keep control of this instrument of popular education and place it at the service of the State and the Nation."

"No matter what an amount of talent employed in the organization of propaganda, it will have no result if due account is not taken of these fundamental principles.

Propaganda must be limited to a few simple themes and these must be represented again and again. Here, as in innumerable other cases, perseverance is the first and most important condition of success."

up convinced that when the most strident detractor of empire also agrees with the empire's blaming of 9/11 exclusively on Islamofascist terrorist, then it must be so.

This highly venerated scholar of America known throughout the world as America's left-liberal conscience, whose many books sell worldwide just with his brand name affixed to them, and even get waived from the high podium of the United Nations by presidential figurine condemning the excesses of American hegemony, also behaved in an analogously unforgivable manner when president John F. Kennedy was assassinated. The brilliant moralist of America, employed for lifetime in America's most prominent high technology educational institution which gets virtually all of its research funding and operating budget from America's vast military-industrial complex as the natural extension of the American national security state, had, at the very inception of his scholarly career, dutifully parroted the establishment's absurd narrative of the "lone gun-man" dunnit.

At that time in the 1960s and 1970s, just as in this generation in the aftermath of 9/11, the American public was in great moral angst to learn who really was responsible for that catastrophic terrorism on their beloved soil. The public behavior was fully controlled by the state's full spectrum control of the narrative then, just as it is today. It was accomplished then, just as it is today, with copious help from the full gamut of manufactured respectability from left to right. All intellectuals echoed the core narrative of empire then, just as they do today when it is of utmost urgency to immediately analyze, question, and publicly challenge the dubiousness of state narratives before the hidden motivations behind the crime get fully actualized into fait accompli by the public's acceptance of the core narrative.

See **Operation Mockingbird** (<http://www.spartacus.schoolnet.co.uk/JFKmockingbird.htm>) (PDF).

The fact that such an omnipresent Message-Machine is not ancient history but very much current affairs, is underscored by this NYT headline "**Behind TV Analysts, Pentagon's Hidden Hand**", Sunday, [April 20, 2008](http://tinyurl.com/6qhfgf) (<http://tinyurl.com/6qhfgf>). Therefore, today, I use the term '**Mighty Wurlitzer**' as a metaphor to pluralistically refer to the same message-machine, i.e., the intelligence apparatus for manufacturing consent and controlling dissent, and its concomitant conscious manipulation of peoples' thoughts, feelings, actions and in-actions, in order to serve the primacy interests of the behind the scene governing oligarchy. of protest, with the *Superman* intellectuals of empire engineering both consent and dissent to govern the public mind, is the brilliant success of *Mephistopheles* in mass behavior control.'

Professor Chomsky, as a teacher of US foreign policy and expert in political theories behind statecraft, you cannot be unaware that echoing of the core lies of the state while critiquing its effects, is explained by political science most perceptively. The endeavor is highly utilitarian, as you can see, since it remains ineffective in derailing imperial mobilization when the core pretext and core lies are kept intact. That kind of dissent principally serves the continual enabling of imperial mobilization very well while retaining the necessary illusions of free speech and advanced democracy which constitutionally tolerates dissent.

This worked in extending the Vietnam War then, when the focus was cunningly put off by the incoming administration from the national security state being the first likely criminal to have so successfully subverted the presidential security detail which enabled president Kennedy's assassination – an impossibility for America under the Cold War calculus of intense security without the requisite means, motive, and opportunity which only the national security state can bring to bear. And it worked today when the focus is once again most cunningly put off from the national security state having the means, motive, and opportunity to covertly execute "operation canned goods" on September 11, 2001 and believably blame the catastrophic terrorism on controlled patsies suitably duped for that purpose.

No one who has studied the history of the Third Reich, and the detailed narratives of the Nuremberg Military Tribunals as well as you have Professor Chomsky, and I know this first hand because we have in the past communicated on the topic of victor's justice, can remain so naïvely uninformed of the political utility of self-inflicted terror. Especially when it openly and most visibly launches the most barbaric imperial mobilization using it as the pretext, and against all intellectual

latter are, invariably, also the de facto owners of the complete messaging-system now even more globally ubiquitous than when Frank Wisner played the world for a fool.

This 'grand organ' is now able to even more effectively synthesize, implant, and reinforce, all the right set of beliefs (myths) among the entire world's public – by suitably combining 'events' with imaginative 'expos' writing – which appropriately primes the world populations to acquiesce to the oligarchic agendas. While playing this orchestra is now an integral part of all state-craft, its major musical themes are entirely determined by the behind the scenes owners of the system. While some might refer to the underlying techniques as propaganda and psy-ops, 'Mighty Wurlitzer' singularly captures the messaging-system controlled under a unified purpose of command which is both highly compartmentalized and cellularized. Only the Mighty Wurlitzer knows the entire tune.

What this means is that not all who willingly cooperate with the Mighty Wurlitzer in synchronistically humming its themes are knowingly being purveyors of its myths and deception. Many of its most shrill echoers are often well intentioned functionaries who are fed different motivating myths at different levels in the hierarchy – sometimes the lie is different at every level – such that it suitably motivates each according to their own predilection, professional station, and mission statement.

How can one see through the psyops of the Mighty Wurlitzer?

As daunting as it might appear to the mainstream television watcher, it is in fact rather straightforward for those unencumbered by blind faith in governments and its statecraft.

Just look for the core-lies and unquestioned axioms of empire that are typically retained in the "leaks" and reportage which, in order to

and rational sense of international as well as criminal law.

What is the explanation? The only reasonable one that any prosecuting attorney would put forth is that the moral agent is a covert asset of empire. I find this conclusion most distasteful. I hope that is not the case.

Irrespective of that determination, because of your public stance, you are partly responsible for all the evil which follows in the imperial mobilization from that retention of core lies, as your own humble contribution to the making of the public mind. Of course, only according to measure. That measure to which you are accountable, and no more than that, is what I ask you to account for publicly in the public interest. A Robert H. Jackson today, right alongside imperial scholars manufacturing consent as the propaganda philosophers of the new Reich, would surely also be prosecuting imperial scholars manufacturing dissent as its covert agents. The precise observations he might make is what I have made. Which any sensible person ought to make.

For writing this bold and unusual open letter and requesting a public response, I offer no apologies. You misguided dissent by your egregious omission to standup to the *Big Lie* as per your own self-proclaimed responsibility of intellectuals because of which people looked up to you. You thus directly prolonged the *Big Lie* which also accrues more evil to your own account! My peoples, Muslims, have been mercilessly killed worldwide in the multiplicative effects of imperial mobilization by your willfully continuing to retain the core lie that it was “militant Islam” and “OBL” that successfully invaded the armed to the teeth sole superpower on 9/11 instead of the national security state with collusion of its surrogates. Thus you express no real dissent with the core axioms of imperial power while speciously pretending to do so by protesting its wars. Exactly similar to your previous retention of the state's core fable in the Kennedy assassination while protesting the Vietnam War with considerable vigor. In both cases, if I recall correctly, you hath even proclaimed that what does it matter who dunnit, to minimize any real questioning of the official narratives and to keep

sound credible, often openly expose what is mostly already known anyway or judiciously employ some variation of “Limited Hangout” wrapped in a veneer of dissent, ‘freedom of the press’, and often accompanied by the facade of angst and opposition from the state.

Furthermore, look for some of the lauded dissent names rushing to support the Limited Hangout – just as it was with Daniel Ellsberg for his infamous *Pentagon Papers* – to afford a veneer of legitimacy to the whistleblowing revelations of supposed state-secrets having caused some great harm to the state. The extravagance enacted in the mainstream media, alternately making heroes of the whistleblowers and demonizing them, is a giveaway to the circus show being enacted for plebeian consumption.

For, it matters not which side one takes, as both sides are patently false, crafted of calculated omissions and half-truths that retain core-lies, right out of the text book of the Technique of Infamy : **invent two lies and keep the public busy debating which of them is true!**

The role of crafty omissions in fabricating propaganda was best captured by Aldous Huxley in his Preface to *Brave New World* thusly:

‘The greatest triumphs of propaganda have been accomplished, not by doing something, but by refraining from doing. Great is truth, but still greater, from a practical point of view, is silence about truth. **By simply not mentioning certain subjects, by lowering what Mr. Churchill calls an “iron curtain”** between the masses and such facts or arguments as the local political bosses regard as undesirable, totalitarian propagandists have influenced opinion much more effectively than they could have done by the most eloquent denunciations, the most compelling of logical rebuttals. But silence is not enough. If persecution, liquidation and the

focus on protesting their effects instead, the wars themselves.

The common behavior patterns only spell calculated behavior in the eyes of a good public prosecutor, and not one of mere happenstance, especially for a *Superman* who proclaims: *"It is the responsibility of intellectuals to speak the truth and to expose lies"* (Responsibility of Intellectuals). And: *"the responsibility of a writer as a moral agent is to try to bring the truth about matters of human significance to an audience that can do something about them."* (Power and Prospects).

Perhaps you were thinking of some other audience and not your own American public enjoying the constitutional liberties which permitted them dissent and free speech? If so, please state so that this is why, instead of bringing the American peoples the truth and exposing lies, you brought them the core narratives of power commencing from the immediate aftermath of 9/11 no differently than that "vulgar propagandist" whom you so anointed (in an interview to Evan Solomon, CBC, December 9, 2003), Professor Bernard Lewis of Princeton University. As a result of this incestuously self-reinforcing "truth-telling" in which both the empire's officialdom and its finest detractors echo each other, you can explain to the American people that now even if they wanted to, they could no longer make a difference because the United States today is a legally sanctioned police-state. You can continue to critique that effect too, the police-state, just as you do America's hegemony, but by not questioning the *Big Lie* when it was timely to do so, you also played your role in enabling police-state USA.

Indeed, not just arguably, for there is no need for that caveat, you are the most important intellectual alive for power that runs America.

Awaiting your forceful reply, the strongest of rebuttals, explaining once again to the public mind the responsibility of intellectuals as moral agents and under what conditions should they echo the core narratives of empire. It is a lesson you omitted to teach at MIT when I had the pleasure of being a mostly silent student in your off-beat

other symptoms of social friction are to be avoided, the positive sides of propaganda must be made as effective as the negative.' — Aldous Huxley, Preface (circa 1946) to *Brave New World*, 1931, Harper, pg. 11

To uncover omissions in a discourse is very difficult for the public who do not often have command over the domain in which the falsehoods are being perpetuated. As the psychological insight already quoted above from the Terrorism Study Group betrays, ***"Public Assumptions' Shape Views of History. Such presumptions are beliefs (1) thought to be true (although not necessarily known to be true with certainty), and (2) shared in common within the relevant political community."***

Which is why inculcating ignorance, especially political-historical ignorance pertaining to international relations, and being made trusting of authority figures and the state, are the pre-requisites for any vile propaganda to succeed! A well bred lack of skepticism to authority figures, to experts in scientific disciplines, and to dissenting chiefs playing controlled opposition, thus becomes the heart of social engineering for 'United We Stand'.

This surfeit of blind trust in authority is what is ultimately harvested by the Mighty Wurlitzer. For a skeptical public, the tunes of the Mighty Wurlitzer would fall on very deaf ears and public governance for private agendas would be well-nigh impossible in democratic nations. This is qualitatively no different than the power exercised by the religious clergy upon their faithful flock in any religion. Except that modernity has perniciously replaced them with multi-faceted secular clergies, the "experts", each demanding obedience from its own 'United We Stand' trusting flock in all aspects of modern life.

This is also why "leaking" information from "experts" and "insiders" commands such a premium in Machiavellian democratic statecraft.

foreign policy classes. Then, the brave Americans talked a lot, and I mostly listened, shyly, as a foreign student coming from Gen. Zia ul Haq's police-state that had just hanged its elected civilian prime-minister with America's blessings; arguably quite dazzled by all this intellectualism of boldly confronting the lies and villainy of power being so openly taught in America as the beacon of advanced democracy to the rest of the world. I had to subsequently learn of Machiavelli and the Hegelian Dialectic of Dissent as the two most essential tunes of the Mighty Wurlitzer for an advanced democracy to function, on my own.

Sanctifying the 9/11 Narrative vs. the Holocaust

Long Term Impact of Sanctification of the 9/11 Big Lie

Zahir Ebrahim | [Project Humanbeingsfirst.org](#)

April 11, 2014

When used judiciously so as not to dilute its impact, it can herd the flock in pretty much any direction that is desired.

As further empirically evidenced in the forensic analysis presented here, these so called whistleblowing of *leaky buckets* also succeed in accomplishing two important elements of statecraft:

- vicariously reinvigorate in the short-term public memory, the already established-by-fiat facts and core-axioms of empire;
- establish new convenient facts on the ground which are subsequently accepted as revealed gospel truths because of the already established thought-stream by the scholars of empire that when something is held in secret or is classified and subsequently declassified, or is prematurely leaked to the public, that it must contain some genuine “state secrets”, and never red herrings. Such thought-streams enable the directives of NSC 10/2 for plausible deniability (and those like it which we do not know about) to be trivially impressed upon the public mind (see [Anatomy of Conspiracy Theory](#)). These revelations of presumed “state-secrets” subsequently become the new unquestioned backdrops for both state policies and public discourses – the new “*doctrinal motivations*” – with copious help from the Mighty Wurlitzer’s refined machinery.

This enables the successful deployment of already pre-planned policy prescriptions which craftily impel the various incantations of hegemony forward in baby-steps. Both, domestically by incrementally clamping down hard on rising discontent in the name of “national security”, and internationally by continuing to wage unpopular wars of preemption upon the 'untermenschen'. The infernal enemy has now been (re)confirmed to exist (despite popular skepticism) since even empire's own henchmen in their secret documents also affirm that belief (sic!). Speak

"Holocaust denial is illegal in only 17 countries, most of which are in Europe ... So though the actual number of countries that have criminalized revisionist history isn't overwhelming by any means, the importance of the outlawing is. Because of it, history is still held hostage to power." --- [Lila Rajiva](#)

While the last sentence in the statement above by American rebel extraordinaire of Indian origin, Lila Rajiva, is a truism; and the first sentence captures a monumental crime against the intellect which even surpasses the supreme crime of the Hellenic Civilization, the hemlock administered to Socrates; and while a fait accompli cannot (practically) be reversed once generations grow up in any sanctified narrative, the more pertinent issue for any generation is the sanctification of a narrative in the present tense.

That narrative of the present tense one can always do something about before it gets fully sanctified as public religion and new generations grow up believing and naturally resisting any tampering with their core beliefs. More psychologically potent the belief, and more its political utility, more the indoctrination systems get established in society to inculcate and promulgate those beliefs, and more the resistance of hoi polloi mind to altering it with fact-check, analysis, empiricism, and all left-half brain oriented logical synthesis and deconstruction – because, the right-half brain dominates when faith, religion, dogma, and beliefs are brought into question. That has been recognized not just by the clergy from time immemorial, but by both Machiavelli and Superman.

In our generation, it is the pious sanctification of the 9/11 who dunnit narrative now in brazen progress.

This is how the incumbent president of the United States of America, the unchallenged and preeminent armed to the teeth sole superpower on earth, takes over the continued construction of the Big Lie from where his predecessor first mobilized it into a full blown World War IV: **President Obama warns not to challenge the official narrative of 9/11**

of self-servingly suffering from a incestuously self-reinforced “*crippled epistemology*”!

What appears to be out of control Terrorism worldwide in 2014, and which is continuing to extract its *pound of flesh* from the sovereignty of nation-states faster than any other global crisis to date, can easily be comprehended when NATO's Operation Gladio of yesteryear is employed as the political science template. The motivations and the forces that drive global terrorism is writ large in that most empirical exposure of state sponsored terror disguised as “insurgency”. To make it believable and plausible, real insurgents are created, and existing insurgent groups, especially those with existential discontents, are infiltrated, and their destructive energies channeled in service of larger political agendas of which often the patsies themselves remain unaware of. The evidence from [CIA's MK ULTRA](#) program of yesteryear, and the empirical suicide bombings in the terrorism acts today, indicate to those who can observe rationally with even an iota of brain functioning, that the art of manufacturing the perfect *Manchurian Candidate* has been perfected. And so has its deployment on demand as in Operation Gladio.

No intelligence apparatus in any country, no news media, no establishmentarian politician to scholar to military man, nor any of the touted intellectuals playing dissent with the establishment's narratives, go there. Why not? Because there are always substantial tangible and intangible, as well as existential rewards to be gained by silence. It is always beneficial to continue to play the fool, the patsy, and the willing mercenary. See: [Operation Gladio Yesterday and Worldwide Terrorism Today – Identifying the Enemy](#), and [Imperial Surrogates and 'Terror Central' in Operation Gladio Redux](#). See [The Dying Songbird](#) to comprehend the co-option of the intellectuals and how they diabolically mislead and misdirect the public conscience. 'I am aware that there is still some who would question, or even justify the offense of 911.

But let us be clear. Al Qaeeda killed nearly 3000 people on that day.

The victims were innocent men, women, and children from America and many other nations who had done nothing to harm anybody.

And yet Al Qaeeda chose to ruthlessly murder these people, claimed credit for the attack, and even now states their determination to kill on a massive scale. They have affiliates in many countries, to try to expand their reach.

These are not opinions to be debated. These are facts to be dealt with.' ---
President Obama, Cairo Egypt, June 4th 2009

That is the new core narrative, the imperially asserted by fiat "facts to be dealt with", the sacrosanct Big Lie of empire which has singularly enabled its own far greater "imperial mobilization" to a far greater Lebensraum, the whole of earth for one-world government.

And the most revealing thing is to perceptively

yestercentury and its war crimes.

That is the real import of the craftsmanship of the Mighty Wurlitzer! To engineer a fait accompli by manufacturing consent among the gullible masses and controlling dissent among the rabble rousers when "*imperial mobilization*" is still on-going, leaving future scholars, historians, and the odd malcontent to laudingly study the ashes, mea culpae, confessions, documentaries, de-classified documents, and strategic *rattings* left behind by "*history's actors*". A diabolical modus operandi of democratic statecraft which the Mighty Wurlitzer's operators even brazenly gloat about:

"We're an empire now, and when we act, we create our own reality. And while you're studying that reality -- judiciously, as you will -- we'll act again, creating other new realities, which you can study too, and that's how things will sort out. We're history's actors . . . and you, all of you, will be left to just study what we do." (Ron Suskind, New York Times, [Oct. 17, 2004](#))

What can make 'Sept. 11 pale by comparison'?

What if the next big 9/11 is Aliens/UFOs landing? If that were to indeed transpire, it is my bet that Muslims worldwide will be the first to accept it --- they will race to join the imperial narrative of the new intergalactic catastrophe in exactly the same manner as Pakistan did for

note who else is participating in the Big Lie in making it sacrosanct right alongside the vulgar propagandists of empire all of whom, by the standards already established by the Allies joint Military Tribunal at Nuremberg for hanging the Nazi propagandists and war-mongers, would also hang without folly. It is a new breed of philosophers not known to exist in Nazi Germany, and carefully manufactured since then.

It is the breed of propagandists who appear to be preeminent dissenters in the advanced democracies of the West, but who echo the same core narrative of the Big Lie as the vulgar propagandists of empire.

Virtually all such chiefs, I would argue before any War Crimes Tribunal that would be bold enough to try the first group, are no different. They are merely two sides of the same imperial coin – to diabolically engineer the public mind in the service of the exercise of imperial power which would otherwise not be possible among a people not popularly imbued with the spirit of la mission civilisatrice.

The dissent-chiefs equally serve to deceive their own constituency - the rare public mind among hoi polloi that exhibits an ounce of moral gravitas and refuses to accept the mainstream propaganda fare easily accepted by the rest of hoi polloi.

Such minds were easily annihilated or silenced in the Third Reich where there were no pretenses of advanced democracy to be up held. Nazi Socialism had decreed a divine master plan for the fatherland. Whereas the dissent rebels are permitted to exist in its replacement that must maintain the illusion of freedom of speech, of dissent, and of advanced democracy in action which permits vigorous debate as the beacon of Western civilization to the rest of the world.

In Dante's conception of his Inferno, I would argue that they deserve to be in the lowest and innermost circle of hell - because, they are the most villainous in their deception and deceit. They contribute to the successful sanctification of the Big Lie while pretending to be great moralists among the very audience who have the willingness and moral gravitas to endeavor in abolishing the

the first catastrophic terrorism imperial narrative of 9/11 'war on terror'. This is what I wrote in 2008:

'The abominable shared fates that unite Iran ("Bush and Iran, again", WSJ April 15, 2008), and Pakistan, from President Bush calling Pakistan "Terror Central" in 2007, to this week, April 13, 2008, 'clairvoyantly' asserting that "If another September 11 style attack is being planned, it probably is being plotted in Pakistan, and not Afghanistan". And as already noted in its March 29, 2008 heads-up warning to America by Project Humanbeingsfirst ("Nuclear attack on Iran appears imminent!"), when such a "planned" attack transpires, it "will make Sept. 11 pale by comparison" (Bush, Feb. 13, 2008).'

What can make "Sept. 11 pale by comparison" according to the former President of the United States? Well, I don't rightly know, but according to the likely candidates usually prognosticated by the super visionaries on both the Left and the Right, these range from false-flag nuclear terror attack on American or its Allies' soil blamed on any of the "Terror Centals" in the world, including Pakistan and Iran; to new plagues and viruses requiring Defcon-2 Alert and forced vaccinations; to some even suggest planets colliding with each other – well of course, but of course, as James Bond would repartee to M were he invited to plan it all out in the next sequel on how to create world government for the City of London.

None of these scenarios still create the kind of credible threat that can unite mankind permanently into a one-world government. Surely the CFR and the Rockefeller Foundation that excel in scenario analysis must be agonizing over it. As Ronald Reagan read off from his script at the UN podium barely hinting at the thought processes going on behind the scenes in the Iron Mountain underground vaults:

This is a most distinguished group of sanctifiers indeed. Today, all of them echo in exact synchronicity, the who dunnit sacrosanct axiom of 9/11, while they boldly dissent with the exercise of hegemony that stems directly from upholding that sacred axiom.

Because of them, this new sacred narrative of 9/11 now under sanctification during our own lifetime, will create endless generations believing the Big Lie. And because of it, condemning Islam and Muslims --- the following graph is intended to set the stage for it, which is why it was made available so diligently to the public:

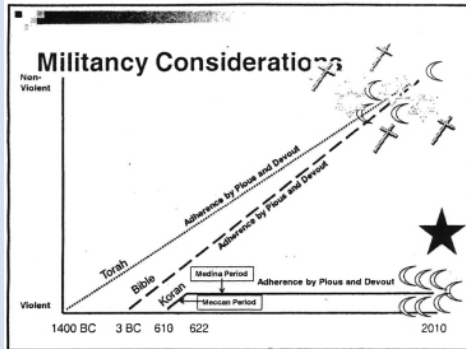

Image Caption see [FBI Muslims Radical Militancy Considerations](#)

I will take the bet that within a few years, this Jews led dominant narrative of 9/11 which has seeded World War IV, like the Holocaust™ seeded in World War II, will become 9/11™.

Not just 17 nations, but all nation-flags of the world in world government, will make it illegal to question that enabling Big Lie that brought global governance and global police-state to the new global Lebensraum.

When a narrative is sanctified, not just culturally, but also legally with specific entitlements to the state penitentiary or to St. Elizabeth for blasphemy against it, then, irrespective of what that narrative is, an iron curtain outlasting generations is

I fear that the Muslim public mind, led by its Mullahs, just as they did last time led by the General, will announce their 'United We Stand' against this new global intergalactic catastrophic threat of terrorism by aliens before anyone even comes asking them to join the coalition of the willing. Last time, or so the narratives say, it only took a phone call. I don't really subscribe to that public relations line because the General was implanted into the matrix long before, to de-nuke Pakistan before the launch pad to the war in Afghanistan could pragmatically be mobilized. I have no proof of this but immanent game-theory scenario analysis indicates to me that Pakistan does not have any Nuclear weapons, at least not as a viable option at least before September 11, 2001.

Anyway, not to digress, this time around, Pakistani Mullahs like Tahir-ul-Qadri (among the Sunnis pushing “moderate Islam”), and perhaps Jawad Naqvi (among the shias pushing “revolutionary Islam”), and perhaps al Qaeda (among the fanatics pushing “militant Islam”), and I am certain every country will have their own such mullahs and their own such group mobilizations, including Iraq-Iran’s Ayatollahs in residence and Egypt-Saudi Muftis on the pulpits, all pulling together behind the

diabolically lowered around the public mind from which a civilization or society simply cannot escape. What can be a greater crime against humanity than that -- enslaving for eons, generations in false beliefs, which in turn inform and govern their public and private behavior.

As already stated, while for the previous sanctifications of history nothing substantial or pragmatic can be done today as the powers that benefit from its sanctification are all ubiquitous, omnipotent, and omniscient, always proclaiming that "absence of evidence is not evidence of absence" with a straight face, and that perhaps is the only arguable justification brought to bear on the sacrosanctness of Holocaust™ (as the extensive public evidence compiled at <http://ihr.org> overwhelmingly substantiates), for the present day 9/11 narrative that has still not quite become TM, its fait accompli can still be interdicted.

Unfortunately, those able to do so with the most potency and practicalness, are already in the class to be held in the court abbey in iron chains if an absolute standard of moral justice ever prevails. No such standard is visible in political reality although always in lip-service as needed. While the surviving Nazi leadership was condemned to hang by Robert H. Jackson, the prominent chief prosecuting counsel for the United States and justice of US Supreme court, brilliantly declaring to them and to the war-weary world watching in 1946 the absolute standard of justice upon which they were being sentenced to death and not in victor's justice:

"If certain acts of violation of treaties are crimes, they are crimes whether the United States does them or whether Germany does them, and we are not prepared to lay down a rule of criminal conduct against others which we would not be willing to have invoked against us." ;

immediately thereafter, in 1951, Justice Vinson of the US Supreme Court, declared the following:

"Nothing is more certain in modern society than the principle that there are no absolutes, that a name, a phrases, a standard has meaning only when associated

same hectoring hegemon against the new global threat. Those lagging behind will be the religious Christians, as theologically, they are the center of creation, Jesus died for their sins, so how can aliens even exist? Muslims will take the lead because theologically, God even proclaims in the Holy Qur'an that He is "Lord of the Worlds" (Surah Al-Waqia 56:80) and has sent His Criterion as "an admonition to all creatures" (Surah al-Furqaan 25:1). Both those simple and elegant verses, already memorized by 99 percent of the Muslims, will be used to prove that alien landing is a divine miracle. The Muslims will bow in sajdah all day long---it will be sight to behold with some raconteur at the Rand Corporation actually peeing in his pant from unstoppable laughter. The moment the aliens draw first blood however, the Muslim Ayatollah and Mufti will join forces to lead the battle against the evil-doers, eagerly uniting behind the hectoring hegemon all of 2 billion Muslims worldwide in much the same way as the General previously coerced merely the 200 million in Pakistan behind them.

All war-menacing stances and posturing the West has today against "Terror Central" Iran, unless Iran has already been wiped out or used up as a threat, will themselves be washed away without batting an eye --- fabricated as this enemy is to begin with. It is a sad loss of objectivity for the shia Muslim mind of Pakistan, just like any sad loss of objectivity for any group-think, that it accepts the propaganda line of Iran being their savior, while the rest of the sunni Muslim mind worldwide accepts the propaganda line of the West that Iran is the devil incarnate. The truth is elsewhere. But not to digress once again.

Why do I believe this new 9/11 could very well be aliens landing? It could of course always be preceded by the mahdi and the messiah together arriving as well, on NASA's Universal Holographic Satellite Projection System (I made that up) but I needlessly digress again. But were that to happen as well, it will be to play the Armageddon card instead of the alien card.

with the considerations which give birth to nomenclature. To those who would paralyze our Government in the face of impending threat by encasing it in a semantic strait-jacket, we must reply that all concepts are relative."

Flushed with unassailable hubris on being on the side of empire in its core Big Lies, the murderers today, their aiders and abettors, assistant stooges and dupes, whether engineering consent or dissent, all well understand that: "All murderers are punished unless they kill in large numbers and to the sound of trumpets."

Since all ideas are relative as already boldly proclaimed by the highest court in the reigning sole superpower, but which is of course also always true in practice (with or without declaration) for every king in every kingdom, they each understand that no one can even plausibly hang them for their measure of participating in propaganda and war crimes by echoing the Big Lie alongside the emperor. They know that today, there is no power greater than the emperor's to pursue them even in some wishful victor's justice. Secure in that knowledge, it is safe to be a propagandist of any flavor on any side of the coin – take whichever position you like based on your psychological disposition, natural talent, skill, and egotistical gratification.

See this open letter to their most prominent and respected leader - Goebbells' direct counterpart Machiavellianly manipulating the dissenting minority of hoi polloi by echoing the Big Lie underneath all the protestations of the already visible barbarianism of hegemony:

This is what I wrote in 2009 on that front:

"Whereas, the poor monetary reformer fighting the fabricated financial crisis, already the underdog and resourceless in going against an entrenched financial oligarchy with infinitely deep pockets, is also outwitted by the sheer magnitude of the Hegelian design for Global Governance. The momentum created by the disparate crises spanning the gamut of global financial meltdown, global warming, global pandemic, global war on terror, is insurmountable enough. Imagine if the next global crisis after global food panic and global crop failure, is alien sightings and landings!

It will be the coup de grace for bringing the fractious humanity finally together in one-world government "if suddenly there was a threat to this world from some other species from another planet." As President Ronald Reagan had read out loud from his script at the United Nations podium in 1987: "we often forget how much unites all the members of humanity. Perhaps we need some outside universal threat to make us recognize this common bond. I occasionally think how quickly our differences worldwide would vanish if we were facing an alien threat from outside this world":

Coming soon to your local friendly skies, complete with the 'messiah' and the 'mahdi' descending from the heavens on the wings of dove, or the chariots of fire, in their final return to save the now united mankind against the common threats. Maybe there is something to this 'dajjal' story, the 'false messiah' lore after all! Brought to you courtesy of NASA's Universal Holographic Satellite Projection System.'

But I dare to think that the alien card appears more likely --- as the mahdi-messiah card could induce "uncontrolled predictability" into the

you are --- and so do hoi polloi reading this.

There really does not seem to exist anyone today who is also a somebody, who would boldly pick up the real gauntlet of moral integrity as the true moral agent in the public's service --- all only pay lip service to morality, to the responsibility of the writer as a moral agent, with a herd of hoi polloi following each one.

For every one whom they deceived, there is an innermost sanctum reserved in Dante's Inferno.

Not much good such immanent feelings of justice do today as new narratives are sanctified for future history and future revisionists, right before our very eyes --- and as unknowns, nobodies, without institutional level resources and organizational backing, there is nothing the rag-tag band of foolish rebels can do except to pathetically continue to shout in futility from their respective Speakers Corner in the new Hyde Park, the internet.

The Superman and hoi polloi both perceptively understand that reality of the full futility of challenging the narrative from the Speaker's Corner. Which is why, the pragmatic maxim: if you can't beat them, join 'em, guides most anyone who has even an ounce of pragmatism left in them. Let God take care of the rest.

I don't know why that maxim continues to fail on the handful of rebels, the mal contents however. The last of the breed of songbirds on earth whom legal entitlements alone, if not the continued impracticability of their endeavor, will eventually finish them off as some appendage of antiquity:

<http://humanbeingsfirst.blogspot.com/p/dying-songbird.html>

For some however, that is living a good life.

Live a good life, Lila Rajiva sensibly quotes from **Marcus Aurelius**:

The Dying Songbird

The Dying Songbird

Islamabad, Pakistan.

The whole aim of practical politics of dissent by genuine gadflies to power is to prevent the future fait accompli that is being engineered by 'history's actors' in the present. This is why genuine dissent, that with real teeth and non-zero efficacy, cannot be permitted to exist and flourish. It is instead replaced with manufactured dissent as an essential part of statecraft itself when the illusion of dissent and public opinion is to be maintained in a 'free' democratic society.

Rehearsing crimes of power after these crimes are fait accompli; after all the barbers in town already know it; after their disclosure as the narrative of official history through FOIA

'After 16 books and 25 years in basic research I thought I'd heard it all ... the world was a confused mess, probably beyond understanding and certainly beyond salvation - and there was little 'I could do about it.

Back in 1968 my Western Technology and Soviet Economic Development was published by the Hoover Institution at Stanford University. In three substantial volumes I detailed how the West had built the Soviet Union. However, the work generated a seemingly insoluble puzzle - why have we done this? Why did we build the Soviet Union, while we also transferred technology to Hitler's Germany? Why does Washington want to conceal these facts? Why have we boosted Soviet military power? And simultaneously boosted our own? In subsequent books, the Wall Street series, I added more questions - but no answers. I had more or less arrived at the conclusion that there was no rational answer that could be proven.

Then a year or so ago I received an eight-inch batch of documents - nothing less than the membership lists of an American secret society. Glancing through the sheets it was more than obvious - this was no ordinary group. The names spelled Power, with a capital P. As I probed each

declassification, whistle-blowing and deep-throat leaks, and in posthumous confessional diaries of monumental war criminals, none of which really reveal any real secrets, or only do so ex post facto when it is already a fait accompli; is either the job of the professional historian who relies on officialdom to write the official history pre-sanctioned by power by what it chooses to document and what it chooses to make-believe to posterity, or of manufactured dissent!

Let the twain: a genuine intellectual gadfly vs. fabricated dissent and its useful idiots, not be confused with each other!

The latter is the Superman who echoes the axioms of power underneath his supercilious dissent with it, or tells the obvious truth ex post facto, both to the applause of the instruments of power itself, while collecting all the well-intentioned activists and consciences around him. He is the collection-agent of power. His con-job is to ensure that dissent does not stray too far from home. The world is full of the latter, a modern necessity to complement the manufacturing of consent; to cunningly constrain dissent within acceptable limits when dissent is permitted in a 'free' society.

This brilliant Superman herdsman often comes anointed with super advanced degrees, titles, accolades, is well-published, most cited, and speaks with an MIT, Harvard or Oxford accent. He is as powerful in his dissenting "United We Stand" message to his tiny herd as the Superman orator is in his "United We Stand" message to the mainstream herd. The Superman herdsman of dissent is the more brilliant twin in the Hegelian Dialectic of manufactured consent vs. manufactured dissent.

Sutton

Here is a sample, pgs. 37-38:

'How can there exist a common objective when members are apparently acting in opposition to one another?

Probably the most difficult task in this work will be to get across to the reader what is really an elementary observation: that the objective of The Order is neither "left" nor "right." "Left" and "right" are artificial devices to bring about change, and the extremes of political left and political right are vital elements in a process of controlled change.

The answer to this seeming political puzzle lies in Hegelian logic. Remember that both Marx and Hitler, the extremes of "left" and "right" presented as textbook enemies, evolved out of the same philosophical system: Hegelianism. That brings screams of intellectual anguish from Marxists and Nazis, but is well known to any student of political systems.

The dialectical process did not originate with Marx as Marxists claim, but with Fichte and Hegel in late 18th and early 19th century Germany. In the dialectical process a clash of opposites brings about a synthesis. For example, a clash of political left and political right brings about another political system, a synthesis of the two, neither left nor right. This conflict of opposites is essential to bring about change. Today this process can be identified in the literature of the Trilateral Commission where "change" is promoted and "conflict management" is termed the means to bring about this change.

In the Hegelian system conflict is essential.
Furthermore, for Hegel and systems based on
Hegel, the State is absolute. The State requires
complete obedience from the individual citizen.
An individual does not exist for himself in these
so-called organic systems but only to perform a
role in the operation of the State. He finds
freedom only in obedience to the State. There
was no freedom in Hitler's Germany, there is no
freedom for the individual under Marxism,
neither will there be in the New World Order.
And if it sounds like George Orwell's 1984 - it is.

In brief, the State is supreme and conflict is used to bring
about the ideal society. Individuals find freedom in
obedience to the rulers.'

For the perceptive readers, my Report on [The Mighty Wurlitzer](#) is sufficient to comprehend both the **why** and **how** “militant Islam” has been made the dominant narrative of empire. In this article I focus on the “Terror Central”, Pakistan. The latest spate of terror attack, this time in my own city Islamabad, on March 03, 2014, which took the life of a young lawyer, Fizza Malik, and ten others, and the responsibility for it claimed by yet another manufactured terror network fancifully labeled *Ahrarul Hind*, which is stated to have phoned in its message to Pakistan's largest English language news daily, Dawn, cannot be overcome by merely continuing on with the core narratives of empire.

The Pakistani intellectual must rise to challenge, ab initio, the entire concept of terrorism beyond the accepted narratives spinned by the Pakistani media and opinion-makers of all stripes. Those who give any damn about this nation at all, even an iota's worth, must carefully examine the behind the scenes motivation which fundamentally drive worldwide terrorism today, of which Pakistan is a crucial link. Those with any power to do so must forcefully wrest control of the narrative from the agents, assets, and sayanim of empire who deny Pakistan's public any conception of these diabolical behind the scene forces of the Hegelian Dialectic that drive global terrorism, before the country can ever be effective in defending itself from its own domestic terrorism. The roots of this terror reach far deeper than the antediluvian “militant Islam” projected as being on the rampage worldwide. It penetrates right into the very heart of empire and enables its “imperial mobilization” worldwide.

The sorry fact that the entire establishment of Pakistan, in toto, is self-servingly pitching that imperial narrative while continuing to permit her sovereign territories to be *droned* by the sole superpower, with occasional outbursts of bravado by her own military in equally futile

military operations which mostly kill and displace her own innocent civilians, which in turn naturally seed from amongst the angry and traumatized survivors a continual supply of new recruits into the same terrorist cesspool of suicide bombers, bespeaks of the validity of the common man's rather empirical opinion that childish fools and brigands and blackguards are ruling Pakistan.

However, I still hope that at least some sensible military leaders of Pakistan, and its other elites with power to affect change and the will to pursue it, are reading this article.

Some of the following passages are excerpted from my 2009 essay: [Reflections on Modernity](#).

My all time favorite physicist of Pakistan, the MIT literate prodigy, Dr. Pervez Hoodbhoy, the scholar who contributed his own punditry to the mantra of Islamism in dialectical penmanship to Daniel Pipes' in erudite prose like "[Between Imperialism and Islamism](#)" and "[The Threat From Within](#)", once wrote me in response to my trying to get him to see that Bin Laden couldn't have done 911 as WTC collapses looked like controlled demolition and that he, Hoodbhoy, was failing to connect all the dots which clearly lead to puppetmasters, saying something to the effect: ~ *"remember how our ancestors connected the dots in the sky and saw all those shapes as their gods..."*.

So henceforth, Pervez Hoodbhoy judiciously avoided connecting the dots lest he too be misled into seeing things that aren't there, while of course finding it infinitely pleasurable to continue echoing the mantras and axioms of empire. Not only MIT trained scientists, but apparently almost all major scientists and scholars of any IVY and other lofty pedigree are pregnant with imperial wisdom in that way.

These brilliant scholars only see puppetshows, and painstakingly describe them, but never go towards uncovering the forces which drive them. Since I have already described their salient characteristics in detail before, let me

"Ironically however, the very innovations that are making possible dramatic improvements in human well-being are also creating new problems which raise the spectre of an alarming and possibly catastrophic disaster to the biosphere we live in. And herein lies the dilemma that we all face. Let me illustrate. Improved public health, has caused the world's infant mortality rate to decline by 60 percent over the last 40 years. just reproduce it here as its worthwhile to relate that to the topic at hand:

- None of them betray that they possess long term memories, or any comprehension of even recent history that can be contextualized to the present.

- None of them seem to have heard of 'covert-ops', 'black-ops', and 'false-flag operations'; none of them have read the shrewd analysis of the imperial thinkers themselves of the necessity of real mobilizing pretexts such as the "*New Pearl Harbor*" and "*clear and present danger*" as otherwise "*Democracy is inimical to imperial mobilization*".

- None of them apparently understand that covert-ops while they are operational and active, are meant to be secretive and mendacious, which is why they are called 'covert', and that their unraveling necessitates perceptively seeing beyond what's being deliberately made manifest and what's being insisted upon as '**two plus two equals five**' – for hard receipts for them will only be uncovered by historians through the famed declassification process post *faits accomplis* (i.e., ex post facto). The visible effects of these covert-ops and false-flag operations blamed on patsies is however commented upon with most erudite sophistication.

- Thus all of these 'astute' thinkers, commentators, and media pundits none too miraculously reach the same minimal and common conclusion space regardless of their own starting thesis, or the circuitous routes taken in their analysis and speculations, that at the bare minimum, the scourge of 'fundamentalism' and 'militant Islam' needs to be checked with renewed commitment in the global 'war on terror', or else no one in the 'civilized world' would remain safe from these antiquated Taliban style 'evil jihadis' and 'al

world's average life expectancy has increased from 46 years in 1950s to 63 years today. This is a development which as individuals we can only applaud. However the result of these positive measures is that the world population that has risen during the same short period of time geometrically to almost 6 billion people, and can exceed easily 8 billion by the year 2020. The negative impact of population growth on all of our planetary eco-systems is becoming appallingly evident. The rapid growing exploitation of the world's supply of energy and water is a matter of deep concern. And the toxic by products of widespread industrialization and increased atmospheric pollution to dangerous levels. Unless nations will agree to work together to tackle these cross-border challenges posed by population growth over consumption of resources and environmental degradation, prospects for a decent life on our planet will be threatened. The recent UN meeting in Cairo is appropriately focussed on one of these key issues, population growth. But the controversies which have erupted at the conference illustrate the problem of coming to grips with issues that are deeply divisive and which have a profound moral dimension. The United Nations can and should play an essential role in helping the world find a satisfactory way of stabilizing the world population and stimulating economic development in a manner that is sensitive to religious and moral considerations. Economic growth is of course an inevitable corollary of a growing population, and is essential to improved standards of living. But without careful coordination, unrestrained economic growth poses further threats to our environment. This was a major subject of discussion

qaaeda'. That root of terror has now been successfully showcased as residing in Pakistan – the '*Terror Central*'!

- The root of terror is further determined to be funded by Saudi Arabia, which is itself visibly seen to be pushing its Salafi-Wahabi-Deobandi brand of antediluvian terror upon its surrounding nations, from Syria to Pakistan, in cahoots with the Taliban and Al-Qaeda; in fact, it is variously argued that Saudi Arabia is largely behind the resurgence of the latter “insurgency” throughout the world.

- It is indeed deemed a ‘clash of civilizations’, not of the East and the West titans, but of ‘radical antiquated militant Islam’ and the rest of civilized humanity! That *“Today [even] if one could wipe America off the map of the world with a wet cloth, mullah-led fanaticism will not disappear”*, as the distinguished native-informant par excellence, the world class physicist Pervez Hoodbhoy, has conclusively observed in his latest analysis of the matter in *“Preventing More Lal Masjids”*, and which he had earlier explored in great analytical depth in *“The Threat From Within”*. And none [too] surprisingly, echoing the same mantra of Pakistan becoming a ‘terrorist sanctuary’ [as] CNN a few days ago [which] aired the documentary by Nick Richardson *“Pakistan – The Threat Within”*. The unanimity of this conclusion space is scary to say the least – at least for us Pakistanis.

- It would appear that the world’s leading thinkers, journalists, newsmen, scholars and leaders *“united we stand”* that Pakistan poses a serious threat to world peace! **Not the hectoring hegemon who have cleverly utilized 911 “to goosetep the Herrenvolk across international frontiers”** in what only appears to be another ‘*operation canned goods*’ or the ‘*Reichstag fire*’, the much coveted ‘*New Pearl Harbor*’ to achieve the ‘*transformation of [its] forces*’ to achieve ‘*full spectrum dominance*’

[Fighting the Terrorists But Supporting Their Ideology](#). In that article in 2009, I had again explained to the Muslim public mind that:

- The Muslim mind grossly misperceives the difference between gardeners and weeds. Focussing on weeds, no matter how eruditely, is inconsequential if the diabolical gardeners who secretly water it without revealing their role (wit Brzezinski “God is on your side”), and often also manufacture it (wit Zionism, Islamism), are not dealt with first. Their ‘ubermensch’ mind will always cultivate or synthesize newer varieties as deemed necessary for “imperial mobilization”.

- The first order problem is not the weeds, which is only the effect. The first order problem is their first-cause, the gardeners. These “weeds” do not grow to this level of social and political penetration all by themselves.

- The weeds are “tickled” into existence, fertilized, nurtured and harvested by the gardeners for crafting a perpetual enemy to fight against, often times as red herrings.

- While the unsuspecting public attention remains focussed on the weeds’ attention-grabbing plays in the left-field, the real game of “imperial mobilization” goes on in the right-field.

- The wanton terror of these weeds is at times naturally occurring, by the very fact of their continually fertilized existence, and by the “doctrinal motivation” of “[God is on your side](#)” fed them; at other times it is created on demand, as targeted false-flag operations subsequently blamed on the weeds who often die in the process; and always kept in the public mind by the power of [myth construction](#), of an elusive all powerful Ali Baba and his rapidly multiplying surrogates of “militant Islam” who not only threaten all of Westerndom, but the

A reader wrote to [Project Humanbeingsfirst.org](#) :

Dear Zahir,

Regarding Zionism and Israel, although I find it rather pervasive yet it is clear as daylight that they have established a hegemony in the style of the spread of internet, very much enmeshed in the fabric of power. I don't believe this is something that just happens, rather, it seems to me the culmination of decades of organized and conscious effort. It is not natural to see powerful Western nations, in particular US and UK, behave like they are subject to threat and hence need to appease this sinister force even at the expense and betrayal of their own population. Here in Canada, our PM shamelessly supports whatever they do, virtually like a zombie. And it isn't just the Conservatives, Liberals and NDP are in it, too. One of our NDP MPs, Libby Davies, was strongly reprimanded by the late NDP head, Jack Layton, and she had done nothing but express the obvious about Israel. One wonders how we have come to this that a bunch of thugs are can have so much power over our government.

It is so easy to be disillusioned and demoralized when one looks at what is happening in our Muslim nations, though I try to keep faith alive in humanity and decency and justice, reminding myself that for example, the darkest of the night is before dawn. And I also wonder why Russia and China do not provide adequate challenge to these insane financial and belligerent policies that constitute the USrael/UK agenda. It is

entire civilized world.

- The modern uniforms of this Western manufactured terror base are those of the Salafi-Wahabi-Deobandis-Taliban-Al-Qaeeda et. al. motif. Only the label and color of uniform varies to give the illusion of multiplying weeds.

- These vile surrogates and their sub surrogates work for empire in the many countries of the world no differently than NATO's Stay Behind Armies once did in the many nations of Western Europe; controlled through layers of compartmentalized handlers in cellularized semi-autonomous networks, and operating under the singular overarching directive to keep the threat of Islamofascism alive in the public mind.

- These terror cells may well be at liberty to do random terrorism just like in Operation Gladio of yesteryear; given leeway to settle petty scores among themselves in their competition to grow and prosper – say on cornering the opium, weapon, theology, or terror markets; even encouraged to serve the local political bosses and domestic intelligence apparatuses for the opportunities to corrupt and co-opt that it presents; while major catastrophic terror acts being centrally planned, coordinated, and rehearsed in compartmentalized teams for years to create the flawless executions seen in the many false-flag operations since 9/11, including 9/11.

- The fact that “Saudi petro dollars” are only in proxy service to their masters' voice is no state-secret.

Cut off the gardeners' resupply lines to the weeds, and the weeds will not only die their own natural death with no intelligence apparatuses and networks left to feed them, but that fate can then, finally, also be accelerated by some judicious use of “RoundUp”, the weed

Indeed. This is what the Rothschild scions have been quoted for 250 years: *"Give me control of a nations money supply and I care not who makes its laws"!*

With that one single primordial control over nations in the form of controlling their central banks, they created what you aptly described: *"they have established a hegemony in the style of the spread of internet, very much enmeshed in the fabric of power."*

'The real value of Tragedy and Hope ... [is the] bold and boastful admission by Dr. Quigley that there actually exists a relatively small but powerful group which has succeeded in acquiring a choke-hold on the affairs of practically the entire human race. Of course we should be quick to recognize that no small group could wield such gigantic power unless millions of people in all walks of life were "in on the take" and were willing to knuckle down to the iron-clad regimentation of the ruthless bosses behind the scenes. As we shall see, the network has succeeded in building its power structure by using tremendous quantities of money (together

agents of special assignments, with the task of forming special action groups among the most radical elements of the insurgency."

Replacing "Communist subversion" in the text above with "Islamofascist terror" or "domestic-terrorists' terror" makes what is being stated in this BBC documentary ominous. It begs the commonsensical question: **Is wanton acts of terrorism inflicted upon innocent civilians still a Machiavellian part of statecraft today?**

According to James Jesus Angleton, Head of CIA Counter Intelligence Operations from 1954 to 1974, and under whose watch all the momentous terroristic murders of America's most rebellious political leaders transpired (JFK, RFK, MLK, X), **Machiavelli is statecraft: "Deception is a state of mind and the mind of the state"**

Zbigniew Brzezinski, former president Jimmy Carter's national security advisor, observed the following in his 1996 book The Grand Chessboard:

"It is also a fact that America is too democratic at home to be autocratic abroad. This limits the use of America's power, especially its capacity for military intimidation. Never before has a populist

with the vast influence it buys) to manipulate, intimidate, or corrupt millions of men and women and their institutions on a world-wide basis.' (W. Cleon Skousen, The Naked Capitalist, pg. 6)

See "[Monetary Reform: Who will bell the cat?](#)" for a fuller examination of why it is next to impossible to overturn this all-pervasive corrupt-power once it has been legally granted to the predators.

It makes no difference, once this predatory power is granted and unleashed upon the public, who sits in the White House or the Congress. And the same is true of Canada, the EU, and the UK. I examined this in 2008 on the eve of US presidential elections and called for the boycott of the elections to give a low voter turnout in order to demonstrate the illegitimacy of democratic institutions once such power has been legally granted to the bankster fraternity. It is in this essay: "[Not-Voting is a 'YES' vote to Reject a Corrupt System](#)".

So yes, all democratic systems of governance under their respective constitutional republic fabrics have been entirely co-opted by such private power. It is that power and its affiliation with Zionism which makes all the western nations beholden to Zionism. If instead of Zionism, the predators had chosen to ally themselves to some new ideology, say "Babism" or "Mayaism" -- just cooking up some terms -- then it would have been those ideologies which would now be holding their Damocles' sword upon the peoples of the earth.

In their present alliance with Zionism, the end goal is World Government by the financial oligarchy. All the global crises we see are merely enabling vehicles for this new system of global management of the planet, which to me appears will be ruled from Tel Aviv and legislated from the New Jerusalem -- the claimed hometowns of the Rothschilds. It is obvious that this is already coming true -- for those who rule the White House, the sole unchallenged superpower, also rule the world. Soon, very soon, they will supplant the White House and rule the world directly as the new ruling state without pretensions. Zion will be the new "peace-maker" for the planet in her one-world

[illegible]

The realization of the immenseness of this interlocking power-structure remains invisible in the struggle for Palestine among the Palestinians and their supporters. That is the real tragedy – that mankind has collectively failed to recognize the nature of this all-pervasive power which has besieged the world for over a hundred years by riding on the backs of world wars, empires, and presently the sole superpower.

Who or What can unlock their octopi grip on the affairs of the world when people don't even [want to] see the octopus?

To its right is a box with a globe icon and the text "The World as a System". Below the central circle is a box with a globe icon and the text "The World as a System". The diagram is composed of various nodes, boxes, and lines, representing a global network. The nodes contain text and symbols, and the lines represent connections between them. The overall structure is a complex, interconnected web of information.

Truman, the 33rd President of the United States, in a 1947 National Security Council directive known as NSC 10/2, signed the Machiavellian idea of **“Plausible Deniability”** and public deception as essential to undertaking successful covert operations:

'NSC 10/2 directed CIA to conduct “covert” rather than merely “psychological” operations, defining them as all activities “which are conducted or sponsored by this Government against hostile foreign states or groups or in support of friendly foreign states or groups but **which are so planned and executed that any US Government responsibility for them is not evident to unauthorized persons and that if uncovered the US Government can plausibly disclaim any responsibility for them.**”'

These Machiavellian insight into the calculus of statecraft by American statesmen themselves beg the obvious question: **Does “Plausible Deniability” still continue after the end of the Cold War, and if so, how does it manifest itself?**

The Muslim mind grossly misperceives the difference between gardeners and weeds. Focussing on weeds, no matter how eruditely, is inconsequential if the diabolical gardeners who secretly water it without revealing their role (wit Brzezinski "God is on your side"), and often also manufacture it (wit Zionism, Islamism), are not dealt with first. Their 'übermensch' mind will always cultivate or synthesize newer varieties as deemed necessary for "imperial mobilization".

The first order problem is not the weeds, which is only the effect. The first order problem is their first-cause, the gardeners. These "weeds" do not grow to this level of social and political penetration all by themselves.

The weeds are "tickled" into existence, fertilized, nurtured and harvested by the gardeners for crafting a perpetual enemy to fight against, often times as red herrings.

While the unsuspecting public attention remains focussed on the weeds' attention-grabbing plays in the left-field, the real game of "imperial mobilization" goes on in the right-field in the guise of countering the terror being continually manufactured by these weeds; at times naturally by the very fact of their continually fertilized existence and the "doctrinal motivation" fed to them; at other times on demand as targeted false-flag operations blamed on the weeds who often die in the process; and always by the power of myth construction of an elusive all powerful Ali Baba and his rapidly multiplying surrogates in the now well-fertilized terrain of "militant Islam" who not only threaten all of Westerndom, but the entire civilized world.

These vile surrogates and their sub surrogates work for empire no differently than NATO's Stay Behind Armies did, through layers of compartmentalized handlers.

The fact that "Saudi petro dollars" are only in proxy service to their masters' voice is no state-secret.

Cut off the gardeners' resupply lines to the weeds, and the weeds will not only die their own natural death with no intelligence apparatuses left to feed them, but that fate can then, finally, also be accelerated by some judicious use of "RoundUp", the weed killer!

And because frequently occurring “worthy victims” continually refuel the necessary “*doctrinal motivation, intellectual commitment, and patriotic gratification*” to sustain “*imperial mobilization*” since “*democracy is inimical to imperial mobilization*” as Zbigniew Brzezinski puts it, it is not beyond empire to create the “worthy victims” itself using the bad guys as stooges.

Understanding Manufactured Dissent

The whole aim of practical politics of dissent by genuine gadflies to power is to prevent the future fait accompli that is being engineered by 'history's actors' in the present. This is why genuine dissent, that with real teeth and non-zero efficacy, cannot be permitted to exist and flourish. It is instead replaced with manufactured dissent as an essential part of statecraft itself when the illusion of dissent and public opinion is to be maintained in a 'free' democratic society.

Rehearsing crimes of power after these crimes are fait accompli; after all the barbers in town already know it; after their disclosure as the narrative of official history through FOIA declassification, whistle-blowing and deep-throat leaks, and in posthumous confessional diaries of monumental war criminals, none of which really reveal any real secrets, or only do so ex post facto when it is already a fait accompli; is either the job of the professional

And the most fruitful realization of Captain Rhett Butler's swashbuckling truism is yet to come, the profiting “*from the upbuilding*” of civilization: the new Gold Standard which will be pitched with Congressman Ron Paul's help as the panacea demanded by the peoples. Since all the world's gold bullion supply, and the world's gold mines, are already under monopoly control of the same arsonists, no problem.

In the New Economic World Order, with global central banks – themselves controlled from behind the scenes by the same handful of private family banks owned by the Rothschilds, the Rockefellers – managing the world's merged global monetary system as well as all the world's political governments in a global governance architecture, it won't be a problem returning to the Gold Standard. All the fine gold will have to be purchased from the

historian who relies on officialdom to write the official history pre-sanctioned by power by what it chooses to document and what it chooses to make-believe to posterity, or of manufactured dissent!

Understanding the Intellectual Nigger who plays dissent

Malcolm X, assassinated by the “*lone gunman*” along with other recalcitrant political leaders of the United States in the 1960s, offered the following perceptive description of the *house nigger* and the *massa* in his autobiography:

“Today's Uncle Tom doesn't wear a handkerchief on his head. This modern, twentieth-century Uncle Thomas now often wears a top hat. He's usually well-dressed and well-educated. He's often the personification of culture and refinement.

The twentieth-century Uncle Thomas sometimes speaks with a Yale or Harvard accent. Sometimes he is known as Professor, Doctor, Judge, and Reverend, even Right Reverend Doctor. This twentieth-century Uncle Thomas is a professional Negro ... by that I mean his profession is being a Negro for the white man.” -- (Malcolm X, The Autobiography of Malcolm X, 1964, 1999 hardcover edition, Chapter Black Muslims, page 265)

Martin Luther King Jr., also assassinated by the “*lone gunman*”, inspired by Malcolm X's unrelenting witticism, also dared to reluctantly capture the mind of the house nigger who eats from the massa's plate thusly:

“The white establishment is skilled in flattering and cultivating emerging leaders.

same private international banksters in order to back the trillions in new common currency issued for transacting the entire world's commerce. How convenient once again!

The new monetary system will be happily made inflation averse amidst cheers from the foolish goyem of the world. The new gold based standard after all, does have to protect the enormous wealth of the private banksters from inflationary-erosion in a largely serf-world of the New World Order, wherein, the only real asset owners are the banks. The new financial empire also has to be stable enough to last a millennium! Can't have inflation eroding away all its loot as it did moms and pops meager assets and life savings in the twentieth century. Why indeed the Gold Standard will now make perfect sense for the banksters and the handful of real wealth owners of the world, was so passionately explained over a hundred years ago by William Jennings Bryan, that it is best refreshed in the goy's mind directly from the horse's mouth. The contorted dialectical brilliance of the devilish banksters is truly unsurpassed!

Caution – Winding Road Ahead: One also has to be cautious of Congressman Ron Paul's End the Fed H.R. 833 and all variations thereof, that it does not end up creating a cosmetic veneer in its implementation as did the superficial nationalization of the Bank of England, whereby, its effective control was retained in the same private bankster hands. The hidden agenda in any public nationalization of the FED would be to bring it on par with the European Union Central Bank so that the private banksters can continue on with their calculated moves for consolidating the new uniform global monetary system. A nationalized FED would be the precursor to the North American Union Bank.

These international banksters are masters of legal shenaniganism as is evident from their crafting of the Federal Reserve Act of 1913, pitching the same plan through both the

It presses its own image on them and finally, from imitation of manners, dress, and style of living, a deeper strain of corruption develops. This kind of Negro leader acquires the white man's contempt for the ordinary Negro. He is often more at home with the middle-class white than he is among his own people. His language changes, his location changes, his income changes, and ultimately he changes from the representative of the Negro to the white man into the white man's representative to the Negro. The tragedy is that too often he does not recognize what has happened to him." -- (Martin Luther King Jr., A Testament of Hope, page 307)

Witness the following statement by Lord Babington Macaulay, in his speech before the English Parliament in 1835 devising the new education policy for the Indian sub-continent – the Jewel in the Crown of the British Empire – to deliberately fashion the *house nigger* to serve empire:

"We must at present do our best to form a class who may be interpreters between us and the millions whom we govern, --a class of persons Indian in blood and colour, but English in tastes, in opinions, in morals and in intellect." -- (Lord Thomas Babington Macaulay, Minute on Education, 2nd February 1835, page 8)

Republican Party and the Democratic Party as fake oppositions to each other, and the latter version rammed through Congress on Christmas eve. This time around, the tactics may entail the carefully crafted 'Messiah' figure and the handful of cultivated 'Rebel' figures both backing it, and each pitching it to their respective constituency. This way, they will claim transparency to make up for the previous time around. It is essential that the people understand the depth of the banksters' 300 years of devilish experience in orchestrating cleverly disguised private central banks. Conclusion Postscript March 2014:

There is no change in assessment since 2008. Any money system can be made to work non-predatorily. The issue is not which system is better, no not at all, although that has been made the primary issue by both monetary reform advocates and by the banksters themselves. That construct is a red herring. The real issue is how to make the system non-predatory in the presence of the controlling oligarchy and its primacy imperative. That, and only that, is the principal issue. Once the power to issue money has been granted to the bankster fraternity, regardless of the system itself, all is lost. As the Rothschild scion have stated time and again, something to the effect: grant us the power to issue a nation's money and we care not who makes its laws.

True to that boast, it has empirically made no difference, once this predatory power was "legally" granted to the banksters and

In summation, self-inflicted terror, manufactured by Machiavellian techniques of perception management and narrative control which employ a retinue of stooges, dupes and patsies, is always accompanied by cloaking narratives of the Mighty Wurlitzer in order to make the act of terror achieve its core purpose of mass behavior control. In order to deflect the intelligent people among the public from unraveling the covert agenda and being believed by the masses, villainous methods ranging from "plausible deniability" to alleging "conspiracy theory" are employed to confuse and mislead the rest of the public from believing the unraveling.

unleashed upon the public, who sits in the White House or the Congress. And the same is true of Canada, the EU, the UK. The debt straddled Global South, being strangled under 56 trillion dollars in debt to the banksters' lending agencies as developmental loans in a perpetual lender's trap, is in no position to stand up to the World Bank and the IMF to strike out independently on their national money when the de facto international currency of the lending agencies itself, and the de facto international trade currency, one and the same, is under the banksters' control. Compounding all that with the fact that the world is now perched on the cusp of a World Order that bespeaks of global governance, global police-states, and global Orwellian mind control, monetary reform effectively means the changes the banksters wish to institute themselves in the guise of monetary reform to protect their own "legally" acquired hard assets – the earth, all that exists within, and all that toils therein!

Because of this near fait accompli of power, already consolidated in the hands of the international banksters, firstly, this power cannot be taken back as easily as it was given away in every nation. The world already witnessed the immenseness of this power during the 2008 bankster bailout bill despite virtually the entire United States peoples being against it. And secondly, it makes all monetary reform proposals that are not suspect of being

Not that complicated is it, once the diabolical methods of Machiavellian statecraft and its engagement with the Hegelian Dialectic are understood. Without achieving that perceptive understanding however, the whole concept of self-inflicted terror indeed appears like a 'kookish' conspiracy theory.

Understanding Current Affairs

So now go and apply all that knowledge and insights learned to understanding current affairs. All larger than life terrorist acts worldwide, from the “terror central” which is Pakistan to the United States' 9/11, London's 7/7 to India's 26/11, and Afghanistan to the Middle East, the so called asymmetric warfare between non-state actors creating “insurgency” and the state-machinery's heavy-handed response called “counter-insurgency”, both designed to augment the perpetually drummed-up international threat of “rogue-states” destroying the civilized world with their ill-gotten WMDs, are part of that same calculus of “imperial mobilization”. The Machiavellian import of the statement: ***“But the pursuit of power is not a goal that commands popular passion, except in conditions of a sudden threat or challenge to the public's sense of domestic well-being.”***, suddenly takes on real empirical dimensions from mere words in an imperial paperback. The publicly reported facts by mainstream news and telling photographic/video images that have emerged on the internet from the Boston Marathon Bombing of 2013, begin to make a lot more sense when viewed from this overarching diabolical calculus, of a self-inflicted *Operation Gladio* Boston, than what the mainstream narratives echoed from federal, state, and city officialdom would have one believe.

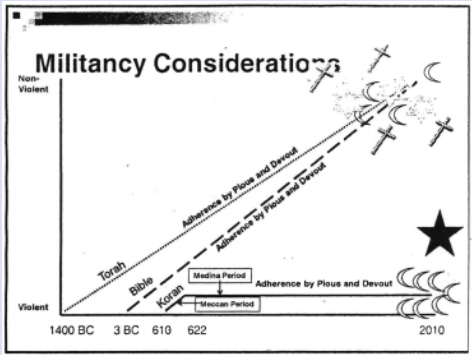

Indeed, a careful re-examination and consequent unlayering of all prior public beliefs that are based primarily on the officialdom's narratives of who committed all these terror

banksters' own ploy, or introduced principally to sow confusion, and all genuine endeavors for monetary reform, DOA – Dead on Arrival. Virtually all prominent monetary reform advocates, it would appear, are either controlled opposition instituted by the banksters themselves to effectively thwart any impetus for genuine reform that might be inimical to their own narrow self-interests, or are all but hopeless romantics and idealists who are best characterized by the proverb: *if wishes were horses, beggars would ride*. None of them appear to be students of political science even if some appear to be most sincere in their protestations of banking power. And they mostly tend to speak in platitudes and clichés when asked how they plan to introduce their great reforms which they claim will go against the banksters' interests.

However, to the credit of a handful of immensely courageous rebels in this space, the accurate unraveling of the mystery and obfuscation surrounding the issuance and control of money, and the history of how it came to be “legally” consolidated in the hands of the banker fraternity, of course helps the public mind to understand both the nature of money, and the power of the *Money Trust* which controls it! It is because of their efforts that this scribe acquired a great deal of understanding of the core issues. The first name to mention is Eustace Mullins. It is this scribe's conclusion that it was indeed Mullins' seminal book, *Secrets of the Federal Reserve*, which must have forced the banksters to commission or permit Carroll Quigley's *Tragedy and Hope*. The latter specifically downplayed the role of the House of Rothschild in the post World War II current affairs. Mullins had not spared that name and Quigley, it would appear, was brought in by the oligarchy for damage control through Limited hangout in the form of a meticulously compiled secret history of the control of world affairs from behind the scenes. G. Edward Griffin made some excellent documentaries that

acts, and why, from the first catastrophic terrorism on 9/11 in New York to its mostly psy-ops sibling on 4/15 in Boston, can induce severe *cognitive dissonance*. It is the state of mental discomfort upon realizing that virtually everything one has been led to believe in these matters, may in fact be nothing more than just *Alice in Wonderland* make-belief. That, the real imperial play going on in the left-field is something else entirely, while the public's attention is diabolically drawn to the staged-theatrics of *Islamofascist terror* in the right-field!

As soon as one realizes this monumental public fraud, of manufactured and synthetic terror being instrumental for "imperial mobilization", suddenly all the wonderful people worldwide, from statesmen to politicians to intellectuals, who have led the gullible public to make-believe in the tooth-fairy *Osama Bin Laden* and *Al Qaeeda*, themselves become the **NEW PUBLIC ENEMY NUMBER ONE** --- Oh what a shift in enemy a mere shift in perspective can make when one learns how to separate propaganda from the reality of the matter:

Caption An FBI video presentation titled "Militancy Considerations" measures the relationship between religion-piety and violence among the followers of the texts of the three Abrahamic faiths [the god's chosen people obviously coming out on top!!!] As time goes on, the followers of the Torah and the Bible move from "violent" to "non-violent." Not so for devotees of the Koran, whose "moderating process has not

brought Mullins' and Quigley's revelations to the mass public mind. The documentaries by Bill Still and Paul Grignon continue that tradition of public education.

Understanding the enemy perceptively, in all its manifestations, and stripped off of its layers of deception, is always the first step in even beginning to wage an effective battle against its web of control. But that understanding alone is not sufficient. One also has to understand one's own strengths and weaknesses, and what power one can bring to bear to confront the enemy. Sun Tzu expressed that wisdom most succinctly in the Art of War some 2500 years ago:

'If you know the enemy and know yourself, you need not fear the result of a hundred battles. If you know yourself but not the enemy, for every victory gained you will also suffer a defeat. If you know neither the enemy nor yourself, you will succumb in every battle.'

Understanding "Imperial Mobilization" Today – What is it?

Imperial Mobilization to induce "**birth pangs of a new Middle East**" is variously blamed upon:

the Zionist agenda for *Eretz Yisrael* ;

and/or upon the sole superpower's *Primacy and Its Geostrategic Initiatives*, as architected by Zbigniew Brzezinski, to preemptively acquire and extract the natural resources in the Middle East and Central Asia before any other nation or group of nations can rise to challenge its dominance.

The former Zionist agenda is pitched as the ungodly wars waged by the Jewish neocons who dominate Washington, blueprinted in their PNAC and other Wolfowitz drawn strategy

This same fellow was mainstream just a little while back --
- he even voted for Mr. Obama in 2008 --- just watch him now!

Good for your Mark Novitsky.

While the born-again young rebel, whistle-blower and interlocutor extraordinaire, Mark Novitsky fondly remembers the late Senator Paul Wellstone's contributions to his beloved nation, I hope I may be forgiven to wonder out loud:

Dear Senator Paul Wellstone --- I hope you can hear me up there. I just wonder if you had voted for the Patriot Act-I in September 2001 that turned your nation into a Police state; voted for the invasion of Afghanistan in September 2001 that brought blood upon the hands of your nation which no perfumes of Arabia shall ever wash off; and had bought into the 9/11 fiction of Al Qaeda and Osama Bin Laden terrorists violating America's chaste virginity on that very first day that that rape of America happened when of all the peoples in America, it was your job to be wide-awake, and to wake intelligent people like Mark Novitsky up so that the pretext for "imperial mobilization" and the "transformation" into New World Order could have been nipped in the bud? I just wonder....

Every nation needs its heroes. I guess you are it Mr. Wellstone for this born-again generation. May God rest your soul in peace... and may the angels miss their count of how many died in Afghanistan due to that first evil congressional

documents for *Securing the Jews-only Realm*.

The latter superpower agenda is pitched as the wars of primacy for America's sole preeminence, blueprinted in Zbigniew Brzezinski's *The Grand Chessboard* and in Pentagon's many *Joint Vision* strategy documents.

Both premise, while appearing sensible in 2003 when I too employed them in my maiden book *Prisoners of the Cave*, in the light of today's empiricism outright lead to absurdities.

America is going bankrupt due to these global wars with rising national debt which now stands in the 13 trillion dollar range as officially reported by the US Treasury, and its budget deficit this year, 2011, is 1.4 trillion dollars. This means America has to borrow, i.e., have its central bank the Federal Reserve print, 40 cents for every dollar it spends, thus also commensurately increasing the national debt and the burden upon the already suffering American tax payer.

What sort of idiotic primacy agenda for *preeminence* is that?

The United States hasn't been able to extract any of the natural resources either from the Middle East and Central Asian soils anymore than she was already extracting previously – as much as it wanted – with its own coddled dictators firmly in power.

Why did she need to wage murderous wars to decimate the region to remove its own cultivated dictators?

It also sure hasn't been good for the Anglo-American oil companies – they can't do business when the region is torn asunder by the cycle of insurgency and counter-insurgency manufactured by the Anglo-American Allies themselves. Same in Afghanistan – no pipelines, only the so called quagmires, as even the mainstream news of the United States puts it.

vote that sanctioned the invasion of Afghanistan, and from which all the other evils have followed in the world. That first vote---- May the Angels overlook it. Everyone was in shock in America, they shall surely understand. In any case, it was only the untermensch, the unworthy victims 20,000 miles away who were gonna be paying the price of that congressional vote with Daisy Cutters, not the worthy American children I just gotta wonder about these things – for evidently no one in America ever does. The good Americans wake-up when their own bacon is being fried, and sing the songs of their own heroes. Never the count of how many dead untermenschen... the price of their vote. Oops I forget, the Pentagon also does not keep count of them, so why would anyone else...

As you surely already know by now, At Nuremberg, that first invasion of Poland by the Third Reich using their own 9/11 'Operations Canned Goods' "to goosetstep the Herrenvolk across international frontiers", was deemed to be a crime of aggression so first-cause that it was even termed by the US Chief Prosecuting Counsel the "supreme international crime differing only from other war crimes in that it contains within itself the accumulated evil of the whole". All those who voted, participated, and aided and abetted in that first-cause were called 'war criminals' – despite their pleas that it was waging a war against the terrorist Poland. Some of them were hanged. But of course no such victor's justice exists for a pious unsurpassed superpower that has turned into the Fourth Reich with such short term memories.... Now they become heroes because they refused to kill any further, and stopped earlier than others. May the angels overlook that first count --- it was only the trial run before the conscience wakes up. That wakeup is intended to wash the slate clean. Perhaps Mr. Wellstone you can verify that for your Judeo-Christian followers.

May God rest your soul in peace.

As for Israel, if Eretz Yisrael is the principal reason for decimating Iraq with millions of tons of Depleted Uranium munitions, destroying its fertile top soils and bountiful water tables, not to mention the ancient DNA of its inhabitants, and with only immense hatred and ire of its millions of Arabs now irretrievably implanted to greet the Zionist from Israel if they ever set foot onto its soil for resettlement, then the Jews can't really occupy that land for themselves now can they?

What did the Israelis really gain by brutally removing the servile Iraqi puppet of their own client state, the United States?

Only chaos in the region!

What Zionistan's founding father, David Ben Gurion, would have easily called "revolutionary times". Well, according to that science of hegemonic conquest, these chaos-like conditions in the Middle East have also only created more fertile grounds to administer further mind-fcks to the natives because ***"what is inconceivable in normal times is possible in revolutionary times"***.

What other benefit? Perhaps some smaller equally compliant but unstable ethnic principalities carved out of the former equally compliant monolithic and stable Iraq, which today lies in ruin.

But wait, NO Eretz Yisrael!

Only enormous hatred for Israel, and America.

What an agenda for preeminence!

Only the keystone cops could have blueprinted it.

Hmmm....

How Manufactured Dissent contributes to War Crimes – Sibel Edmonds Revisited

Caption Classified Woman - The Sibel Edmonds Story Revisited: Witting manufactured dissent or Unwitting useful idiot? You decide! (bookcover image via classifiedwoman.com)

The following look at Sibel Edmonds illustrates how dissent contributes, unwittingly, or wittingly, to the "doctrinal motivation" of empire that ab initio launched, and now sustains, its "imperial mobilization". These quoted phrases are not mine but Dr. Zbigniew Brzezinski's from his American Mein Kampf, The Grand Chessboard - American Primacy and Its Geostrategic

It is best summed up in Sun Tzu's *The Art of War* for all those handful who dare to stand up but continue to flounder chasing red herrings:

'If you know the enemy and know yourself, you need not fear the result of a hundred battles. If you know yourself but not the enemy, for every victory gained you will also suffer a defeat. **If you know neither the enemy nor yourself, you will succumb in every battle.'**

For all the rest of silently spectating mankind, the image below speaks it all:

Caption Silence is a WAR CRIME: ***“and I still curse the killers, their accomplices, the indifferent spectators who knew and kept silent, and Creation itself, Creation and those who perverted and distorted it. I feel like screaming, howling like a madman so that that world, the world of the murderers, might know it will never be forgiven.”*** (Nobel Laureate Director of the famous Holocaust™ Museum in Washington DC, Elie Wiesel, the self-proclaimed “traumatized Jew” and “melitz yosher” as the “defender of Israel” after surviving the infamous Nazi Holocaust™, writing in his memoir *All Rivers Run to the Sea*)

That is the present score!

Imperatives ---- And most criminally, virtually all the “rebels” of the world who maintain that 9/11 was done by “militant Islam”, an invasion from abroad, are part and parcel of this same diabolical exercise to corral the public mind for imperial mobilization because, as Brzezinski summed it up: ***“Democracy is inimical to imperial mobilization”***. Nothing that might interfere with that exercise of imperial power can be permitted, and that includes dissent which is so laudably encouraged in the so called “free societies” of advanced Western democracies.

The neutralization of dissent by the control of the narrative to ensure that consent is effectively and continually engineered among ***“the crowd of simpletons and the credulous ... when the voting papers of the masses are the deciding factor”***, as Hitler had so colorfully put it in his *Mein Kampf*, is evidently not taught in America's dissent landscape. It has been made a taboo topic, just like many other taboo topics in Western freedoms. Try challenging the official Holocaust narrative and immediately finding oneself without a job, for instance. In Europe and Canada, one actually goes to jail for it. Often, self-policing succeeds as much for unwittingly co-opting dissent as it does for manufacturing consent. However, more pernicious are the actual assets, the brilliant superman (in Nietzsche's parlance) diabolically planted in society, as journalists, academics, whistleblowers, et, al., who wittingly and willingly deceive the public with the exact same big lie in their dissent against empire as the mainstream scholars and intellectuals do pitching for empire. This Mighty Wurlitzer's machinery subsequently acquires a natural life of its own, catching in its deceptive wake many an unwitting accomplice who come to believe the big lies and echo it in their own celebrated dissent. Not sure how the two can be easily disambiguated – those who lie unwittingly because they believe the big lies themselves, i.e., self-deception, and those who are just ideological mercenaries, i.e. superman. Both are often highly intelligent, and to my mind,

In the Age of Deception

The age of deception

Zahir Ebrahim | [Project Humanbeingsfirst.org](http://ProjectHumanbeingsfirst.org)

George Orwell observed that: In the age of universal deceit to tell the truth is a revolutionary act. I would humbly like to trump that truism with an even greater one: In the age of universal deceit, to learn the truth is a revolutionary act!

One of the former directors of the CIA responsible for counter-insurgency (counter-intelligence) operations in the United States, from 1954-1974, and under whose watch all the prominent assassinations of the 1960s transpired, James Jesus Angleton, is reported to have observed two additional universal truths: 1) When everything the American people believe is false, we will know that our disinformation (or propaganda) is complete; 2) Deception is a state of mind and the mind of state.

It would appear that the spymaster JJ Angleton far better understood the public mind than the seminal novelist George Orwell.

The revolution Orwell endeared his generations of readers toward is next to impossible when reality is brought to the public mind wrapped in layers of deception, like an onion. The exposé of [Israel Shamir](#) is the rare oddity that these layers of deceit got automatically peeled away by a single photograph. It does not normally happen --- which is why dissent-con artists are able to thrive in the West so prolifically.

What is truth and what is falsehood?

Who is the con man and who is the prophet?

remain indistinguishable, unless they can be shown to be outright morons and mental midgets who, despite their high-falutin credentials, are ignorant of the vile and sordid history of false flag operations and self-inflicted terror as pretexts. Such blame can, however, hardly be laid at the doorstep of the brilliant high achievers who typically populate the avant-garde dissent-landscape and are celebrated as the grand conscience of the nation.

At Nuremberg, I often wonder, had engineered-dissent been part of the state sanction of the Third Reich to corral the type-2 and type-3 people whom Hitler had chosen to ignore as part of his engineering consent among the mainstream, the type-1 as he classified the categories of the public mind in Mein Kampf, would manufactured dissent con artists have escaped condemnation as having directly contributed to aiding and abetting the core lies, first lies responsible for enabling and sustaining all the war crimes of World War IV (II then) that followed?

Indeed, if Nuremberg set the precedent for making aggression culpable, in the immortal words of Robert Jackson, the chief prosecuting counsel for the United States, as the supreme international crime: ***“... the supreme international crime differing only from other war crimes in that it contains within itself the accumulated evil of the whole”*** from which ***“all the evil that follows”*** is on the aggressor's sole neck, then, the core lies which enable aggression belong to the same logic. That was even proved by the military War Crimes Tribunal rejecting Nazi Operation Canned Goods, the pretext for launching the invasion of Poland, as nothing but a self-inflicted wound, a big lie, to ***“goosestep the Herrenvolk across international frontiers”***, as Robert Jackson successfully demonstrated to the Military Tribunal. Jackson went even further. To deny charges of victor's justice, he piously argued: ***“... we are not prepared to lay down a rule of criminal conduct against others which we would not be willing to***

Almost impossible to disambiguate in today's modernity -- and that is part of the success of the hard road to world order ----- from Palestine to World Government.

While the Western and Eastern fools, the useful idiots, and assorted Trojan horses planted from academia to academia, from NGOs to NGOs, from media to media, and from politics to politics, both Republican and Democrat, both Left and Right, and all degrees in between, as the key assets of the oligarchy continue to rehearse the crimes of state, the oligarchy that controls the state and its statesmen continues its march to global governance making it all look like happenstance of state sponsored hegemony.

No --- it is not the **Hans Morgenthau's state** which is the first actor in the crimes against humanity. It is the behind the scenes conspirators, in an **open conspiracy**, who are the primordial first actors, and from whose primacy acts all the evil follows which is cleverly, and legally, blamed upon the state.

It is they who weave the onion of deception, making it so systemic, and endemic, that it becomes like the air we breathe, unnoticed. But it necessarily cradles all our thoughts and acts in the presuppositions bequeathed to our learning about the world. And most important, it also cradles our conscience, our resistance, and our willing compliance.

We simply are unable to escape those presuppositions when even our most learned teachers, our most notable consciences, our best moral minds, are in on the act as the Hegelian Dialectic of Deception. Because, without it, that state of mind that is the singular target of perception management from generation to generation, from school to school, and from nation to nation by the ruling state that dictates all narratives of history, the education curriculum, and the parameters of acceptable discourse, cannot transpire.

These are the controllers outside the cave that

have invoked against us."

The subsequent fate of Nazi philosopher Dr. Alfred Rosenberg, and Nazi Reichminister for Propaganda Dr. Joseph Goebbels, is known to us all. If propaganda to control the public mind was not merely passed off as "freedom of speech", and Goebbels didn't escape the fate of vulgar propagandists, he only cheated the hang-man's noose with cyanide (see images [here](#)), then even propagandists who connivingly manufacture dissent, and aid and abet in promulgating the core-lies of empire in the name of freedom of speech, have a legal precedent before them --- only waiting to be argued by the likes of a future Robert Jackson at a future Nuremberg, victor's justice notwithstanding.

Just a thought.

Perhaps the brilliant dissent scholars of America may offer their wise opinion on the legality of hanging all vulgar propagandists today, and how they might go about framing who is a propagandist and who is merely using "freedom of speech" and "freedom of academe", keeping the precedents set at Nuremberg in mind. Specifically, I appeal to Dr. Francis Boyle who has at least multiple degrees in framing International Law, and Dr. Noam Chomsky, my own former professor who taught me all about Nuremberg, victor's justice, and hypocrisy.

But when the victors make the law, then like the proverbial king, the law-givers decide who is the pirate and who's the emperor.

Legalism or not, morally we already know where all narrators of the big lie stand.

Plato spoke of in his allegory of the cave in *The Republic* 2500 years ago.

The case of [Israel Shamir](#) is a most unusual case of all layers of the onion, all dramas enacted on Plato's cave before the prisoners of the cave, coming apart with a single photograph. The serendipitous unraveling of this case betrays the causal connections on the Hard Road to World Order between its assets and the oligarchy. These connections, always nebulous, always removed from the first cause with many degrees of separation, became visible in this one case --- because of the stupidity of Israel Shamir. He helps us understand the modern snake oil Superman as distinct from the nearly extinct [Songbird](#).

More examples of notable names playing the Hegelian Dialectic of Dissent are in my [Report on the Mighty Wurlitzer](#) and in [Songbird or Superman – You Decide!](#) .

A déjà vu to keep reminding ourselves that no one, absolutely no one, in modernity may be as they claim to be. Perception management is the most essential instrument of statecraft today. It trivially enables behavior control of the public mind, with the public mind itself consenting to its own servitude.

No psychology, sociology, and international relations professor in the entire Western academe, news media, and officialdom to politicaldom dare go there! Until it is all ex post facto – as was the case for the million thesis volumes on the “banality of evil” at the conclusion of the Third Reich!

For your reading pleasure.

Undoing the Theft of Palestine

Self-Policing the Palestinian Struggle

By Zahir Ebrahim | [Project Humanbeingsfirst.org](#)

Sun Tzu wrote in the Art of War some 2500 years ago:

'If you know the enemy and know yourself, you need not fear the result of a hundred battles. If you know yourself but not the enemy, for every victory gained you will also suffer a defeat. If you know neither the enemy nor yourself, you will succumb in every battle.'

After over three decades of interaction with Zionists beginning immediately upon my arrival at MIT as an undergraduate and latching on to the "vigorous" dissent of Noam Chomsky, and after as many years of friendship with Palestinians beginning at Engineering University in Lahore Pakistan as a teenager looking for my own intellectual footings for the first time in my life and naturally siding with the "mazloomeen" (the oppressed) as is often the norm when passing through those gates of idyllic years, finding the key to unlock the mysteries of the universe has been an elusive pursuit. As Elie Wiesel had put it in one of his memoirs: *"it is a mystery whose parallel may only be the one of Sinai when something was revealed to mankind."* Especially so in the modernity du jour, in the age of *Superman*. At least for most of us ordinary people; those who aren't the *Nietzschean Superman* that is.

Until one reads Sun Tzu, Plato, Machiavelli, Nietzsche, Hegel, and of course the Balfour Declaration. Then, speaking for myself, most of it becomes crystal clear – as if one finally found the key to the door past which no one can

Pakistan is going through very rough times today. But these dystopic times are no more rough than the decades which preceded the partition of the Indian subcontinent. It is often said that history, especially dystopic history, repeats itself. If we can get a handle on how the current affairs of that pre-partition era were manipulated, orchestrated, aided and abetted into existence to serve a larger geopolitical agenda, then it can help us understand some of the forces doing the same today. The most significant character of that era is "Sir" Allama Mohammad Iqbal of Sialkot. The re-examination of our political history in the essay: [Sacred Cow: Allama Iqbal - marde-momin or superman By Zahir Ebrahim?](http://tinyurl.com/Allama-Iqbal-ubermensch) (<http://tinyurl.com/Allama-Iqbal-ubermensch>), unmasks many of the forces that motivated this fellow into serving imperial interests in the name of serving Muslims and Islam. These forces have not perished, but similarly fabricating and orchestrating events in Pakistan today with a new retinue of stooges and mercenaries. The modus operandi, unsurprisingly enough, isn't dissimilar either (and why change it when it works so well). Chaos conditions are fabricated with terror to create social tension which is subsequently harvested as "demands" of the people. That modus operandi of recent history already out in the open, called the "strategy of tension" in Western Europe, can be studied in the article: [Operation Gladio Yesterday and Worldwide Terrorism Today – Identifying the Enemy By Zahir Ebrahim](http://tinyurl.com/Op-Gladio-and-Terrorism-Today) (<http://tinyurl.com/Op-Gladio-and-Terrorism-Today>).

I have become mostly disillusioned with both my brilliant friends and the people of my

otherwise see.

Unfortunately, none of the above methods of statecraft and its attendant methods of narrative control is either studied by, or taught to, the Palestinians. And that appears to me to be the primary reason for Palestinians continuing to lament their Nakba song year in and year out – and they will likely continue to do so until the "*Zion that will light up all the world*" is achieved.

It is more than just lamentable and tragic, outright criminal in fact, that most Palestinians, activist and silent bystanders alike, in this day and age of iphones and ipads, do not even know to whom the Balfour Declaration is addressed. The primary document that instrumented their subjugation and almost a century long oppression, the Palestinians most Kafkaesquely remain unaware of despite being most tech-savvy in tweeting text messages and pouring their heart out in volumes on facebook. While many have surely heard of the Balfour Declaration by name, almost none of the outspoken lot in the Palestinian Diaspora has evidently actually read it – if one is permitted to conclude their ignorance by their omissions that is. The ubiquitous deafening silence alone makes the self-policing self-evident.

Who, or what forces have deprived the latter day Palestinians of this knowledge of their own history? What lies behind this self-policing narrative control among the Palestinians themselves?

Try this simple test yourself in your rebel meetings, freedom conferences, and classrooms. Ask your Palestinian students, professors, and other colleagues and friends who support the Palestinian cause: To whom is the Balfour Declaration addressed? At best they might come back to you surprised: "it is addressed to someone?"

How can the young activist wage an effective struggle against the long-running, systematic, and piece-meal usurpation of his homeland when diligent intellectualism has been replaced

country, Pakistan. None of them, it would appear, evidently harbor any useful intelligence whatsoever, never mind moral courage to stand up to narrative control. Without full spectrum narrative control, no one would believe any of the myths being foisted upon the public mind. Despite copious advanced degrees and other high-falutin credentials and national accolades, even the most learned Pakistanis, learned with advanced Western degrees mostly, appear little different than the outright ignorant masses talking current-affairs at tea-stands. The intelligentsia of Pakistan specifically, with access to news media and corridors of power, are evidently outright crooks and liars, if not naive simpletons who make great *useful idiots* for carrying the *white man's burden*. Selling the soul to the devil is evidently the favorite pastime of Pakistanis, both by acts of commission and acts of omission. I have never had any patience for these crooks and liars who continue to harp the core narratives of empire in minor variations thus further putting the Pakistani masses into a perpetual mind-lock chasing absurd antidotes for global "war on terror", "Deobandi terror", "militant Islam", et. al. In fact, no differently than how this most hyped of all founders of Pakistan, "Sir" Allama Iqbal, got the Muslims of the Indian sub-continent to chase their own antidote to Hindu-Muslim terror in the form of a new Muslim state. That achievement even became the international precedence-setter at the UN to serve the Jewish demand for their own antidote to Christian-terror in a newly carved out Jewish state (in case any member nation objected to the Jewish state being carved out in Muslim soil, but none that mattered objected). Both fabrications transpired in extreme violence upon the respective indigenous peoples. Both were based on synthetic demand creation that was made to appear organic. Both were principally based on narrative control.

Perceptively understanding the lesson of the oligarchic forces prevailing upon our birth can only help us perceptively understand the forces orchestrating current affairs on our death-bed. I am not sure if that is sufficient to alter our ill-

by plentiful talk by the ignorant activist to the equally ignorant Western audiences; by weekend street protest more in catharsis than in effectiveness before returning happily to the pursuit of the 'American Dream' the remaining days of the week; and by ineffective emotional sloganeering and book publishing rather than effective intellectual combat against a most diabolical adversary? Especially for the Palestinians holding on to their keys in their forced Diaspora where no one is shooting them and their brothers and sisters in the eyes?

The safety enjoyed by the Palestinian activist in the West is all but lost to his and her unwitting ignorance of, or witting self-policing silence on, the most diabolical methods employed, and still continue to be employed, in the theft and ongoing military occupation of Palestine.

Whatever the Palestinian activist can say today has been said many times even by the oppressors themselves. What they don't say is what no one else is saying either. Thus I have found this bizarre empiricism that they do not know the name of their prime-mover oppressor.

The enemy has been most carefully cloaked from the public mind by some sort of "iron wall". Part One of Sun Tzu's test to prevail upon the enemy is failed right off the bat by the Palestinians.

From time immemorial, from when Kaabil killed Haabil (Cain killed Abel), to the present, from Afghanistan to Palestine, Iraq to Pakistan, and from TSA at American airports to police state USA being inflicted upon the bewildered American mind in the name of protecting them from Islamofascist terror, the only morality seen in practice is the control of the public mind; by hook or by crook.

While it is a truism that might makes right, but as Aldous Huxley pointed out, you can do everything with a bayonet except sit on it. In order to control the public mind indefinitely, you must have some measure of their consent. Machiavelli and Hegelian Dialectic easily

fated destiny on the grand chessboard, but it is surely the first step to breaking free from the strangulating web of narrative control which limits our horizons, our creative problem-solving, and which subliminally as well as cognitively channels us as a nation to only serve overarching agendas carved out in Western think-tanks and its policy-halls. In the age of universal deceit, to learn the truth is a revolutionary act.

Thank you.

Masterpiece of Plagiarism in Pakistan - Peerless in something, at last!

Caption Uncovering the Masterpiece of Plagiarism in Pakistan: Hear no evil, Speak no evil, See no evil. Click on image to uncover the dizzying heights Pakistani physics can rise beyond expectations -- the near perfection in the art of facsimile reproduction by its physicist in two near-verbatim fully plagiarized books! (image via wiki)

I wish to bring to the notice of the world of academe the bold plagiarism of the work of world's best known physicist and Nobel laureate of 1918, Max Planck, including verbatim theft from others to build up a padded portfolio of plagiarized publications, and its aiding and

enable today's "history's actors" to get away with the theft of commonsense and good judgment of the public mind; and in the aftermath of that heist, easily convincing the mass mind of absurdities and consequently getting them consenting to atrocities.

Or, for the tiny rebellious minority made of sterner brain cells that are not so easily bamboozled by idiotic mainstream narratives, getting them to run endlessly on treadmills under alternate controlled narratives that encourage and glorify dissent. These controlled opposition of the discourse space is most carefully laid out in front of them to steer their moral anger and quest for truth and justice --- to anything and everything but that.

The focus of the rebels is cunningly shifted away from the prime-movers, away from the first cause, to effects. By engineering all the discourses to get the causality wrong, the prime-movers are cleverly kept occulted from the public mind. The effects are already visible to all and sundry anyway. Let that remain focus of dissent. It will get nowhere. And it evidently does not. That ineffectiveness is the problem of the Palestinians' own making. It is their first intellectual co-option, their mental servitude, that they so easily follow the core narratives laid out before them in their resistance.

The control and self-policing of the Palestinian narrative to principally mask out the prime-movers behind their cataclysm while continuing their illusion of vigorous struggle and debate, ensures the Machiavellian failure of their struggle for justice ab initio, and equally ensures the permanent fait accompli of the murderous resettlement of Zionistan in Palestine.

See if the forcibly displaced Mexican can return to California, or the reservation consigned what's left of the Native American Indian can return to his lands, today!

This is what Vladimir Jabotinsky wrote in the "Iron Wall" in 1923:

"This colonization can, therefore, continue and

abetting by the Higher Education Commission (HEC) of Pakistan through a conspiracy of dunces, inept policies, and a systemic culture of corruption and whitewash wherein Paul protects Peter while they all receive payouts from the public exchequer by bloated anointments as 'Distinguished National Professor' and other sainthood. ...

HEC's whitewash response: "HEC has NEVER condoned any act of plagiarism anywhere. The case has been investigated and immediate action has been taken. We are all shocked by this blatant act of plagiarism but are certainly not responsible for it. Dr. Durrani alone is responsible for what he has done and not his colleagues, University of Gujrat, HEC etc."

Open Letter to the Doctors of America from Zahir Ebrahim

April 30, 2013

Dear Medical Practitioners in the United States of America

What bothers me about America is that of the 20,000 doctors and surgeons in Boston, from Harvard-MIT MD-Phds to the Dana-Farber super-specialists in every healthcare related field esoterica, not one can stand up to call a spade a spade? The physician I spoke to

develop only under the protection of a force independent of the local population – an iron wall which the native population cannot break through."

What is that "iron wall"? Who or what is that force that is independent of the local population?

You will not hear that examined and analyzed by anyone in the United States --- neither the loud Jewish professors who claim high moral ground critiquing the Jewish State from America's mightiest university podiums (like Noam Chomsky at MIT and Norm Finkelstein previously of Princeton and DePaul University), nor the Palestinian Professors proudly adorning the mantle of high scholarship in empire's best universities (like Rashid Khalidi et. al. at Columbia and Hatem Bazian at UC Berkeley). Most men and women of conscience in Diaspora and on ground zero in Palestine, both Jewish and Palestinian, somehow always seem to know to what extent they may exercise their "vigorous" dissent before they might be permanently "retired". Pursuing BDS is that extent of safe dissent.

I have come to the sad realization that most prominent rebel leaders are outright Trojan Horses, *house niggers*, and *useful idiots*, cultivated to keep their Jewish Superman *massa* good company playing the Hegelian Dialectic of Dissent. The beleaguered Palestinian public mind holding on to its keys and its memories is encouraged to follow these celebrated controlled opposition as their political leaders, intellectual opinion-makers, and activist pied pipers. All of these celebrated icons and champions of Palestine share one key fact in common: their silence on the prime-movers behind the theft of Palestine.

The diabolical theft of Palestine is perhaps the best case-study of *waging war by way of deception*. The success of that deception is underscored by Sun Tzu quoted above. The Palestinians today neither know themselves, nor do they know their enemy. And thus they have lost every battle against the Zionists.

The Oligarchic Primacy in Palestine and the Oligarchic Primacy for World Government is one and the same project.

That straightforward recognition has been most carefully kept away from the Palestinian public mind by virtually all the political as well intellectual leaders and scholars of Palestine.

Not one among them ever mentions the name Rothschild --- the king of the Jews and of the world --- in whose name the Balfour Declaration was issued by the British Empire.

[The Invisible House of Rothschild](#) has managed to construct that "iron wall" around Palestine that remains independent of the local population of Palestine even a hundred years later. All the heads of Europe and the United States bow before it in silence, even today.

And evidently, so do the Palestinians.

Project Humanbeingsfirst observes the self-evident fact of the matter that reading and crying and then repeat, which is what humanity continues to do upon discovering another holocaust, does not help those who are seeing the end of their genocide! Those escaping their holocaust continue to endure it for a long long time. The images on television brought to the rest of us in the comfort and safety of our home only tell a futile story — for it repeats again and again with even more inhuman brazenity while most just watch on, perhaps with a silent prayer.

even as we speak, cannot be fought with tears, protests, and narratives.

Project Humanbeingsfirst uses the word "genocide" and "holocaust" very circumspectly. To the dead it makes little difference whether they are murdered in a concentration camp in the tiny Belsen or the large one in Gaza. To the living, it becomes only a narrative: for some to be borne with screams and nightmares, for others to become a bountiful harvest of political and pecuniary gains. That spans the full gamut of opportunism, from the Holocaust Industry™ to peddling the travails of a beleaguered peoples in the garb of erudite scholarship and high-minded morality. The worst of which is to plant clever red herrings among the victims in an unprecedented intellectual and psychological warfare to ensure that the golem will never be identified and put down by the victims even in their existential struggle for survival. The onslaught of this holocaust is full spectrum.

The genocidal assault on the civilians of Gaza in 2012 by the mighty state of Israel is once again only enabled because no Palestinian evidently learnt in 2009, never mind in 1948 or 1917, that the power which unleashes this holocaust upon them, now in its 64th continuous year, actually beats in the heart of a golem that resides not in Zion, but elsewhere.

That golem has surrounded its criminal enterprise with an "Iron Wall" of such power and obscurity that few have been able to breach it — evidently none among the beleaguered Palestinian peoples themselves if their silence on it is permitted to speak of their missing wherewithal. To this day, most Palestinians, never mind the rest of the peoples on planet earth silently watching the spectacle of an innocent people being systematically eradicated from their own land like "cockroaches", remain unaware that the principal land deed which gratuitously granted their land to

And Most recently, in the systematic Muslim killings in Pakistan where, in the immediate aftermath of targeting the Hazara shias in Quetta with a bomb on 16 Feb. 2013, the shia eye surgeon, Dr. Ali Haider, and his 11-year-old son Murtaza Haider (photos above, more graphic images [here](#)), were ruthlessly and prematurely dispatched to meet their Maker with bullets to their head in Lahore this past Monday, 18 Feb. 2013. .

You, me, all of us, don't speak up right now, you, all of you my friends in Pakistan, they are coming for you and me next (the question in the photo above is not merely rhetorical; the assertion by the child is also not rhetorical, but a dare, a show of courage and perseverance that mirrors the Palestinian defiance living and dying under the jackboots of a *superman* terrorist state). For, this is the harvest of remaining silent when ZA Bhutto was politically

the Jews was addressed to Lord Rothschild. It is their oligarchic enterprise. Yet none dare utter that name — not even among the Palestinians! Because of that absurdity, it is once again Déjà vu in Gaza, 2012, today!

Masters over the World

[Masters over the world](#)

'... The point is that a Jew has strength, ability and power to create the desire within G-d to accept and become King over the entire creation.

It's understood, that the existence of the entire creation, in truth, is brought about by the Jew's coronation of G-d, and through which He becomes a King over the entire creation, which ultimately results in the fact that all of creation comes from the Primary being, G-d.

It's obvious that since every Jew, men and even women and children, brings about the existence of the entire creation, they become masters over the world, and thus every single creation owes them recognition for this good.

Being that through the Jew, all beings were created, he therefore becomes

all variants of Islam, “militant Islam”, “moderate Islam”, and “revolutionary Islam”, are creations of minds working assiduously on “imperial mobilization” over a lifetime. None will therefore be fooled by them.

This means shias won't be fooled by “revolutionary Islam” despite their partisanship with the shia sect, and sunnis won't be fooled by the other versions despite their partisanship to sunni sects. These have nothing to do with the religion of Islam and its 1.6 to 2 billion ordinary believers --- but with methods of creating “controlled chaos” by cognitive infiltration of the religion, which means creating chaos that is predictable, its tempo increasable and decrease-able at will, and switch-off-able when its purpose is harvested. At present, that tap control resides in the West. It is entirely independent of the local population which therefore cannot break through its strangulating grip in the normal fashion. Just like the “Iron Wall” that surrounds Palestine. That diabolical construct was accurately described by Vladimir Jabotinsky: *“This colonization can, therefore, continue and develop only under the protection of a force independent of the local population – an iron wall which the native population cannot break through.”*

Something similar to this “Iron Wall” protects these mal constructs of “Islam” rapidly devouring our nation while simultaneously lending the much needed pretext to the West for sustaining its “**imperial mobilization**”. Its strategic and full spectrum redressing takes more than just ineffectively banning these terrorist organizations (which has been tried halfheartedly in lip-service to the Hegelian Dialectic) or ineffectively curtailing their antediluvian “Islamization of Pakistan” programs (which is talked about by the so called secular humanists who are the second line of useful idiots of empire, the first being our leaders, those who are not outright mercenaries that is). It is discussed [elsewhere](#).

2) Bravely speak up, stand up, be part of the making your presence felt in society by giving

the master over all of them.

This is especially so in regards to what needs to be accomplished on erev [every?] Rosh Hashana.

Since the judgment of Rosh Hashana is primarily regarding physical matters, as explained in Likutei Torah, therefore the Jew is in complete control, particularly over physical matters.

The physicality of the world itself has to recognize the good that the Jew has accomplished.

Through the Jews they came into being, and their true existence is through their unity with the True Being.

Since G-d and the Jews are one, each Jew becomes a True Being, and is thus able to bring about all of creation.

He therefore has control over all of creation and not only that, but they owe him thanks and are indeed thankful, for being provided with abundance in physical and especially spiritual matters.'

Unlayering the Middle East War Agenda: Making Sense of Absurdities

Sunday, January 23, 2011

sense, all commonsense, must ultimately bow before that categorical imperative by definition.

No, it takes only one moral Jew to confuse me.

One single Jew who lives in Israel, is not born there, and proclaims Palestinian rights!

I would, I believe, be considerably less confused if all the pious Jews not born in Palestine but still living there – just because they are Jews and were given priority to immigrate there on that basis alone over those Palestinians who were born there, whose parents and grandparents were born there and forcibly evicted under state sponsored terrorism, and prevented from returning to their own ancestral continuously inhabited place of birth by the same state sponsored terrorism – were to first vacate their own personal occupation of another's home and rightfully return back to where they came from, BEFORE they started clamoring for Palestinian rights. It might be less confusing, and also more convincing, to those who dare to think independently.

I hope I may be forgiven this transgression of independent thought – it is surely a minefield and has confused the hell out of me – and I do believe the Rabbis have also forbidden the goy from thinking independently from the Jews precisely for that reason. We tend to get confused easily when we think on our own.

Isn't there also a clause in the King's Torah that any goy found thinking independently from the Jews should be immediately killed as he or she represents a potential threat to the very existence of the Jewish State? I do in fact recall statements from the King's Torah reproduced in several articles by other Jews including Gilad Atzmon's, that any goy who poses any threat to the legitimacy of the Jewish State, or to the Jews, can legally be killed by the Jews, preemptively.

Desire for such preemption, the killing of the goy in cold blood, in self-defense of course, was precisely expressed by Lawrence Kulak, writing for '5 Towns Jewish Times' 5tjt.com,

Preamble

This is a response to the [unforensic focus](#) on the Middle East War Agenda which permeates the alternate media even today, well into the 10th year of the *New Pearl Harbor*, orchestrated like the Nazi's *Operation Canned Goods* to ***"goosestep the herrenvolk across international frontiers"*** – first into Afghanistan, Iraq, gradually inching its way throughout the *arc of crisis*, next target: the [Crescent of Crisis, Iran](#). Time magazine had quoted Zbigniew Brzezinski self-servingly presaging these very events in 1979 at the cusp of the Iranian Revolution: ***"An arc of crisis stretches along the shores of the Indian Ocean, with fragile social and political structures in a region of vital importance to us threatened with fragmentation. The resulting political chaos could well be filled by elements hostile to our values and sympathetic to our adversaries."*** (U.S. National Security Advisor to President Jimmy Carter, Zbigniew Brzezinski, Time, Jan. 15, 1979)

It was in the same year that President Jimmy Carter's National Security Advisor, waging a clandestine proxy war upon the USSR, had started giving covert aid to the CIA backed Afghan mercenaries (later renamed "Mujahideens") to foment sufficient agitation at the flank of the USSR to provoke a Soviet Intervention in Afghanistan to protect their own hegemonic interests: ***"According to the official version of history, CIA aid to the Mujahadeen began during 1980, that is to say, after the Soviet army invaded Afghanistan, 24 Dec 1979. But the reality, secretly guarded until now, is completely***

11/12/2008 (cached [here](#)):

"Muslims believe in the literal interpretation of the Biblical doctrine of an eye for an eye, and they do not have respect for anything perceived as a lesser standard of justice. They killed our innocents, and unless we kill theirs, they will go on killing ours. The Torah, however, preaches a doctrine which, if implemented by the West, could finally put an end to all Islamic terror: If somebody is coming to kill you, rise up and kill him first."

Such humble attempt at independent thinking as demonstrated here, surely poses a threat to the very existence of the Jewish state – for what if hundreds of thousands of Jews of the 4.5 million living on usurped lands, choosing not to be damn hypocrites anymore, suddenly left the Jewish state and renounced their ill-gotten citizenship of the racist oppressive state?

What if that number swelled to a million? Two million? They all, or most of them anyway, retain their original nationalities and passports, and there is no practical difficulties for them returning back once they recognize the very immorality of their being there due to their race alone when those who were born there cannot return!

Lighting such a fire in the mind of moral Jewish men and moral Jewish women of Israel, their Metanoia, surely qualifies as a dire threat to the very existence of the pariah Jewish State?

And thus easily become their target of assassination – who can hide from the almighty Mossad hitman anywhere in the world if Victor Ostrovsky is to be believed?

otherwise Indeed, it was July 3, 1979 that President Carter signed the first directive for secret aid to the opponents of the pro-Soviet regime in Kabul. And that very day, I wrote a note to the president in which I explained to him that in my opinion this aid was going to induce a Soviet military intervention.” After the Soviet Union had taken the bait and invaded, blood-thirsty murderer playing chess in other peoples' blood, Dr. Zbigniew Brzezinski confessed in 1998 that he again wrote to Jimmy Carter back in December 1979: *“The day that the Soviets officially crossed the border, I wrote to President Carter. We now have the opportunity of giving to the USSR its Vietnam war. Indeed, for almost 10 years, Moscow had to carry on a war unsupportable by the government, a conflict that brought about the demoralization and finally the breakup of the Soviet empire.”* (1998 interview to French magazine *Le Nouvel Observateur*)

Thus, the *arc of crisis* which Brzezinski had glibly predicted in January 1979, was firmly seeded by [January 1980](#) as *the Carter Doctrine*, otherwise known as *“God is on your side”*, to set it all ablaze in the coming future. Sufficiently implanted with the necessary explosive mix of religion, “jihad”, hostage crisis, Iranian Revolution, Soviet intervention in Afghanistan, drug trade, and sectarian fanaticism unleashed in Pakistan by the hanging-judge-military dictator General Zia Ul Haq installed there by the Carter White House in support of the CIA cultivating and harvesting “Islamic Mujahideens” to fight the USSR, it didn't take much ignition beyond the priming. The fire quickly became self-sustaining as new recruits grew up in the lighted cauldron and couldn't easily distinguish their head from their ass – especially with the Pakistan military being in full collusion with the CIA in screwing both Pakistan and Afghanistan society on the Grand Chessboard. Today, these war criminals pat themselves on the back for destroying the USSR with Muslim and Afghani blood costing the complete destruction of what was previously

Could such precariousness of independent thought possibly be the reason why Palestinians often like the Jews to think for them and thus never encounter such funny absurdities in all their struggles from the safety of their forced Diaspora?

Is this also why courageous Palestinian leaders on ground zero who shy not from taking a bullet to their brains from the Israeli soldier who may or may not fire at them for their physical defiance, somehow prefer to not be assassinated for sure by Mossad for demonstrating their intellectual defiance?

For, these brave Palestinians evidently prefer to be accompanied by a beautiful Jewish voice, and principally permit her to plead for the Palestinians, as this chap, Dr. Mustafa Barghouti, did on prime time television. As I said, I get easily confused when trying to think for myself. From coast to coast, and continent to continent, excited Palestinians and their Jewish supporters cheered that finally the Palestinians' plight was heard on mainstream American television from a most beautiful and most eloquent American Jew who had suddenly woken up to the grotesque reality in the Holy lands and therefore had no reason to be biased. In fact, the narrative of the Jewish voice was almost mirrored by the Palestinian leader as well, sharing all the same axioms with precision. I must evidently be a very lonely fool to have tried this experiment of actually thinking for myself, because I came away rather confused by all this amidst the roaring applause of the supporters. That episode is narrated at length in '[Rescuing a Failed Struggle From Its Narratives](#)'.

I could go on and on about my strange experiments with independent thinking. But I'll just end now. I will sheepishly admit though that I certainly used to enjoy life much better when I permitted others to think for me. My confusions then were much less about absurdities and almost entirely about whom to believe. It didn't matter if they were Jews, or Muslims,

a still stable Afghani and Pakistani society – but they'll all hang someday even if their carcass has to be dragged out from six feet under. In 1996, Zbigniew Brzezinski renamed the *arc of crisis* in his next geostrategy book *The Grand Chessboard*, with an even more imposing epithet, **“the global zone of percolating violence”**, illustrating with maps galore the *arc of crisis* for those still uninitiated into the vagaries of the exercise of **American Primacy and Its Geostrategic Initiatives** of the sole unchallenged superpower. (page 53)

That foretold future – explicitly and very publicly presaged in 1979 in a popular weekly magazine read by all and sundry not just in the United States, but in the entire world – fully unleashed by the *New Pearl Harbor* on September 11, 2001, had the former US Secretary of State Condoleezza Rice self-righteously justify the purpose of America's hegemonic cultivation of **“the global zone of percolating violence”** in 2006 in these sacred words: **“What we're seeing here, in a sense, is...the birth pangs of a new Middle East and whatever we do, we have to be certain that we're pushing forward to the new Middle East, not going back to the old one.”** (U.S. Secretary of State to George W. Bush, Condoleezza Rice, July 21, 2006)

All the preceding is what the blood thirsty hectoring hegemons have themselves narrated.

But comparing their narration to empiricism tells a slightly different story.

That War Agenda today to **“birth pangs of a new Middle East”** is still variously blamed upon:

the Zionist agenda for *Eretz Yisrael*,

and/or upon the sole superpower's *Primacy and Its Geostrategic Initiatives* to preemptively acquire and extract the natural resources in the Middle East and Central Asia before any other nation or group of nations can rise to challenge

Christians, or atheists. Even a monkey was fine provided it came wearing a robe with 'expert' tattooed upon its forehead. I only had to choose from among the many competing experts, often going with the ones who represented my a priori world views the best. I never needed to forge my own thoughts independently.

Now, even a single moral Jew can send me off into deep convulsions of Kafkaesque proportions, as does most every other expert I encounter. Perhaps I am going about this free-thinking business all wrong? Perhaps there is some happy halfway compromise to fully independent thinking which will also help me gain friends and influence people?

Perhaps it is easiest to forget such inconvenient paradoxes, chalk them up to life's minor inconsistencies, and just move on?

It's evidently too costly to think anyway. It can cause one to lose valued friends and allies, comfort zones and treadmills, heroes and hero-worship.

But I would like to ask Jews who evidently think for themselves, what should I make of such funny conundrums? What do you make of them?

And since many respectable Palestinian thinkers demonstrate such sympathy and solidarity with Jewish dissent emanating from Tel Aviv to Jerusalem, perhaps I can ask them too what do they do with such paradoxes. Do they simply ignore them?

Or do they take the easy way out like me and seriously consider stopping the onerous burden of thinking for themselves? The Jews most eloquently think for both sides of the divide anyway, thus certainly sparing the Palestinians any trouble.

its dominance.

The former Zionist agenda is pitched as the ungodly wars waged by the Jewish neoconservatives who dominate Washington, blueprinted in their PNAC and other Wolfowitz drawn strategy documents for *Securing the Jews-only Realm*.

The latter superpower agenda is pitched as the wars of primacy for America's sole preeminence, blueprinted in Zbigniew Brzezinski's *The Grand Chessboard* and in Pentagon's many *Joint Vision* strategy documents.

Both premise, while appearing sensible in 2003 when I too employed them in my maiden book *Prisoners of the Cave*, in the light of today's empiricism outright lead to absurdities.

America is going bankrupt due to these global wars with rising national debt which now stands in the 13 trillion dollar range as officially reported by the US Treasury, and its budget deficit this year, 2011, is 1.4 trillion dollars. This means America has to borrow, i.e., have its central bank the Federal Reserve print, 40 cents for every dollar it spends, thus also commensurately increasing the national debt and the burden upon the already suffering American tax payer.

What sort of idiotic primacy agenda for *preeminence* is that?

The United States hasn't been able to extract any of the natural resources either from the Middle East and Central Asian soils anymore than she was already extracting previously – as much as it wanted – with its own coddled dictators firmly in power.

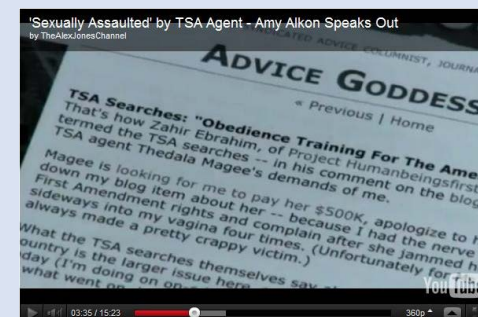

Why did she need to wage murderous wars to decimate the region to remove its own cultivated dictators?

It also sure hasn't been good for the Anglo-American oil companies – they can't do business when the region is torn asunder by the

cycle of [insurgency and counter-insurgency](#) manufactured by the Anglo-American Allies themselves. Same in Afghanistan – no pipelines, only the so called *quagmires*, as even the mainstream news of the United States puts it.

As for Israel, if *Eretz Yisrael* is the principal reason for decimating Iraq with millions of tons of Depleted Uranium munitions, destroying its fertile top soils and bountiful water tables, not to mention the ancient DNA of its inhabitants, and with only immense hatred and ire of its millions of Arabs now irretrievably implanted to greet the Zionist from Israel if they ever set foot onto its soil for resettlement, then the Jews can't really occupy that land for themselves now can they?

What did the Israelis really gain by brutally removing the servile Iraqi puppet of their own client state, the United States?

Only chaos in the region!

What Zionistan's founding father, David Ben Gurion, would have easily called *“revolutionary times”*. Well, according to that science of hegemonic conquest, these chaos-like conditions in the Middle East have also only created more fertile grounds to administer further mind-fcks to the natives because *“what is inconceivable in normal times is possible in revolutionary times”*.

What other benefit? Perhaps some smaller equally compliant but unstable ethnic principalities carved out of the former equally compliant monolithic and stable Iraq, which today lies in ruin.

But wait, NO Eretz Yisrael!

Only enormous hatred for Israel, and America.

What an agenda for *preeminence*!

Only the *keystone cops* could have blueprinted it.

Hmmm....

Reality is almost like an onion.

Comes in layers.

The outer layer, when peeled, shows the next inner layer.

And so on down to the core.

It is difficult to get to the core of reality, without first unpeeling it, layer by layer.

The empirical fact however is that it is not mentioned in the mainstream, and by many others in dissentstream either, because the conspiracy is to not even acknowledge that the onion exists at all for social engineering of *'United we Stand'* and *'introducing beneficial cognitive diversity'* to mislead the public.

But the outer layer of the onion is not the entire onion, however persuasive and inviting it may appear!

These are mere labels, the neocons, neoconservatives, neo-cons, they mean nothing by themselves.

America has been involved in warfare from Wounded Knee to Afghanistan, and before WWII, there were no neo-cons by that name.

So how does one explain America's vast military-industrial-academe-media complex which is what actually wages the wars? How does one explain America's *national security state*?

But why do they wage wars?

For Israel?

The focus on Israel, and the Jewish Lobby, in my view, can at times be a gigantic red herring. See: "[Pamphlet: How To Return to Palestine](#)", and "[The white man's burden still looks white in color!](#)". The real focus must remain on the

For those who love to intellectualize their own terrorization while they terrorize others with 'United We Stand', the Airport intrusive patdowns cannot be understood in isolation from the two parallel contexts of "imperial mobilization" and "police state" which cradle that act. The pat-downs are merely obedience training for the American public.

It appears that in this particular instance, there was no choice for the passengers – be exposed to radiation and full nudity via X-ray body-scan, or, feel the pain of sexual groping and molestation.... LAX, Terminal six, United Airlines.

The grotesquely absurd demand by the TSA agent seeking \$500,000 from Amy Alkon must be resoundingly defeated because I suspect it is not just the pot calling the kettle black (*ulta chore kotwal ko dante*), not just a TSA agent suing Amy for her loud complaining, but the TSA itself is suing Amy, DHS is suing Amy, Police-state is suing Amy, as part of silent acceptance of obedience training of Americans.

I suspect that this is another testing of the waters by the hectoring hegemony, a barometer, a rain gauge, of how successful their obedience training has been thus far --- will the Americans even accept this vile absurdity that after the state shoves its hand inside the American vagina, it prohibits complaining about it and the majority of people accept it?

The intimidation of lawsuit is also intended to be precedent setting to ensure that the majority of the public do not revolt because it will hit them directly in the pocket-book.

oligarchy which funds all sides of wars, and have been doing so for 250 years, and for what eventual purpose?

The War on Terror, the war on Afghanistan, the war on Iraq, the war on Pakistan, the war on Iran, on whatever mantras and asinine pretexts, by themselves make no sense – as the war of neo-conservatism – and it is easy to pin it upon the most visible harbingers for their most obvious motives! The outer layer of the onion.

And what about the [silent economic wars](#) of *neo-liberalism* – aka *free trade*?

Thomas Friedman best captured the interplay of these two sides of the imperial coin – the thunderous wars of *shock and awe*, and the matching silent wars of hunger and deprivations due to the loot and plunder of global natural resources via the stranglehold of contrived third world debt – in his 1999 New York Times column titled [Manifesto for a Fast World](#): *“The hidden hand of the market will never work without a hidden fist -- McDonald's cannot flourish without McDonnell Douglas, the builder of the F-15. And the hidden fist that keeps the world safe for Silicon Valley's technologies is called the United States Army, Air Force, Navy and Marine Corps.”*

But peel down behind both types of wars, behind both philosophies of primacy which are as old as hegemony, as old as mankind, and we get World Government.

Global Governance would not be possible without the transformative abilities of these wars which seed controlled chaos, deprivations, disenfranchisement, and fabricated public appeals to authorities to resolve matters. Which of course they subsequently do, with greater and greater centralization of powers into the private hands of the same oligarchy who create the very crises for which they ex post facto present their own preferred solutions. See: [Response to Financial Times Gideon Rachman's 'And now for a world government'](#).

Remember, indoctrination and obedience training is primarily for the masses. The public already has accepted all the rest of 'war on terror' absurdities which have been heaped upon them since 9/11:

The merit of the [CASE IS IRRELEVANT](#) because the

David Ben Gurion aptly described this Machiavellian modus operandi as ***“what is inconceivable in normal times is possible in revolutionary times”***.

The unlayering is important to get to the heart of the matter, quickly, before it is too late. And one of the reason it is not unlayered in time, is to seed fait accompli. That is the [master political science](#). To understand this political science which is time-critical and which is what enables only narrating these matters ex post facto, see: [“Of Ostriches and Rebels on The Hard Road to World Order”](#).

That too, by itself, is still not the inner most core of the onion, only the next layer down, but it already demonstrates that focus on the outer layer of the onion of reality, the visible reality, makes for a great red herring.

No one in Plato's cave can ever figure out the reality behind the images on the screen, by examining, and in no matter what excruciating a scholarship, the images on the screen before them.

That is why the outer layer of the onion, whether one sees the onion at all or not, is often pointless garbage.

Whenever I cook dinner at home, I always throw away the outer layer of the onion, it tastes terrible :-)

Thank you.

[mercenaries and vulgar propagandists' half truths](#)
[always triumph over full lies!](#)

The 'empire' plays to win strategically and can't be derailed by a handful of reactionary truth tellers after the manufactured crises have been affected – for had truth-telling any efficacy, Socrates might have been handed a trophy instead of the Hemlock, and Jesus the kingdom instead of the cross. The key to the success of Hegelian Dialectics over time, is the diabolical Fait Accompli sewn in baby-steps. The impact of the invasion of Iraq upon its peoples cannot be reversed by withdrawing the American troops anymore than the impact of the Pandemic can be reversed by arguing whether the vaccine is good or bad. The Pandemic has already created its intended fait accompli – for, 90% of the masses are not only ready today to take the vaccine but also demanding it. The secretive agenda probably is to inoculate at least 50% of the targeted populations in this generation, priming them for at least two things: microchipping, and staging for long term population reduction/culling through some complex biowarfare protocol. They will surely achieve 70 to 80 percent success towards that goal in this round of the pandemic pandemonium. And this is a conservative estimate. That's pretty damn remarkable social engineering for one baby-step fait accompli. More baby-steps to come. The overarching agenda for world-government and its multi-dimensional goals is long-term, across multiple generations, and hinges on irreversibility of small baby-steps to eventually raise the complete Phoenix of the New Atlantis from the systematically burnt ashes in stages of the old

Iqbal - marde-momin or superman?

Allama Iqbal defined "marde-momin" in his seminal poem titled "Tulu-e-Islam" (). In English it means "Renaissance of Islam". The poem is in his compilation Bang-e-Dara, and the verse in which he used that specific word is:

غلامی میں نہ کام آتی ہیں شمشیریں نہ تدبیریں
جو ہو ذوق یقین پیدا تو کٹ جاتی ہیں زنجیریں
کوئی اندازہ کر سکتا ہے اس کے زور بازو کا
نگاہ مرد مومن سے بدل جاتی ہیں تقدیریں
ولایت ، پادشاہی ، علم اشیا کی جہاں گیری
یہ سب کیا ہیں، فقط اک نکتہ ایمان کی تفسیریں
براہیمی نظر پیدا مگر مشکل سے ہوتی ہے
ہوس چھپ چھپ کے سینوں میں بنا لیتی ہے تصویریں

Endeavoring to induce "Renaissance of Islam" among the backward Muslims is surely a commendable cause to spend one's life in. Like the endeavor to "reform Islam" itself, it can also be a fast ticket to name and fame, knighthood and

order. Under the guise of this Pandemic look how much has already been achieved: the immense loss of national sovereignty to WHO. Under its level-6 Pandemic alert, WHO now controls the emergency response stratagems in all nations that are signatory to its convention. That's most of the world!

As validation of what is stated above, just look at the long lines demanding the vaccine after the declaration of emergency by the President of United States

And the mass psychology driving the long lines is an [Edward Bernays](#) special. In [CFR shill's own very perceptive words](#) of October 16, 2009:

"... Having said that, does it work to mandate [vaccination]? I think what would work better would be to say that there was a shortage and people tend to buy more of something that's in demand. (Laughter.) We saw that -- there was one season where, really, people lined up all night to get a flu shot.

... we thought we were going to need two doses for every adult and since we are -- only one dose, so, actually, we have twice as many doses and enough for the whole population at this point, I understand."

status.

It is pertinent to point out the commonsense observation that when “revolutionaries” and “reformers” are awarded medals, titles, and knighthood by empire, it can only mean that they work for the benefit of empire in some way. The truth of these words is beyond doubt. It is self-evident.

It has always bothered me that “Sir” Muhammad Iqbal accepted the knighthood in 1922 from the King of England, King George V, the head of state of the most plunderous colonizing empire ruling the Indian sub-continent.

The 'Ahrar-Ahmadiya controversy' of 1953 and Shia Killings today in Pakistan

Zahir Ebrahim | Project Humanbeingsfirst.org

April 09, 2013

[Part-I](#), [Part-II](#), [Part-III](#), [Part-IV](#), [PART-V](#)

In order to perceptively comprehend some of the dynamics behind the latter day Shia Killings in Pakistan, it is pertinent to read the very insightful report convened by the Government of Pakistan for the yesteryear Ahmadiya killings in 1953, titled: [The Ahrar-Ahmadiya controversy Munir Report of the Court of Inquiry 1954](#).

This report which came to be called the Munir Report, sheds a great deal of light on present matters pertaining to the movement toward

No one from the learned audience in the above video asked the distinguished panel of experts carefully assembled by the CFR (whose bios, it was explicitly stated, is on the web and “*in your packets if you are here*”), that how did they suddenly learn that now the public needed only a single doze of inoculation, when just a few months ago it was being heavily promoted as requiring multiple dozes?

No one asked them that where did they get the new scientifically valid data (as opposed to anecdotal one) to change their expert recommendations so rapidly within the span of just a couple of months, when the vaccines for this new pathogen are themselves very new and haven't been around long enough to carry out controlled double-blind studies of their efficacy over the long term to know how many dozes are needed – since the damn virus itself is new and never seen before on planet earth?

And if the older vaccines are imagined by their manufacturers to be very broad-spectrum, as the President of the United States presumed when he ordered several billion dollars worth without testing on the actual new virus, then why did the officials not know how many dozes will be needed just a few months ago? What new data was received in the span of just a few short months between the summer and fall?

And the most crucial aspect to this question, no one asked the distinguished panelists who spoke in all sorts of foreign accents, that if, by their own admission, this 2009 virus is “*novel*” and “*lacks certain signatures which other pandemic*

Shia kafirdom in Pakistan. The methods used against the Ahmadiyas by the Ahrar almost exactly 60 years ago is a mirror image of the methods being used today by the Tafriki-Lej-alphabet-acronym-soup (enumerated in my article: [Some Context for What's Transpiring in Pakistan and What Not to do in the Upcoming 2013 Elections](#)) against the largely defenseless and unarmed Shia Muslims of Pakistan.

The key difference to me between then and now is exactly one (apart from the palpable fact that it was Ahmadis then and Shias now):

Then the government was incapacitated into taking no action against the Ahrar's terrorism due to political considerations in the fragile new Pakistan, and inadvertently let the conditions between 1948-1952 exacerbate by wavering in its determination to curb the politically motivated religious fanaticism of the Ahrar leading to the riots of 1953 in Punjab against the Ahmadis and the concomitant declaration of Pakistan's first martial law in Punjab. In other words, then, as is evident from the Munir Report, the situation was created due to political incompetence and political calculus of the political officialdom in the new Pakistan that the law and order deteriorated to that extent. Meaning, the officialdom did not want it, and the Ahmadiya killings occurred because of keeping political stability was deemed more important than immediately curbing the law and order situation with a just but unflinching hand and possibly exacerbating the situation.

Whereas today, virtually all the power-wielders in Pakistan, some within the govt., both federal and state, I am sure also district down to the local thaana (police station) level, and some within the Military and nearly all of the intelligence apparatuses, and some within the media, I would say all the media both local and foreign, and also big businesses (including enterprises like Nestle Pakistan that has been supplying water to the occupation troops in Afghanistan for the past 12 years and part of

influenza viruses have ... which suggest that this virus is not a 1918 like virus ... or 1957 or 1968 virus", then they could not have possibly known of the older vaccines' efficacy on this new virus a priori any more than the newly patented vaccines, and therefore, when did they actually test the vaccines on the new virus and upon whom?

Because, practically speaking, how could they have tested the vaccines on the new virus (for any length of time) when they didn't even know, and surely now don't know, who actually has the virus and who doesn't since *"the CDC abruptly advised states to stop testing for H1N1 flu, and stopped counting individual cases"* way back in [late July 2009](#)?

So, where did the clinical testing data magically come from between the summer and fall, for the expert's statement: *"we thought we were going to need two doses for every adult and since we are – only one dose,"* – [except out of thin air](#) no differently than the missing WMDs in Iraq after the domain experts from that officialdom had [similarly asserted](#) that their "data" incontrovertibly indicated that these were there and about to be launched upon the United States unless the superpower invaded Iraq with the most absolute "shock and awe" immediately?

But the ubiquitous Dr. Nancy Snyderman of NBC says that *"this is one time there is no conspiracy, listen to our government agencies, these guys are telling the truth. You know there is no conspiracy here folks. Get your damn vaccine."* Should we [believe her](#) and dreadfully also await the

officialdom in no less a measure than those officially drawing a salary from the national treasury), comprise the 'new Ahrar'. And, therefore, unlike what one sees in the Munir Report of repeated governmental officials writing memos to senior administrators and leaders to take stern action against the Ahrar, one will surely find no such memos in today's government as all the officialdom is together the 'new Ahrar'. I have already analyzed why I they think the officialdom of Pakistan is the 'new Ahrar' under the title '[The New SAVAK in Pakistan](#)'.

And all indications continue to pile up that the Shias are being goaded into militantly rising up (by killing a sufficient number of them) to create a full scale internecine war in Pakistan; Muslims killing Muslims once again to fertilize the "shia crescent". This is beyond any proxy warfare between Iran and Saudi Arabia, and while its seeds are surely planted in the deep seated shia-sunni differences, these spate of shia killings and the accompanying propaganda warfare upon the Shia Muslims of Pakistan is not due to Shia Sunni issue which is fourteen centuries old.

Both of those aforementioned factors that the media harps about, and the politicians variously draw upon with approaching elections in Pakistan, are misleading and calculated red herrings to disguise the real purpose behind this warfare. Unfortunately, due to the media participation in the New SAVAK project, more and more Shia and Sunni public are both getting confused about it.

Don't get confused ---- it is a fabricated war along the Hegelian Dialectic that I have by now surely explained to death on my website and have now stopped explaining altogether. It's like kicking an already dead dog to death.

But if you do not understand Hegel, you cannot possibly make sense of any of the apparent insanity in Pakistan. It is not insanity, but a calculated game-theory laced warfare being waged upon Pakistan to create a perpetual

inevitable ex post facto "[oops!](#)" for this new nemesis of mankind?

Obviously not one science person in the audience, and those supposedly calling in their questions on Twitter, knew how to add 2 + 2 to become skeptical of the panelists' techno-babble gibberish anymore than any mainstream scientists have been of the [official NIST report](#) on the how the WTC towers catastrophically collapsed into their own footprints due to a short fire. No one among the questioners straightforwardly suggested to the expert CFR panelists that as per their own admission (quoted above), the simplest convincing explanation appeared to be their own one made in jest, that they were indeed artificially manufacturing demand for the swine flu vaccines for their own agendas!

But that's not the end of straightforwardness if one was actually permitted and inclined to ask questions freely as a science person is imagined to be wont. It could have gone straight down hill from there if even one person present had any courage to boldly ask the obvious followup questions and pushed the envelope of the CFR assembled experts' credibility right to the edge. One could, for instance, have put the following biowarfare related burning questions residing on many a skeptic's mind to the CFR panelists and given them an opportunity to counter all the nay-sayers rationally with reproducible scientific evidence rather than disparagingly as was actually done (see below):

a) what role did the secret [bioweapons laboratories](#) and their mad scientists play in fabricating this *never before seen in nature* hybrid virus, as by their own admission its signature is different from all other past pandemic viruses;

b) could they prove that the new virus occurred entirely naturally and that bioweapons labs played no black-ops role in its synthesis and dissemination when it is only they who possessed all the samples from the previous pandemic viruses and could indeed have more easily fabricated the new pathogen to their desired level of deadly pathogenicity than the poor pigs relying only on their natural pig-pens – just like 911 is more straightforwardly explained as an *inside job*, a *coup d'etat*, than as the

enemy for the West.

In the next five years, there will likely arise a "Hezbollah" Pakistan in reaction to the oppression by the New SAVAK in Pakistan, and that is more than arm chair prediction. It is an inevitability if the oppression upon the Shias of Pakistan continues.

One can see that the Shias of Pakistan have been the most docile of communities in Pakistan, largely self-obsessed in their rituals and silently minding their own business amidst all the war on terror being waged upon the world by the mightiest tyrants in the world despite their lofty principled sloganeering that has defined the shia ethos for fourteen centuries. One is forced to wonder why Shia militancy is being "tickled" into existence if not to bring to fruition the long awaited "shia crescent".

Two matched and armed to the teeth nemesis will paint Lahore to Karachi more red than Peshawar to Quetta have been painted thus far unilaterally by the "new Ahrar" and the "new SAVAK".

A smart self-respecting people will surely always rise to defend themselves --- but simultaneously, also refuse to be used as stooges and patsies by declining to become the West's perpetual enemy.

To not make the same national suicidal mistake as Iran takes a lot more wherewithal, national sha-oor, than has been publicly displayed by even the finest in Pakistan. For a nation not known for either the abundance of its intellectual prowess, or the superfluity of its noble integrity, it is not hard to perceive that Pakistan was stochastically designed to be DOA (dead on arrival) into this world.

I will end by quoting the last paragraph of the Munir Report, and if what it says was true then at the very inception of Pakistan, only the janaza (funeral) remains to be recited (I hope of course that I am wrong and persons of great

surprise attack of a disgruntled Ali Baba upon the most armed to the teeth superpower from his underground caves in the Hindu Kush;

c) that, there definitely appeared to be so much incredulity in common in the officially designated nemesis in both cases, Osama Bin Laden and the pigs, that the public insists on seeing some verifiable proof this time around before submitting to the officialdom's remedies and could they kindly provide that proof since their own glowing bios, though undoubtedly stellar, were not sufficient evidence;

d) how could the big-Pharma have filed so many patents for the vaccines before the existence of the new virus itself was known, and remarkably, also just in time to profit from the sudden appearance of the virus as a pandemic, with WHO, CDC, and all governmental agencies coercively pushing these vaccines as the only solution upon the global public while giving blanket immunity from liability to the big-Pharma whose stock has gone soaring, and that why might not one conclude from all this that the pharmaceutical companies knew about the virus and its pandemic breakout schedule ahead of time and they are being given immunity from lawsuit because the vaccines are indeed dangerous and untested;

e) how could they make such [accurate predictions](#) of when the viral pandemic would burst on the world scene, even as a hypothetical case study, as for instance in the Air Force's April 1996 planning document *"Alternate Futures for 2025"* pg. 54 which stated: *"in 2009, when an influenza pandemic struck"*, and in IBM's 2006 interdepartmental memo whose very first bullet item stated: *"There is a 100% chance that a Pandemic will occur within the next 5 years"*;

f) that could they explain scientifically, how such predictions could be accurately made to come to pass by just the laws of chance on something as unpredictable as a mutating virus, without someone deliberately bringing it to fruition?

One could have further challenged the distinguished

commonsense will miraculously come to the forefront of national leadership to untie the Gordian knot so craftily tied on Pakistan's destiny on the Grand Chessboard):

"And it is our deep conviction that if the Ahrar had been treated as a pure question of law and order, without any political considerations, one District Magistrate and one Superintendent of Police could have dealt with them. Consequently, we are prompted by something that they call a human conscience to enquire whether, in our present state of political development, the administrative problem of law and order cannot be divorced from a democratic bed fellow called a Ministerial Government, which is so remorselessly haunted by political nightmares. But if democracy means the subordination of law and order to political ends—then Allah knoweth best and we end the report."

CFR panelists at this point by asking whether they were aware that the pandemic served CFR's own diabolical agenda of creating ***"an end run around national sovereignty, eroding it piece by piece [to] accomplish much more than the old-fashioned frontal assault"*** as was blatantly stated by CFR's Richard Gardner in the April 1974 Foreign Affairs article *Hard Road to World Order*, and that they, as stellar scientists, but perhaps un-learned in the ways of *Machiavellian social engineering*, were being played as mere pawns for creating justifications towards that globalists' agenda?

Obviously, not one person in that carefully screened audience had ever read anything other their own science and medical text books. But strangely, no one from the internet Tweeted in those kinds of questions either (sic!). Indeed, one erudite questioner in physical attendance, someone who identified himself as being affiliated with Cornell Medical School (the man pictured in the CFR video image above), even preemptively described any skeptical questioning by the ever growing coalition of bipartisan nay-sayers in the world, as a sort of ***"Hitler-Stalin Pact"*** in this disparaging way:

"I think we are all aware that the anti-vaccine movement is having a field day on the internet and on media outlets like Fox News and so on, and causing reductions in vaccine uptake. THE CONCLUSION

H1N1 Conclusion: Whether or not there is a real Swine Flu pandemic raging, whether or not it may be real biowarfare, or mainly psyops being waged upon the unsuspecting world's public in combination with other fabricated global threats, I am saying 'NO' to Swine Flu Vaccination. All this heavy-handed hullabaloo appears to me to be yet another “war on terrorism” to fabricate a global pretext for quite a different agenda from the

publicized one. The real agenda this time around being to inoculate the world public with something inimical in the guise of fighting the pandemic. This is more than simply an attempt to sell vaccines of dubious efficacy for hefty corporate profiteering. It suspiciously appears to be the new “*imperial mobilization*” of the long wished for population reduction agenda, ‘to “*prime*” *populations worldwide*’. The threat of the A/H1N1 virus killing some (or many) people may well be real even if manufactured, just like 911 – the “*new pearl harbor*” – was a real demonstration of fabricated threat by controlled demolition which killed many thousand people. But under these dubious ‘sky is falling’ conditions made to “*look like a great ‘booming, buzzing confusion’ to use William James’ famous description of reality,*” the most rational and commonsensical course of action under conflicting claims of vaccine safety and efficacy backed by draconian ‘police-state’ policies to forcibly administer it: 1) take one’s statistical chances with the “pandemic” rather than with its forced “cure”; 2) permit the human body’s own natural defenses to fight the disease if infected, rather than be aided into oblivion by its purported helper, the vaccine! Zahir's take: Wonderful stuff! The technical analysis will surely continue to be rehashed for another two hundred years. However, the political analysis trumps it – just like Machiavelli trumps a thousand brilliant scientists and engineers in every era – **a prima facie “Operation Canned Goods” to launch “imperial mobilization”.**

That half sentence worth of political analysis was done within the first day by this scribe, and confirmed to his own conviction by re-reading *'The Rise and Fall of the Third Reich'* and *'Mein Kampf'*, followed by *'The Grand Chessboard – American Primacy And Its Geostrategic Imperatives'* and *'The Clash of Civilizations and the Remaking of World Order'*, starting the very first week of 911. “How did I learn about these plans? I actually only uncovered PNAC, JV2020, and the Wolfowitz's chauvinist doctrines of preemption that he had supposedly been pushing since 1990, after 911, when I started scratching my head at the inexplicability of it all the moment some 19 Muslim hijackers' names were announced, and the public was informed that they had learnt flying on flight simulators and had told their instructors that they weren't interested in learning how to land! If Bin Laden was so smart at having planned such an outrageous attack and counted on such brilliant executioners who did it so flawlessly after only learning to fly on simulators, he was pretty stupid at having enlisted idiots who would deliberately leave such a trail of evidence behind, including statements that they weren't interested in landing – so that either they would risk being uncovered before the attack, or their attack foiled while in progress, or after a successful attack, America would know exactly whom

Only one of these aspects could be true, either they were brilliant military tacticians and strategists, or nincompoops from a three stooges movie who succeeded despite themselves, but the incongruence could not exist simultaneously on this large scale military style invasion project, except in a Hollywood spoof.

Having already read Brzezinski's Grand Chessboard and Huntington's Clash of Civilizations several years earlier, I immediately grasped the new pearl harbor concept the moment America deployed to bomb Afghanistan without adequately explaining or investigating any of the events of 911. ...

I started to reread Brzezinski and Huntington very carefully once again, then reread the entire voluminous Rise and Fall of the Third Reich, and the Mein Kampf of Hitler. The similarities between the rising crescendo of WMDs and the propaganda that William Shirer had recorded as having transpired in the Third Reich, and the similarities between ZB's and Hitler's descriptions of their respective imperatives and how to get them, were ominous, except that ZB's were more polished and more sophisticatedly put. I got really paranoid as many more light bulbs went on in my head which had not gone on when I had originally read them. I had just taken Brzezinski's book as theoretical, as being from the pen of a

Cold War warrior now retired and indulging in some arm chair warrior fantasies. I didn't understand that hectoring hegemony never retire until they are six feet under. I had also dismissed Huntington's book as an ignoramus's work not to be taken seriously, as it was replete with obvious disinformation and tortuous conclusions that were easy to spot by anyone who knew anything about the subject. Now both were being egregiously put into practice, and the latter's book did not appear so silly anymore, but rather shrewd and calculated.

The first time I had read Huntington with the lens of 'here is an interestingly titled book from a prominent Harvard professor, let me see what he has to say'; the second time I read it with the lens 'let me understand how deception is created and its seeds planted in a free society that is not too knowledgeable about the rest of the world'. The second reading showed that the obviousness of his distortions, coming from a top branded American University like Harvard, had some deeper strategic thinking behind it. Huntington is also involved in national security and other strategic studies as a prominent professor and intellectual at Harvard, and couldn't be just a simple moron like Harvard's President, Lawrence Summers, who recently claimed women were inherently not as smart as men. I was wondering how people like that become president at prestigious American universities, until once again I uncovered during my research that the same Harvard President had also written how the industrialized nations should dump their waste in developing nations while he was at the World Bank in the 1990s. With Wolfowitz now as the head of the World Bank, it is only shortsightedness to underestimate the power of the dark side, or the people who wield it. to the topic at hand is systematically dismantled in Chapter 9. Based on this new found respect of the doctrinal scholars for their craft, and realizing that we were entering a phase with the hastily approved Patriot Act I that could only lead to the Fourth Reich in America, I started attending antiwar teachins and protest marches with my family, and began talking to prominent Vietnam war dissenters about governmental lies.

And that is when I first heard about the PNAC – from antiwar teachins. **Ordinary people like me, engagingly concerned about what was happening, had uncovered more material from public sources and the analysis of history, than the entire mainstream scholarship and media apparatus in the United States of America.”**

At least now, 12 years later, get your collective heads out of your brilliant technical analyses! Develop some political wherewithal of hegemonic statecraft: could any nation, let alone ordinary people, during the Third Reich, do anything about its Operation Canned Goods to launch its quest for their Lebensraum, except to militarily confront the Third Reich?

Why do you think it is different for confronting the Fourth Reich; for their new “Lebensraum” of world government?

Oh, but the same guy who explains the legal definition of “conspiracy” in the documentary above will rush to call that quest for world government a “conspiracy theory” – but hopefully not (See **Anatomy of Conspiracy Theory** <http://tinyurl.com/anatomy-of-conspiracy-theory>).

Here is a funny fact: The same fellow who started the World Trade Center project is also the exponent of world government. He is also the former head of the Council on Foreign Relations which is driving the agenda of Global Governance by open declaration of its modus

“Bed-bugs cause smallpox! I had no idea. In Pakistan, as children, like all of our generation in most developing nations, we were inoculated against smallpox and I remember being taught that it was spread by human contact!” --- Zahir Ebrahim's

operandi: “an end run around national sovereignty, eroding it piece by piece”.

And here is another funny fact: No military interdiction to counter that revived quest for a global “Lebensraum” is possible today. World Government is a macro fait accompli.

A few more “Operation Canned Goods” will surely be required to incrementally induce micro fait accompli in baby steps, to piece meal cement the journey in its each successive stage to make turning back impossible or impractical from that stage, which brilliant people will also continue to talk about for many more decades to come.

That's the great brilliance of the ever sleeping American mind chasing its American Dream – never the ability to preempt abhorrence by learning from history; only the belated “wakeup” to continue talking about history, ex post facto, for years and years to come. It is an entire [industry](#). (Scroll down about mid way on this page and you will see: 'A strange cast of characters among 9/11 Truth Leadership' in the [sidebar below](#))

Well, guess what? Machiavelli knows that too: Convince People of Absurdities and get them Acquiescing to Atrocities – the first rule of hegemony when “democracy is inimical to imperial mobilization”. Afterwards, if the public ever wakes up (when their own burden becomes too high), its enlightened scholars, scientists and historians, and the odd ball rebel of conscience can study the fait accompli all they want:

“We're an empire now, and when we act, we create our own reality. And while

you're studying that reality — judiciously, as you will — we'll act again, creating other new realities, which you can study too, and that's how things will sort out. **We're history's actors . . . and you, all of you, will be left to just study what we do.**" — Senior Bush Advisor, [The New York Times, October 17, 2004](#)

Focus on the **political science** — not the technical science! The political science is ancient, the technical science is rapidly evolving. It will continually create new technological demonstrations and most imaginative catastrophes to *shock and awe* the public mind, to repeatedly herd its instinct for self-preservation into the same 'United We Stand' state as was done on September 11, 2001. **And you, all of you, will be left to just study what they do.** Sun Tzu captured the obviousness of it with remarkable eloquence when defining the characteristics of a true warrior in the Art of War 2500 years ago:

“To lift an autumn hair is no sign of great strength; to see the sun and moon is no sign of sharp sight; to hear the noise of thunder is no sign of a quick ear.”

The shrewd public warrior now finally awake from the American Dream and into the American Nightmare, **anticipates, prepares, calculates, and preempts**, rather than narrate after the fact sheepishly clamoring for **“New Investigation”** from the same wolves who slaughtered the lamb in the first place! He astutely comes to understand the **“forces that drive them”** and formulates strategies to counter that, instead of chase their myriad effects. As Bernard Lewis of Princeton University had explained in his propaganda manual *'The Crisis of Islam — Holy War and Unholy Terror'* to reinvigorate the **“doctrinal motivation”** for America's war on terror:

“Terrorism requires only a few. Obviously the West must defend itself by whatever means will be effective. **But in devising**

“It is not a world that any of us would want to live in. Is such a world inevitable? It is not sure but there are two possible ways by which a world of 10 billion people can be averted. Either the current birth rates must come down more quickly or the current death rates must go up. There is no other way.” --- Robert McNamara, Speech to International bankers as Head of the World Bank, October 2, 1970, cited in [Population control, US bio-weapons research, McNamara, Rockefeller, and AIDS](#)

Eustace Mullins' 1988 underground classic [Murder By Injection](#) also speaks to the same conspiracy by the Rockefeller controlled medical profession — to vaccinate people to death and to blame it on natural causes. The [Swine Flu Pandemic of 2009](#) came to underscore the same [conclusions](#).

But what really is the real truth regarding modern medicine?

Is it pro-life (“Primum non nocere”: “First, do no harm”), or is it pro-population reduction (see [United Nations Agenda 21, condensed version, 10 minutes dummies' version, The Move to Depopulate the Planet By Stephanie R. Pasco, Codex Alimentarius & Nutricide by Dr. Rima Laibow](#), etc.)?

If it is the latter, then how comes whenever I go to the doctor when I am ill I usually come back healthy — I should be dead by now if they were really trying to kill me! But if they are really trying to heal me, why do they preclude the development of other non big-Pharma related modalities of health care, such as alternate medicine?

means to fight the terrorist, it would surely be useful to understand the forces that drive them.”

Ushering in Big Brother: Inventing the CMOS Imaging Sensor - Good or Bad?

[The Fable of the Bees and the Seduction of Science and Technology](#)

“Societal issues questions baggage I have been carrying around with me for a few years and I am going to unload on you ... There is another set of issues which is loss of privacy from all this networking. When I first invented this CMOS image sensor technology we got a little bit of publicity and a reporter for the BBC radio came and talked to me, interviewed me, and he said: 'so tell me how you feel about the fact that now Big Brother is gonna be able so spy on us a lot better with all these cameras'.

And I said:

'oh it's not really a problem because there is not enough people to watch all the video screens and all cameras that are out there and we don't have to worry.'

But to my surprise, and chagrin a little bit,

Caption Professor Steven Jones of BYU (standing second from left) officially appointed in 1989 by the President of the United States, George H.W. Bush Sr., as an establishmentarian scientist to lead the DOE investigation into the potentially revolutionizing discovery of Cold Fusion. Can a George Bush Sr.'s trusted establishmentarian scientist suddenly become a genuine dissenting scientist against the same establishment in George Bush Jr.'s administration as anything other than controlled opposition? Steven Jones immediately rises to become the most prominent leader of 9/11 Truth seekers who even want to award him the Nobel Peace Prize! Hmmm.... watch the video above and click on the image of Steven Jones with Bush Sr. to read more about his previous role in Cold Fusion. We learn from history – or is that merely a cliché to use ex post facto in pedantic papers and history books?

you know now computers can analyze images, and computer systems can track you based on facial recognition software from camera to camera to camera, as you might move around in a highly surveilled city for example.

And, so that means that you will be tracked and all your activity completely logged. It's on your permanent record now, whatever you did, or something you really don't want people to know about.

You know, is that a good thing? I don't think so. I feel like it's an invasion of my privacy.

...

I don't really like this application of my technology. There is nothing I can do about it, I have now unloaded that on you, so thank you.

We'll get back to the science and technology now, but I hope you also worry about these things and I especially hope you figure out what we are gonna do about this in the future."

--- Dr. Eric Fossum, inventor of the CMOS imaging chip, the "camera-on-a-chip" technology which "is used in nearly all camera phones and webcams, digital-still cameras, high-speed motion capture cameras, automotive cameras, dental x-ray cameras, and swallowable pill cameras."

Hear the bold proclamation on [global governance](#) by the EU president: *"2009 is also the first year of global governance.... The climate conference in Copenhagen is another step towards the global management of our planet."*

The only people who are evidently unaware of these real-world developments, are the 9/11 Truth Movement born-again zealots – or, at least, they seem to behave that way when Pollyannaishly broaching their “new investigation” treadmill.

I haven't paid much attention to the 9/11 Truth Movement people because I have found them patently silly in their prime demand: new investigation. By who? Of what? There is no crime scene hard evidence preserved. And when the judge, jury, executioner, sheriff, and posse, all work for the same club, the club of "imperial mobilization", what sense does new investigation make? vaunted UN, as baby-step towards accomplishing more world government. Now local crimes are investigated by a global body – a justification solidified, since none of the national authorities are deemed capable of it for one reason or another! After my brief communication with the 9/11 Truth movement cheerleaders and scientists, I had given up on anything useful coming out of this lot except hard runs on the treadmills of inefficacy. And they are at it again.

What's the point of the following stated agenda of the Toronto Hearings when all Western governments and international agencies are conniving to usher in world government which was enabled by 9/11: ***'(3) To submit a record and a summary of the Hearings, together with signed Statutory Declarations by witnesses, to relevant governments, groups and international agencies with the request that a full and impartial investigation be launched into the events of September 11, 2001'***?

I would suggest that they have been shepherding the well-intentioned conscionable peoples, citizens, anonymous good hearted folks, who were and are waking up ex post facto of Iraq invasion of 2003, lest the sheep wakeup too violently! Just get them to [speciously](#) demand a "new investigation"!

I wonder what these brilliant scholars and scientists and theologians where doing in September-October of 2001 when Afghanistan was being prepared to be bombed to smithereens? And in 2002-2003 when Iraq was being prepared to be "shock and awe[d]"? But suddenly, in 2004, these "experts" began to burst onto the public scene to become leaders of other ordinary mortals not endowed with brilliant titles like these scholars and scientists, who were also waking up slowly to the commonsense reality that no WMDs were found in Iraq? That steel buildings couldn't just collapse like that? It took David Griffin to write the New Pearl Harbor three years after 9/11 when a simple attendance at any anti-war teach-in during 2001-2003 protest demonstrations would have informed anyone principled enough to oppose the slaughter of

innocent 'lesser peoples' of that fact?

Imagine that Richard Gage [advertised](#) on his website, by implication of comparing Steven Jones to Linus Pauling, that a Nobel Peace Prize might be in it for the new comer: ***“Steven Jones' call for a "serious investigation" of the hypothesis that the WTC 7 and the Twin Towers were brought down, not just by impact damage and fire, but through the use of pre-positioned cutter-charges" must be the rallying cry for all building design experts to speak out. Dr. Jones is following in the footsteps of Dr. Linus Pauling of the California Institute of Technology, who rallied his fellow scientists to oppose the development of the Hydrogen Bomb and the testing of nuclear weapons. He was later awarded the 1962 Nobel Peace Prize for these efforts.”***

The same Dr. Jones who is pictured with George H. W. Bush Sr., above, being appointed by the herald of the “New World Order” to scuttle the discovery of Cold Fusion? No – must be some other fellow.

But still, Nobel Peace Prize for what?

For co-opted fools and mercenaries without conscience suffering from the superiority complex of silently watching the spectacle of genocidal slaughter of the 'untermenschen' on their telly and not uttering a public word of protest while Afghanistan and Iraq were decimated with “shock and awe”?

Or, for being further set-up as glorified “collection agents” for type-2 ordinary citizens; to attract those ordinary peoples who are finally waking up to the reality that 9/11 was an “Operations Canned Goods” as they lose their own skirts and shirts while their own nation descends into a police state? No they didn't protest when it was happening to that other

fellow over there, but Machiavelli knows that they will protest when it starts happening to them right here at home. He is ready!

See [this report](#) to understand “type-2” and the political science of manufacturing dissent as an integral part of social engineering of consent. “Type-2” is Adolph Hitler’s categorizing of people who “wake up”, who were formerly “type-1”, the flag-waving and/or silent bystanders of mainstream with their full faith in their government. They suddenly “wake up” with lost faith in government. Virtually the entire majority of “9/11 Truth Movement” rank and file appear to be mainstream waked-up citizens whose newly awakened conscience and skepticism is being corralled into expending their energies on specious pursuits of what is already a fait accompli. All “type-2”.

These good and noble citizens of empire, benefiting from its loot and plunder of the rest of the world – ahem, the hidden hand of the market backed by the hidden fist, as [Thomas Freidman](#) put it in the NYT – in what became known as the ‘American Dream’ (see [Unveiling America’s Secret History](#)), can no more think independently without a pied piper leading them as the new dissentstream, than they could as the silent majority of mainstream. In either case they must be led. They look to “experts”. So “experts” are provided to them. And led they are, to the same pastures of ensuring that fait accompli of “*imperial mobilization*” is not impacted by their loss in faith in government. Read the aforementioned [report](#) to perceptively understand this straightforward mechanism of predatory statecraft in Western “democracies”.

And read [this analysis](#) to acutely comprehend the concept of [fait accompli](#) and the role of absurdities in political science. Unless you can insightfully understand that, and shrewdly begin to identify and eschew your fabricated leaders who are now your new pied-pipers, you will never comprehend how you are being taken for a ride no differently than when you were part of

Hidden No Longer:

the flag-waiving mainstream! And it doesn't matter how many credentials you have, or what your station in life is. These matters are not decided by socio-economic, race, or class status, but by indoctrination and ability to think independently. Both of which are entirely wealth and college degrees agnostic.

For today's dissent-chiefs: It doesn't matter if you have a Ph.D. from MIT or Caltech – the Nazi Scientists, hard and soft, meaning, from physicists to social-psychologists, were far more brilliant than many coveting the Nobel prize in Physics in America today. And they stood United with their Führer too, at the peak of the Third Reich's hubris. Then they came over to America as defeated brilliance, often under new identities – “Operation Paperclip” – to run your science in America, blithely stating, and believing, as is famously quoted from the father of the rocket who ended up heading NASA to send America to the moon: *“our job is to send it up, what does it matter where it comes down.”*

If you didn't speak-out then, didn't protest then, didn't put your jobs and your life on the line in orchestrating nation-wide protests of the kind witnessed during the tail-end of the Vietnam War when your own peoples' body-bags were in ample display – a lesson many of you learnt while still in college during that most recent yesteryear – and you are suddenly prominent dissent-leaders today having silently watched tens of thousands of innocent 'lesser' civilians not even get a used body-bag, never mind a Muslim burial in DU soaked lands, I have to wonder about this sham.

It can only succeed in brain-washed, or perhaps brain-dead America!

Why should damn fool “leaders” be welcomed by ordinary peoples? Damn fools who are asking the same ruling powers to investigate a fait accompli – like asking the robber to investigate his own crime, and the judge is the robber's father, the jury are his fraternity all having benefited from their brother's crime, and the other rulers being appealed to are part of the same Mafioso pact?

Just Look at the absurdity of this obsession in the larger global context:

the invasion of Poland is a fait accompli;

the slaughters of the 'lesser peoples' are continuing on both the Eastern and the Western front; France and Western Europe is militarily occupied;

the Allied fire-bombings of occupied cities and Germany is at its peak killing more innocent civilians in the most atrocious manner than those killed by the Nazis in their hideous concentration camps;

Nuremberg is a distant memory;

the next nations to fall to “democracy” and “revolutions” in prelude to invasion and occupation, are along the rapidly expanding “arc of crisis” in the “global zone of percolating violence” and already visible;

and some brilliant scholars are discussing the how-tos of “Operation Canned Goods”?

An even greater absurdity is that these wise savants are making appeals to the Reich's

And the greatest absurdity of it all is that they don't see that “*Operation Canned Good*” enabled the world government of Mein Führer's long-held dream, and all rulers in the dominion are now his lieutenants?

Those absurdities can only happen in two places in all of creation:

One, in Alice in Wonderland – the creation of the fertile imagination of an allegorical novelist for school children's reading pleasure and adult contemplation.

Two, in a nation so dumbed-down that they can no longer even use an iota of commonsense to rationally add two plus two to come up with four – the creation of the diabolical imagination of Machiavelli and its social engineers to ensure that the self-inflated with superiority-complex public continually look only towards designated “experts” for the answer to even simple arithmetic, to be happy when they invariably get “five”, and run helter-skelter with their new discovery!

For a country that can sense what is deep within the bowels of the Earth and in the farthest reaches of the heavens, that seeks "**full spectrum dominance**" of air, land, sea, space, cyberspace, et. al. in its own military doctrines, and that publicly warns in its strategy documents that the only way for it to embark on this "**imperial mobilization**" is an increased military budget that can only come about in a "**new pearl harbor**", 9-11 has only one reality – self-inflicted. --- [Chapter 2: Don't Ever Ask "Why is it possible to hate America" Prisoners of the Cave](#)

As Arundhati Roy put it in a speech: “***Yours is by no means a great nation – but you could be a great people – history is giving you the chance – seize the time.***” I am betting that the conscience of its own people will prove to be the real fifth column in the United States of America. Perhaps somewhat idealistic, but it is precisely ideals that seem to be lacking in the collective wisdom of this nation, where mostly everything is viewed from the distorted prism of the pragmatic, the expeditious, the instantly gratifying, and the “**might makes right**” imperial sight. Modernity Simplified

What is all this verbiage by Project Humanbeingsfirst™ really all about? Is there a reductionist and simplified explanation at the level of a 'poor-man'?

Yes. In the simplest terms: 'Might defines right'.

This leads to “*Hegemony is as old as mankind*”.

That in turn leads to the following psychological pathocracy – some call it empire:

If we don't have real enemies then we have to create or imagine some, and yell '**we are being attacked**' in order to, principally:

a) justify one's hegemonic barbarianism upon others; and

b) motivate an unwilling plebeian peoples into sacrificing for the conquests of the oligarchic elite.

Euphemistically, today as the winning empire, this is called “*imperial mobilization*”.

Grotesquely, for previously defeated empires, it is called “*quest for Lebensraum*”.

That's all there is to it.

All which follows is only in further examination of how that is accomplished under the veneer of “democracy”, because, in the absence of such deception, “*democracy is inimical to imperial mobilization*”. That quoted statement was made by Zbigniew Brzezinski in his 1997 book: The

And, by the verdict of your own logic of 3000 innocent victims killed by "Al-Qaeeda" on 9/11, what of the several million INNOCENT CIVILIAN VICTIMS barbarically murdered by the United States in Afghanistan and Iraq in [retaliation for 9/11?](#)

Grand Chessboard – American Primacy and Its Geostrategic Imperatives.

This “quest for Lebensraum” (German word for acquiring more space as an imperative), ahem, “*imperial mobilization*” of the ruling oligarchy, the *ubermensch* (German word for superior, above all others), just happens to be the age-old quest for one-world government in disguise.

It is to be achieved piece-meal, incrementally, one fait accompli at a time, one fabricated crisis at a time, one manufactured war at a time, one real or imagined pestilence at a time, and one catastrophe at a time.

The psychological pathocracy of modern statecraft requires continuous threats, crises, and uncertainty, to corral the democratic instincts of the modern public into accepting the unpleasant totalitarian agendas of the ruling oligarchy.

The solution presented for addressing each uncertainty is the next baby-step towards centralized global control of all humanity in a global empire of the financial oligarchy.

That world order, the new world order, as we can already perceive even in its initial stages, is governed with moral relativism wherein, legal opinions as those proclaimed by a United States Justice before its Supreme Court, prevail:

'Nothing is more certain in modern society than the principle that there are no absolutes, that a name, a phrases, a standard has

meaning only when associated with the considerations which give birth to nomenclature. To those who would paralyze our Government in the face of impending threat by encasing it in a semantic strait-jacket, we must reply that all concepts are relative.'

The term 'oligarchic elite' refers to people who are several notches above – and more hidden from public view in their enormous wealth and their secretive exercise of 'social engineering' – than what is typically understood by the term 'ruling elite', or simply the 'elite'. The latter often refers to the generally affluent 1% of any society, more interested in being rich and running corporations than in 'social engineering', and many among them can be found in the Forbes' richest people listing.

But one will never see a Rothschild, or David Rockefeller listed in Forbes' billionaires list. That's perhaps because they are trillionaires, with all their massive wealth legally hidden behind private tax-exempt foundations, and in their opaque ownership of private banks, which in turn own many a private central bank! They can muster vast sums of private monies for 'social engineering', and administer untold funds through their tax-exempt foundations and think-tanks. They are the proverbial 'king makers' who craft 'errand boys' to do their policy bidding.

To unmask them all before fait accompli is Project Humanbeingsfirst's imperative – i.e., before it's all a done deal.

Ex post facto, narrators can rehearse the deceptions and their disentanglement all in the comforts of one-world government. And of course laugh their way to fame and fortune just as today's narrators call it erudite scholarship to openly rehearse the settlement of the Americas and the genocide of millions of its indigenous peoples.

[But until then, 2 + 2 is always 5 whenever OCEANIA is at perpetual war with the dark murdering armies of EURASIA – watch modernity scripted in George Orwell's movie “1984” below](#)

• **“To those who would paralyze our Government in the face of impending threat by encasing it in a semantic strait-jacket, we must reply that all concepts are relative. --- Justice Vinson, U.S. Supreme Court, 1951, re-formulating the finer points of law in Newspeak, Justice in the Service of Empire**

• **“Those who can make you believe absurdities, can make you commit atrocities --- Voltaire, The Enduring Power of Machiavellian Political Science**

Even the sixth graders in elementary schools today throughout the North American continent learn of the choice between the gattling-gun (force) and the small-pox laden bacteriological warfare (treachery) magnanimously offered to the indigenous natives, without batting their own eye-lids or offering a few tears in compensation.

Detachment from history and from previous generations who inflict crimes upon the 'lesser humanity', the '*untermenschen*' (German word for 'lesser peoples'), evidently washes away both the evidence and the guilt. But not the bold and often truthful narratives which become openly public, and their bearers lauded scholars and touted academics.

In the transition to the modernity of today, the euphemisms have become considerably refined with the march of Western civilization. It is now the more egalitarian choice between “democracy” (euphemism for force) and “revolution” (euphemism for treachery) under the dialectical “*either you are with us, or you are with the terrorists*”, that is being magnanimously offered to the indigenous natives along the “*arc of crisis*” in the “*Global Zone of Percolating Violence*”. The objectives unfortunately remain the same as in antiquity – by hook or by crook usurping what does not belong to one. The two quoted descriptive phrases are once again Zbigniew Brzezinski's, respectively from a January 15, 1979 Time magazine article titled 'IRAN: The Crescent of Crisis', and from Brzezinski's already mentioned 1997 book.

Thusly, in the case of our modernity as well, perhaps only our progeny might also bear truthful witness to the crimes and sham of

And as the sighted can already see, like the **"Big Brother"** of **OCEANIA**, the rulers of United States of America using their own Newspeak and the savagery of fabricated wars against "barbarians", transformed their own nation into a Police State while its indoctrinated masses, its pathetic "House Negroes" and immigrant "Uncle Toms", [insanely cheered](#) **"United We Stand"** against [Islamofascism](#).

intellectualism of their hypocritical ancestors – scholars, leaders, military-men, holy-men, politicians, teachers, news-bearers, both in the West and the East, on the left and the right – who hath proclaimed to stand for truth, but who only aided and abetted vile hegemonic power with their own convolutions and confabulations. Modernity du jour is entirely unwilling to unravel their confusing and deceptive narratives.

We must wait a 100 years, or perhaps only 20, before anyone who is a somebody will again truthfully proclaim how new 'smallpox laden blankets' were used to fashion one-world government. Before then, it is all to be dismissed as 'conspiracy theory'.

This is why, as had been self-servingly predicted by the Council on Foreign Relations in 1974:

'... it will look like a great 'booming, buzzing confusion' to use William James' famous description of reality, but an end run around national sovereignty, eroding it piece by piece will accomplish much more than the old-fashioned frontal assault.'

That, in the simplest of terms, is Modernity Simplified to the level of a 'poor-man' (i.e., one with limited ability, or time, to carefully read, write, and reason about the times one lives in).

Thus it is completely independent of all co-opting pressures, except perhaps that of the proverbial loaded gun with its trigger cocked when put to its head. When that happens, you may know it – look for complete silence, echoes of the hectoring hegemons' own core lies and axioms, and political science absurdities. *It is entirely your responsibility to adjudicate Project Humanbeingsfirst's bombastic self-portrayal; to carefully validate its reports before accepting any opinion, informed or not, on the mere basis of its self-serving claim to forthrightness; and to think for yourself. We fervently hope that you, Professor Francis Boyle, might be such a person. That you will file pertinent charges in the ICC, for both culpability and restitution, on behalf of the untold millions already dead in Iraq and Afghanistan, many more suffering with their entire national fabric, ancient heritage, and even their DNA despoiled in a crime so stupendous that **“it is a mystery whose parallel may only be the one of Sinai**

For surely, it is inconceivable that you make complete obeisance to Western standards of morality by focussing on this lower order crime in the presence of un-addressed higher order monumental crimes – a morality which brazenly asserts from the highest pulpit of law in this land of the free:

“Nothing is more certain in modern society than the principle that there are no absolutes, that a name, a phrases, a standard has meaning only when associated with the considerations which give birth to nomenclature. And that, as you pursue the highest order crimes, you will not shy away from going directly for the jugular of the prime-movers behind the scenes of all the war-mongering 'errand boys' fronting for them in the Western capitals as the duly elected representatives of a duped Western peoples, including those presently occupying the White House. Attempted prosecution of state-criminals on 'petty charges' without also prosecuting their criminal aiders and abettors who 'legalize' and propagandistically justify their brazen acts of aggression, and therefore are entirely culpable in toto for “*all the evil which follows*”; staying silent on punitive as well restitutive compensation for their victims, is a legal sham that is only waiting to be torn down by some courageous people. We hope, Dr. Francis Boyle, that you might be one such precedent setting spark which ignites the moral imagination of many to follow. The world has had enough from the dispensers of victor's justice!

Additionally, in principle, Project Humanbeingsfirst.org supports all effective measures which attempt to bring the entire hierarchy of monumental criminals to fair justice. As is often the case with victor's justice

however, and with those in the victor civilizations pursuing their notion of justice against the criminals in their own midst, the big picture is being silently swept aside in the “**Bush To The Hague!**” Campaign. That moral campaign should rightly be “Bush-Obama-Congress-Foundations-Banksters To The Hague” Campaign. And a similarly appropriate one waged in the UK and the EU.

It is not sufficient, in the view of Project Humanbeingsfirst, to pursue lower order crimes and charge the lower-order errand boys for these crimes, while staying eloquently silent on the most significant crimes and neglecting to seek restitution/compensation/punitive-damages for the most significant of its victims! While the old errand boys out of power are being pursued with vigor, a new crop of errand boys are already in-charge committing new monumental crimes without inhibition. What rational commonsense does this make? Are we to presume that morality in modernity is inversely proportional to rationality and commonsense? That millions of 'untermensch' victims are to simply remain nameless and faceless statistics to build careers and glossy prize-winning narratives on? We certainly hope not!

To put efficacy into the matter of stopping crimes against humanity before they transpire rather than lament in futility afterwards with vacuous pledges of 'never again' with Public Relations show trials and new museums, the perpetual prime-movers of wars pushing their insidious multifaceted agendas behind the turbulence of wars have to be neutered. Their enormous power and influence stemming from their infinite wealth that is legally sanctioned to them by the law makers who represent them in governance, terminated. Where is the precedent for that being set?

It wasn't even set at the Nuremberg Military Tribunals when Dr. Hjalmar Schacht, the former governor of the Reich Bank – the bankster who orchestrated the financing for Hitler's war-machine with funding from Wall Street and the

City of London financiers – went scot-free! Just that tiny point of incontrovertible fact proves the truth of this open letter and demonstrates the enormous power of the prime-movers which is being swept under the rug by focussing on their errand boys. These errand boys are untouchable so long as their godfathers protect them, except when made dispensable and administered the victor's justice as at the Nuremberg Trials.

We hope this minor oversight will be rectified.
